Every Red Tag means a bargain

We find ourselves heavily overstocked in all our lines due to heavy purchases last fall and to slow purchases caused by unsettled business conditions since. Notwithstanding the size of our big store we are seriously handicapped for want of room for display purposes. To remedy these conditions we have inaugurated a RED TAG SALE in order to quickly dispose of all surplus stock of Furniture, Sewing Machines, Couches, Carpets, Rugs, Baby Carriages, Trunks, Suit Cases, Stoves, Wringers, Dishes, Glassware and other goods found in a first class Housefurnishing establishment. A big RED TAG on which the price is marked in plain figures you will find attached to each article on sale. The cuts are so deep and decisive that you cannot afford to let this opportunity pass. Just think of buying housefurnishings at one-fourth, one-third to one-half off regular prices. For want of space we quote prices on only a few of the many bargains.

Watch for the RED TAGS. Every RED Tag Means a BARGAIN

CAKE WILL WIN.

The Fulton forces, together with the forces of Senator Bourne and the rank and file of the Republican party in Oregon are becoming strongly united on H. M. Cake for United States Senator.

With all the cunning devices of that artful politician, Governor Chamberlain, the confidence in Mr. Cake has not been shaken, and why.

Because Mr. Cake is a good, clean man and nothing can be brought against the record of his life.

Because his campaign has been upright, honest and outspoken.

Because he is a man of undoubted ability.

And last, but not least, because he is a Republican.

If there is a man in the state of Oregon who actually believes in the policies of President Roosevelt and who believes in Republican principles of government, who can give a single good reason why he should vote for Chamberlain, the Gazette would like to hear it.

Where is that Republican who can conscientiously indorse a Republican president and a Democratic senate.

The question of national politics is now right up to the people of this state.

The voters of Oregon who gave President Roosevelt a majority of over 40,000 are not going to reverse their decision by sending a Democrat to the United States senate.

Oregon needs a united delegation, not one that is split and divided, at the national capital.

THE GOVERNOR'S OFFICIAL RECORD.

In his capacity of Governor, George E. Chamberlain has made free use of the pardoning power. Governor Chamberlain has granted 186 full pardons, commuted 90 sentences and remitted nine sentences, a total exertion of the pardoning power during Governor Chamberlain's term to date of 285 instances. Full pardon has been granted to 13 murderers, to six convicted of murder in the second degree and 14 convicted of manslaughter. Two men convicted of murder have had

their sentences commuted.

This is part of the official record of Governor Chamberlain who now seeks to be elected United States Senator for Oregon in the June election against H. M. Cake, and should the vote be close and the element that Governor Chamberlain has favored be inclined to show this gratitude, there are enough pardoned criminals in Oregon to throw the election in his favor. Go down into Portland's Bad Lands and you will find that George E. Chamberlain is hugely popular there.—Portland Telegram.

Weekly Oregonian—Heppner Gazette.

Morrow county has not had a resident representative in the legislature for six years, but we are going to have a good man in the person of T. J. Mahoney, at the next session. Morrow county, like every other county in the state is entitled to and should have a representative. Our representative should be a resident of the county whose interests are here. Tom Mahoney is a good clean, able man. Morrow county should do her best by him.

Chamberlain says that state and country come first in his policy—that is, after Geo. E.

G. W. Phelps has been endorsed by every newspaper in his district. While he has been vigorous in upholding the dignity of the law, he has been just and faithful in performing his duties. No man could be faithful to duty in the office of district attorney without making some enemies. Credit is due him for his good work and for this he has won the confidence of the people who will give him a big majority at the polls on the first day of June. Besides being a good lawyer he is a man of good judgment and we are perfectly safe in saying that for the next four years the office of district attorney will be ably filled. Mr. Phelps' election is conceded without a doubt.

The Portland Journal is greatly in favor of Mr. Chamberlain because he is an advocate of State-

ment No. 1, and greatly opposed to Mr. Cake because he favors State-ment No. 1, but still there is no politics in it.

L. L. Matlock has leased the Perkins hotel bar in Portland for a term of 5 years, paying \$10,000 therefor. Mr. Matlock will spend another \$10,000 in decorating the bar, which will make it one of the handsomest in Portland.

That Big Dinner.

Don't forget it. On election day, June 1. Next door to Scrivener's blacksmith shop—the old restaurant. Go hungry; eat all you want to pay for. Ice cream in the evening. Elected or defeated you are welcome.

We Believe

We believe in the goods we are selling, in the people we are selling to, and in our ability to get results. We believe that honest goods can be sold to honest people by honest methods. We believe in working, not waiting, in laughing, not weeping, in boosting not knocking, and in the pleasure of selling goods. We believe that an order today is worth two orders tomorrow, and no man is down and out until he has lost faith in himself. We believe in today and the work we are doing, in tomorrow and in the work we hope to do, and in the sure reward which the future holds. We believe in courtesy, in kindness, in generosity, in good cheer, in friendship, and honest competition.
