

RESUME OF THE WEEK'S DOINGS

General Review of Important Happenings Presented in a Brief and Comprehensive Manner for Busy Readers—National, Political, Historical and Commercial.

Peter Daly, the actor, is dead. Good progress is being made on the Seattle fair buildings.

The Northern Baptist convention for 1909 will meet in Portland.

A statue of the late Senator Hanna has just been unveiled at Cleveland, Ohio.

Eastern railroads will resist the Interstate Commerce Commission's rates for accounting.

Thousands of people are swarming to the Puget Sound cities to see the Atlantic battleship fleet.

A Hoboken, N. J., justice of the peace says he married Anna Gould and Prince de Sagan before they left for Europe.

The airship White Wing, built by Baldwin, is making successful flights in New York. Baldwin was the inventor of the airship at the Lewis and Clark fair.

A Chicago woman brought back to life after being pronounced dead is sorry she was revived. She says her soul traversed a beautiful country in spirit land.

Crop failures in British East Africa is causing much loss of life among the natives. More than 40,000 deaths have been caused by starvation and the government is feeding 50,000 people.

Bishops in the Methodist general conference passed the lie.

France may have to recognize Muli Hafid as sultan of Morocco.

The late Governor Sparks, of Nevada, was a great cattle breeder.

Before the battleship fleet leaves for the Orient it will be reorganized.

Inability to get a board of arbitration is continuing the street car strike at Cleveland, Ohio.

The Presbyterian general assembly wants congress to pass a law making Sunday an absolute day of rest.

Baron Takahira, Japanese ambassador to the United States, says critics of his people are hasty and that war rumors are unfounded.

Admiral Evans has called upon the president and received congratulations on the successful trip of the battleship fleet from the Atlantic to the Pacific.

The government has started a suit for a dissolution of the New Haven road's merger with the Boston and Maine and New England trunk roads.

In an address before the Bankers' club of Chicago, Bryan said unless the people were assured their deposits were fully secured the government will have to start banks.

The Mexican government has started proceedings against Martin Jacoby, millionaire and head of a large mercantile house. He is charged with misappropriating between \$3,000,000 and \$5,000,000.

In a speech at Harrisburg, Pa., Bryan said he favored the direct primary.

Governor Sparks, of Nevada, is very low, and his physicians say he cannot live.

Major James F. McIndee is to succeed Colonel Roessler as government engineer at Portland.

Arbitration of the street car strike at Cleveland, Ohio, has been arranged, but some rioting continues.

One man was killed and 10 injured in a big Chicago fire, which destroyed \$400,000 worth of property.

A tornado passed through a farming section near Clay Center, Kan., destroying much property and killing three people.

The steamer Lusitania, from Liverpool for New York, has beaten her former record for crossing the ocean by several hours.

Oklahoma's state guaranty law has stood the test. A bank failed and inside of an hour the depositors were being paid in full.

Roosevelt is preparing to veto the public building bill if congress don't pass an anti-injunction bill, and the senate's mail subsidy provision.

May Wood's suit against Senator Plat for divorce has been dismissed, and she has been arrested on the ground that she was never married to the senator.

Bryan says Alabama primaries were a victory over the trusts.

Senator Denby, of Louisiana, has been re-elected by the legislature.

The republican national convention will open each day with a prayer. A federal grand jury has begun an investigation of the New York cotton exchange.

Night riders continue to do much damage by burning tobacco barns in Kentucky.

A man has been arrested in Chicago for obtaining money while posing as a United States army officer.

Returns from the city election at Denver indicate that the democratic candidate for mayor will be elected.

It is said Bryan will support Culberson for the democratic presidential candidate if he cannot get the nomination himself.

The pupils of one of New York's schools have been appointed sergeants to report misconduct by the regular patrolmen.

MARK PACKAGES IN FULL.

Railroads Put Additional Burdens on Small Shippers.

Chicago, May 26.—Besides determining to increase freight rates 10 per cent, the railroads in the "official classification" territory have agreed to add considerably to the burdens of the shippers of package freight. At the same meeting at which the rate increases were decided upon, the representatives of more than 400 railroads agreed that after July 1 they will not receive for shipment any packages in less than carload lots which are not marked plainly with the name of the consignee, the station and state of consignee, the station, city and state of destination.

It is estimated that this action will save the railroads in the territory east of the Mississippi River and north of the Ohio River to the seaboard, at least \$2,000,000 annually in loss and damage claims. On the other hand, it will cost the shippers of package freight probably as much, or even more, to perform the actual work required in marking the shipments as prescribed by the railroads. It is also stated by the shippers that it will make impossible any secrecy regarding the identity of the customers of any business house.

On the contrary, any business house may, after the new rules go into effect, station men at railroad warehouses and learn in detail all about the shipments of competitors, to whom shipped and in what amounts. That this will have a tremendous effect upon this class of business is confidently asserted.

It has been the custom of the shippers to mark their packages with an initial or some hieroglyphic, the key to which is to be found on the bill of lading. It was the theory that this would save the time and labor of the shipper and throw a certain amount of secrecy around the conduct of his business.

WHOLE STATE STORM SWEEP

Texas Suffers Untold Damage From Wind and Rain.

Austin, Texas, May 26.—A terrific wind and rain storm swept Texas from the Panhandle to the Gulf early Sunday. The destruction to crops and vegetables, trees and shrubbery was the greatest reported in years.

In numerous places houses were unroofed and small villages and hamlets in many instances were inundated by the terrific rainfall which, in the space of four hours, reached seven inches in many sections. Austin was in the path of the worst of the storm, and for hours the streets were impassable for either man or beast, electric light and telephone connections were disabled beyond immediate repair and many houses were unroofed.

The agricultural sections of Central and Southern Texas have been irreparably damaged, according to general reports received here, badly demoralized wire service occasioning slow and unsatisfactory reports from many sections that are known to have suffered from the storm.

OKLAHOMA TIED COMPLETELY

Muskogee is in Sorry Plight Without Heat or Light.

Muskogee, Okla., May 26.—Not a railroad in Oklahoma is in operation, as a result of the heavy rains and cloudbursts that have occurred in various parts of the state during the past three days. The last road to suspend operations was the Missouri-Kansas & Texas, which was forced to quit at noon Sunday, when the bridge on the main line at Enfield went down.

To add to the disaster, the main supplying natural gas to the Indian Territory part of the state was carried away with the Clarksville bridge late Sunday, and the supply of gas for Muskogee and several other cities in the southeast part of the state has been entirely cut off. Officials of the gas company say it will be a week before repairs can be made so that the gas supply can again be carried. As natural gas is used for light and heat, business will be suspended. Elevators have been forced to stop running, and hotels and restaurants have practically been put out of business.

Scale is Agreed Upon.

Kansas City, May 26.—After more than six weeks of negotiations, the last details which have been standing in the way of signing the final agreement between the miners and operators of Kansas City, Missouri, Wood's Oklahoma and Arkansas coal fields were settled Sunday to the satisfaction of both sides.

Monday morning a joint meeting of the operators and miners was to be held, when the signatures of the proper officials were to be affixed to the scale and the agreement and the action ratified.

West Guthrie Under Water.

Guthrie, Okla., May 26.—All West Guthrie is inundated with from seven to ten feet of water rushing through the streets. Train service on all roads in and out of Guthrie is at a standstill because of miles of rails being under water and dozens of bridges impassable. No attempt is being made to operate trains east and west from Guthrie while the Atchison, Topeka & Santa Fe south of Guthrie is impassable at Edward, between here and Oklahoma City.

Sentence Four to Death.

St. Petersburg, May 26.—The court-martial of eleven revolutionists, including four women, which began a few days ago, has resulted in the sentencing of four of the accused to death and six to periods of penal servitude. One was acquitted.

NEWS ITEMS OF GENERAL INTEREST FROM THE STATE OF OREGON

OREGON WOOL GOOD.

Secretary Smythe Praises Compulsory Dipping Law.

Portland.—Secretary Dan P. Smythe, of the Oregon Woolgrowers association, passed through Portland recently on his way to Salem, where he represents the third district of Oregon at the annual meeting of the state sheep commission. Mr. Smythe says the wool clip this year is as large as usual, and that the wool is of exceptionally fine quality.

At this session of the sheep commission the eastern Oregon men intend to take some radical action to prevent further encroachments of Washington sheepmen in the Wenaha forest reserve.

Mr. Smythe, who is extensively engaged in sheepraising himself, is emphatic in praise of the compulsory dipping law passed at the last session of the legislature. He says Oregon sheep are now practically free from disease of every kind, and the wool is of a much higher grade than in former years. The administration at Washington has favored the woolgrowers in the Evergreen State, to the detriment of Oregon stockmen. Just what action will be taken Mr. Smythe was not prepared to say, but he thinks the commission will make recommendations that the forestry department at the national capital will not dare to overlook.

LEASE BIG TRACT.

Sheepmen Gobble 100,000 Acres as Overflow to Forest Reserve.

Pendleton.—One hundred thousand acres of fine range land has just been leased in Baker county by Morrow, Gilliam and Umatilla county sheepmen as an overflow range from their forest reserve allotments. The land is logged-off timber land, and lies in a strip 50 miles in length between Austin and Pleasant valley, in Baker county, and belongs to the numerous lumber companies of that district. It was leased for five years by Dan P. Smythe, of this city, and A. K. and A. Smythe, of Arlington, William Smith, of Arlington, and A. C. Whittier, of Baker county. The sum of \$8,000 was paid for use of the tract for five years. Over 50,000 head of sheep will be held in the territory during a portion of the summer. It is well watered and contains fine grass.

Halt in Timber Land Buying.

Klamath Falls.—J. W. Alexander, of the Weyerhaeuser Lumber company, is in this city on business for his company. He states that he is not here to buy timber, but that he expects to buy when special inducements are offered. There is but little movement in timber in this section, and none is expected until after the presidential election. While the price of farming lands in this section has increased in the past six months, timber land has decreased from \$150 a thousand to 75 cents and \$1. However, those holding claims are not worrying over conditions, as they feel sure the slump in timber is but temporary.

Whipping Up on Tule Contract.

Klamath Falls.—It is stated here that Chief Engineer Hood has given imperative orders that the dredging on the marsh for the railroad grade must be rushed or the contract will be forfeited. The contract consists of a grade four miles along across swamp land, now rank with tules, and the agreement now is that crews must be worked day and night in order to throw up the grade at the earliest possible date in order to allow it to settle and dry before the track is laid.

Open Reserves June 1.

Pendleton.—Sheepmen of Umatilla county have received notice that sheep may be taken upon the Wenaha forest reserve June 1, instead of June 15, the date originally set. For some time sheepmen have been asking for the use of the reserves on the Blue mountains earlier than usual, because of the dry weather prevailing this spring. Dan P. Smythe, secretary of the sheepmen's association, has received notice from Supervisor Schmitz that admission would be granted June 1.

New Fly Destroys Aphids.

Milton.—Local orchardists are much interested in a new variety of fly which has appeared in orchards in this section recently and which appears to be an enemy to the green aphid, a pest which has done great damage to peach trees this season. The new fly, which may prove a blessing to the fruitgrowers, is larger than the ordinary house fly and has wings long and slender and spotted black and white.

Will Exhibit at State Fair.

Oregon City.—The board of directors of the Clackamas County Fair association has authorized the executive committee to make a county exhibit at the state fair, which will follow the Clackamas county fair. The board appropriated \$50 for premiums for juvenile exhibits, and reappointed Thomas F. Ryan, George Lazelle and T. J. Gary as a committee to direct the affairs of the association.

Cherry Fair at The Dalles.

The Dalles.—The mid-summer meeting of the State Horticultural society and cherry fair will be held at The Dalles, June 30 to July 2, inclusive. Prizes will be offered for various exhibits of cherries, and there will be a programme each day. R. H. Webber, A. E. Lake, and G. E. Saunders, the committee, are now busily engaged in making the arrangements.

Bumper Crop Promised.

Arlington.—Heavy rains throughout this section of Oregon a few days ago have added many thousands of dollars to the wealth of Gilliam and adjoining counties. The weather is warm and the farmers happy. Every one predicts a prosperous year for this part of the state.

COUNTIES TO EXHIBIT.

Oregon Commission Asks Active Cooperation of All.

Portland.—County judges and commissioners of all the counties of Oregon, as well as all the commercial organizations of the state have been sent a letter by the Oregon-Alaska-Yukon-Pacific commission in which the commissioners ask for co-operation in making Oregon's exhibit at the Seattle show the greatest state exhibition at next year's big exposition. The commissioners set forth that Oregon will have the most complete state building at the fair, and that the co-operation of the officials in securing thorough and attractive exhibits of Oregon's resources will be imperative. The letter which has been sent by the commission through President Weirung is in part as follows:

"The expense to your county in collecting such an exhibit will not be large. Get a live man to take hold of the work and push it, bearing in mind that it is quality not quantity that is wanted. After you have gathered your exhibit we will transport it to Seattle, install and maintain it without further expense to your county; we will also place an attendant in charge, and will keep in close touch with you during the fair, so that your county will get all the benefit possible in the way of advertising, etc.

"The commission is also having printed a 96-page booklet on the resources of Oregon, which will be distributed during the exposition. Two pages of this booklet will be devoted to each county. We also intend to show by moving pictures the farms, orchards, livestock, timber, mountains, streams and everything of interest in each county.

"We must have your help and co-operation in the gathering of your exhibit. If we were compelled to buy these exhibits the state would have to double its present appropriation, but with your assistance we hope to carry out our present plans without asking for any further appropriation."

Pays Large Inheritance Tax.

Salem.—The second largest inheritance tax ever paid into the state treasury was received recently. It was the tax on the estate of Amanda Reed, of Multnomah county, appraised at a valuation of \$1,257,919.99. The tax was \$7,141.40. The largest tax paid was on the estate of Henry Weinhart, which amounted to \$15,248.54. The appraised value of the Weinhart estate was but \$1,381,967.22, but was left in a lump sum, while the Reed estate was divided among a large number of beneficiaries.

Daily Snowstorms at Buckeye.

Sumpter.—Superintendent W. H. Gleason, of the Buckeye mine, in the Cracker Creek district, reports operation at the property in full blast. Crosscutting for the main ledge from the drift is in progress, and it is expected to encounter the vein in a short while. There is much snow in the vicinity of this mine and it is a hard matter to get supplies in at present. Continued snow storms prevail almost daily at that altitude.

Auto to Carry Tourists.

Klamath Falls.—Captain J. M. McIntyre, of the McIntyre Transportation company, has purchased an 11-passenger automobile, and will put it on the line between Dorris and Keno, getting it in shape for automobile service, and it is expected that the run can be made in two hours from end of rail to this city.

Hatchery Superintendent.

Oregon City.—W. H. Smith, of Park-place, has been appointed superintendent of the state fish hatcheries at Walla-walla and Ontario.

PORTLAND MARKETS.

Apples—Select, \$2.50 per box; fancy, \$2; choice, \$1.50; ordinary, \$1.25. Potatoes—Select, 70¢ per hundred; Willamette Valley, 45¢ per hundred; East Multnomah, 55¢; Clackamas, 55¢ per hundred; sweet, 54¢ per pound. Fruits—Strawberries, California, \$1.50@1.85 per crate; Oregon, 10¢@12½¢ per pound. Vegetables—Turnips, \$1 per sack; carrots, \$1.50@1.75; beets, \$1.25; parsnips, \$1.25; beans, wax, 12½@13½¢ per pound; head lettuce, 35¢ per dozen; artichokes, 50¢ per dozen; asparagus, 70¢ per dozen; egg plant, 25¢@30¢ per pound; parsley, 25¢ per dozen; peas, 6¢@7¢ per pound; peppers, 20¢ per pound; radishes, 15¢ per dozen; rhubarb, 2¢@3¢ per pound; spinach, 85¢ per crate. Wheat—Club, 85¢ per bushel; red Russian, 80½¢; bluestem, 91¢; valley, 89¢. Barley—Feed, \$25 per ton; rolled, \$27@28; brewing, \$26. Oats—No. 1 white, \$27.50 per ton; gray, \$27. Hay—Timothy, Willamette Valley, \$17 per ton; Willamette Valley, ordinary, \$15; Eastern Oregon, \$18.50; mixed, \$16; clover, \$14; alfalfa, \$12; alfalfa meal, \$20. Dressed Meats—Hogs, fancy, 8½¢ per pound; ordinary, 7¢@7½¢; large, 6¢; pork, extra, 7½¢; ordinary, 7¢; heavy, 6¢; mutton, fancy, 10¢. Butter—Extras, 24¢ per pound; fancy, 23¢; choice, 20¢; store, 16¢. Poultry—Mixed chickens, 13¢@14¢ per pound; fancy hens, 14½¢@15¢; roosters, old, 9¢; fryers, dozen, \$4; broilers, dozen, \$4.50@5; dressed poultry, per pound, 1¢ higher; ducks 16¢@17¢; geese, 8¢@9¢; turkeys, alive, 17¢@18¢; dressed, 19¢@20¢. Hops—1907, prime and choice, 5¢@6½¢ per pound; old, 1½¢@2¢ per pound. Wool—Eastern Oregon, average best, 11¢@15¢ per pound, according to shrinkage; valley, 10¢@12½¢. Mohair—Choice, 18¢@18½¢ per pound.

FAVORS BIG FLEET.

Great Lesson Taught by Cruise, Says Admiral Evans.

Washington, May 25.—Admiral Evans, in an interview with W. S. Merriweather, told of the results of the cruise of the Pacific and its benefits and the future policy and prospects of the American navy.

"What, in your opinion," he was asked, "is the most vital question affecting the navy today?"

"The shortage of officers and men, particularly officers," Admiral Evans replied. "We have not a battleship in commission today with a sufficient number of officers properly to look out for her battery. Those we have are excellent, but they are so overworked that they are giving way under the strain. Men can be trained for duties on shipboard, as has just been shown in the cruise of the Atlantic fleet to the Pacific, but not so with officers.

"In case of a sudden outbreak of hostilities, we would find ourselves seriously handicapped from this cause."

The Admiral was then asked what was the chief lesson to be drawn from the cruise of the battleship fleet.

"There are two," he replied. "First, the absolute necessity for two fleets, one on the Atlantic and one on the Pacific; second, that we took the fleet to sea with one-third of the men untrained and arrived at the Pacific entrance to the Straits of Magellan and Magdalena Bay absolutely in condition to go into an engagement."

"What should be our future naval strength, and how distributed?"

"Forty-eight battleships with the necessary cruisers, torpedo-boats, submarines and auxiliaries. They should be distributed—24 on the Pacific and 24 on the Atlantic."

FIRE ON OLD VESSEL.

Sensational Naval Experiment Will be Tried by Navy.

Washington, May 25.—The most sensational naval experiment ever attempted by this country will take place today in Chesapeake Bay, when the monitor Florida will be submitted to bombardment by big guns and torpedoes to demonstrate the effect of modern projectiles upon the internal fittings and the structure of the fighting craft of the American navy.

The Florida is so constructed and fitted internally in such a way as to have practically the same strength of resistance as the latest type of American battleship.

At first it was proposed to put live sheep in the turret of the monitor, but this plan has been abandoned because it is believed the death of the animals would prove little as to the probability of loss of human life under similar circumstances. The plan to test the ability of the modern ship of war to withstand the heavy firing of the latest big guns has attracted much attention in official circles and it is looked upon as a matter of great importance by foreign officials at the embassies here.

PACIFIC MAIL IS PASSIVE.

Would Not be Benefited by Proposed Subsidy Clause.

San Francisco, May 25.—The progress of the postoffice appropriation bill, now in its last stages before Congress, is being watched with much interest in this city, especially with regard to the ocean mail subsidy amendment, agreed to by the conferees, but rejected by the House, which has asked for another conference on the measure. The proposed increased compensation to steamship lines directly affects the companies running vessels from this port to China, Japan, Australia and the Philippines.

When asked what would be the result should the subsidy amendment be retained in the bill, F. S. Samuels, manager of the Oceanic Steamship Company, said:

"Whether we will resume running vessels to Australia and carry the mails cannot be determined for a time. Australia and New Zealand have made other contracts for carrying the mails since we discontinued, and we do not know at present whether we could get that business again."

Germans Angry at Frenchmen.

Berlin, May 25.—Denouncing Paris clubs as mere gambling resorts and clubmen as card sharps and blacklegs, the German court and press are declaring today that it is easy enough to see why Teuton members are unwelcome—they have something better to do with their time than to spend it at a gaming table. But for the comment by members of the Cercle de L'Union that Germans are regardless of French club custom, the black-balling of Ambassadorial Attache Hortsmann might have been permitted to pass as a personal matter.

Sparks' Secretary Dead.

Carson, Nev., May 25.—W. R. Davis, private secretary to the late Governor Sparks, died at his home in this city Saturday of stomach trouble. Davis was better known as "Riley" Davis. He served as secretary to Governor Sparks since he first took office. He was a resident of Dayton, Nev., where he held a number of important positions. Through the death of the late Governor and his secretary business in the state and federal buildings is at a standstill.

Franz Jera* in Serious Condition.

Vienna, May 25.—Emperor Franz Josef has caught a fresh cold and general audiences have been suspended. The emperor's physicians say they do not consider his majesty's condition alarming, but there is much uneasiness concerning him owing to his age and continued ill health.

SEATTLE TO GET MONEY FOR FAIR

Conference Agrees on Appropriation of \$650,000 for Exhibits.

Uninteresting Exhibits Omitted and Number on Government Board Reduced, Cutting Down the Expenses—Washington Delegation is Highly Elated With Compromise.

Washington, May 23.—The conference committee on the sundry civil bill yesterday agreed to give \$650,000 to the Seattle exposition. Fifty thousand dollars will be cut off from the expenses of the government board, which is reduced to three members, and uninteresting features of the government exhibit are eliminated. There was no cut in the appropriation for buildings or the Alaska, Philippine or Hawaii exhibits. The conference report will be agreed to today. The compromise is highly satisfactory to the Washington delegation.

GOVERNOR SPARKS DEAD.

Nevada Executive Killed by Overwork at Extra Session.

Reno, Nev., May 23.—"I don't fear death. I have done my best. I am tired and am ready to go. Good-bye." Surrounded by his wife, three sons and a daughter, Governor John Sparks, conscious to the last, sank to death at 8:30 yesterday morning, after uttering the above words.

The illness which culminated in the governor's death was directly due to overwork and nervous strain attendant upon the extra session of Nevada's legislature late last fall.

Mr. Sparks was born in Mississippi, August 30, 1843, and came to this state in 1868, engaging in stockraising. He owned large cattle ranches in Nevada and Texas, as well as a large cotton plantation in Texas. He was elected chief executive in 1902 and again in 1906 by large majorities.

Lieutenant-Governor D. S. Dickerson is now governor of Nevada. He came to Nevada eight years ago and went to work in a mine at Cherry Tree.

EXTRA SESSION CALLED.

Philippine Assembly Needs a Month More to Finish Work.

Manila, May 23.—The statutory time for the adjournment of the Philippine assembly having arrived with the work of that body incomplete, Governor-General Smith has called a month's extra session. Prior to the adjournment of the regular session, the radicals attempted to present a resolution favoring immediate independence, but were headed off by the conservatives under the leadership of President Osmena. It is believed that the attempt to present the resolution will be renewed during the extra session.

The Philippine commission has rejected the assembly bill providing for the teaching of the various Filipino dialects in the public schools, and has substituted a bill creating an institute for the study of these dialects.

Manuel Quesoon, a member of the assembly, has been appointed delegate to the navigation congress, to be held at St. Petersburg. He will sail tomorrow, accompanied by his secretary, Theodore Rogers.

Sues to Recover Graft.

San Francisco, May 23.—Joseph A. Sullivan, a retired capitalist, who owns a block of stock in the United Railways Investment Company, today began a suit in equity in the superior court to recover the \$200,000 Patrick Calhoun, president of the United Railroads, is alleged to have paid, through Tiley L. Ford, general counsel for that corporation, to Abe Reuf for the purpose of influencing the supervisors to grant the company a trolley franchise. Interest on the above-named amount and costs are also demanded by the plaintiff. The complaint alleges that the suit is brought in the interest of all the stockholders of the corporation.

Conspirator May Hang.

Deer Lodge, Mont., May 23.—William Hays, a convict in the state prison here, was today found guilty of first-degree murder in killing Guard John A. Robinson in the course of the sensational prison break in March. George Rock pleaded guilty two weeks ago and was sentenced to hang June 15. Hays' defense proved he had not laid a hand on Robinson, but he was found guilty of conspiracy. Two others are charged and are yet to be tried. These are C. B. Young and Orell Stevens.

Big Power Project.

San Francisco, May 23.—A deal which will ultimately revolutionize the price of electricity throughout the state of California, will soon be consummated in the investment of an additional \$25,000,000 in the \$12,000,000 power-house that is nearing completion on the north fork of the American river. The plant will be ready for operation in October, but in the meantime eastern capitalists are making arrangements to advance the enormous amount of capital.

Eight Perished in Fire.

Chicago, May 23.—Although eight men are believed to have perished in the fire that destroyed the Wintermeyer box factory yesterday, only two bodies had been recovered at midnight, when the search was abandoned until tomorrow.
