

RESUME OF THE WEEK'S DOINGS

General Review of Important Happenings Presented in a Brief and Comprehensive Manner for Busy Readers—National, Political, Historical and Commercial.

Representative Huff, of Pennsylvania, is seriously ill.

Rockefeller has given another \$500,000 to the Rockefeller institute.

Chinese of San Francisco are organizing a boycott against the Japanese.

Trustees of Stanford university have set aside \$500,000 for the purchase of books.

The employment of union men as inspectors makes railroad managers indignant.

An earthquake lasting 20 seconds was felt at Marysville, Cal. No damage was done.

A runaway Brooklyn boy has just returned home after 20 years' absence. He is a millionaire.

Ice in Bering Straits has broken up and steamer traffic to the north will be more regular now.

The largest balloon ever constructed has just been finished at Danville, Ill. When inflated it is 150 feet high.

A German has just been arrested who, it is believed, was attempting to reach the kaiser to assassinate him.

Samuel Gompers, president of the American Federation of Labor, bitterly denounces congress for not passing the bills demanded by the laboring men.

A false alarm of a dynamite plot caused a panic in one of Chicago's schools.

Arizona democrats have endorsed Bryan and approved Foraker's stand on statehood.

West Virginia's democratic delegates-at-large have been instructed to vote for Bryan.

The Arkansas river is over its banks at several places in Arkansas and flooding bottom lands.

A severe wind storm has swept over Clay county, Kansas, but very little damage was done.

Tornadoes that swept Oklahoma northwest of Guthrie brought great damage to crops and farm property.

A gale of wind at Chicago preceded an electrical storm which did considerable damage in all parts of the city.

Dallas, Tex., is without lights or drinkable water. Residences in the devastated district have been robbed by looters.

Butte members of the G. A. R. have been aroused because one of the churches has been tendered to Emma Goldman for her lectures.

Dynamiters wrecked the big pipe line that conveys water from Bonita Mountains, New Mexico, to Carrizozo, N. M. Repairs are being made. This pipe line cost \$1,000,000.

Rear-Admiral Crowninshield, retired, is dead.

France and Germany have agreed on a plan for the pacification of Morocco.

Hearst is gaining in the recount of New York majority ballots of the 1905 election.

A typhoon at Hankow, China, cost more than 1,000 lives and wrecked 500 junks.

A Columbus, Ohio, boy invented a machine with which he has made several successful flights.

San Francisco supervisors are checking up the city treasurer's accounts. He is alleged to be short \$37,500.

Johnson's managers predict his nomination for democratic presidential candidate on the second or third ballot.

A tornado which swept Alfalfa county, Okla., killed 14 people and injured many others, besides doing much damage to property.

The Belgian consular agent at Rabat, Morocco, has been maltreated by natives and his home government is likely to take energetic action.

J. C. Stubbs says our Oriental trade is threatened if the ruling of the interstate commerce commission regarding freight rates on western roads holds.

Mrs. Carrie Nation has been arrested at Pittsburg.

Chester, Pa., is having trouble with street car men.

Two cruisers and five torpedo boats have left San Francisco for Portland.

A company of militia is to be organized at Honolulu, the first for the islands.

Senator Bailey, of Texas, will go to the democratic national convention as a delegate.

Two Utah mining companies are fighting over a silver mine said to be worth \$1,450,000.

Senator Foraker is favoring Roosevelt for another term, as he dislikes him less than Taft.

A man has just been arrested in Michigan for a murder committed in Colorado 15 years ago.

An ex-member of the United States secret service is in trouble at Flagstaff, Arizona, for trying to extort money.

The troops of the pretender to the Moroccan throne have looted all the government buildings and houses of the sultan.

While preparations were in progress for the funeral of a Kansas City man, the supposed corpse sat up and asked for a drink.

WORK OF BOYS.

Youthful Robbers Confess to Holding Up Great Northern.

Great Falls, Mont., June 2.—The hold-up of the northbound Great Northern train at the stockyards, about a mile and a half from this city, was the work of three boys, who now occupy cells in the city jail. A fourth youth, who admits having assisted in planning the hold-up, but who took no active part, is also a prisoner. The quartet have made a complete confession to the police. The names of the four boys are: Albert Hatch, aged 15; William Randall, aged 17; Harry Rheams, aged 15, and George Cresswell, aged 16.

According to the story told by Randall, Rheams and Cresswell, the hold-up was planned and carried out under the generalship of Hatch, the youngest of the four, who is said to have turned the switch, ordered the engineer to back up and to have gone through the passenger coaches with the conductor, forcing the latter at the point of a gun to collect from the passengers. According to the other boys, it was also Hatch who shot William Dempsey and narrowly missed shooting Conductor Jack Hayes.

Rheams stated that Hatch, after they had left the scene of the hold-up, proposed that they cross Sun river to the Montana Central line and hold up passenger train No. 236 from Butte, because he was due in two or three hours. Because he demurred, Rheams states, Hatch drew his revolver and threatened to kill him.

He was dissuaded from the second attempt at train robbery by the two youths who were with him.

The stories told by the boys, with the exception of Hatch, agreed in the main details. They state that the hold-up was planned two nights before, it being decided to rob the train the first dark night.

FEARS FOR SHIP.

Steamer Vaderland Is Reported Sunk With All On Board.

Paris, June 2.—A special dispatch to the Petit Journal from Brussels says that it is rumored the Red Star steamer Vaderland has been wrecked in the North sea in a dense fog. There are 1600 passengers aboard.

Lloyd's does not confirm this news, which, however, comes from what is usually considered a most reliable source. There were three collisions in the North sea today, and passengers on the Dover-Ostend mail packet declare that they saw a vessel cast away on the Goodwin sands.

New York, June 2.—No official confirmation could be obtained tonight in this city of the report of the wrecking of the steamer Vaderland in the North sea. The offices of the International Mercantile Marine, which controls the Red Star Line, and the offices of the Red Star Line company were closed.

The Red Star steamer Vaderland was due to sail from Antwerp for New York May 30. According to schedule she would have reached Dover on Sunday, from which port she would be reported on her arrival. Up to a late hour Sunday night she had not been reported.

BIG RAIL CONTRACT.

Illinois Central to Spend \$1,450,000 for New Steel.

Birmingham, Ala., June 2.—Tangible evidence of generous proportions that prosperity is returning is given in the fact that the Illinois Central Railroad company, in connection with the opening yesterday of its new line between Chicago, Birmingham and Atlanta, has placed a contract for \$2,000,000 worth of steel rails, to cost \$1,450,000.

The contract goes to the Tennessee Iron & Coal company, and is the largest order since the financial depression set in. Only one contract, that of the Pennsylvania, takes rank with it.

The official announcement that the Illinois Central has decided to ignore what remains of the financial depression is likely to set the pace for other large systems which have been withholding similar orders until conditions are fully normal.

This contract will enable the steel mills here to open additional plants and give immediate work to more than two thousand skilled men who have been idle for some time. In an indirect way it will start the wave of prosperity over the entire South, putting a large amount of money into immediate circulation and stimulating all sorts of business.

Cleveland Goes Home.

Lakewood, N. J., June 2.—Ex-President Grover Cleveland, who has been confined to the Lakewood Hotel for two months with an attack of rheumatic gout and acute indigestion, has sufficiently recovered from his illness to leave here today for his home in Princeton. The trip was made in John Hays Hammond's large touring car. Mr. Cleveland was accompanied by Mrs. Cleveland and Dr. G. Rowe Rockwood, who has been alternating with Dr. Joseph T. Bryant, the family physician, in caring for the patient.

Close to a Mile a Minute.

Los Angeles, June 2.—The two days' auto meet held in this city was an unprecedented success, several thousand people being in attendance at today's races. The Coast record for 20 miles on a circular track, broken yesterday, was equaled today by Ralph Hamlin, who drove a 42-horsepower, six-cylinder car 50 miles in 57 minutes and 43 seconds. Hamlin made this record yesterday during the last 50 miles of the 100-mile race, and made the same time today.

Foot of Snow in Nevada.

Ely, Nev., June 2.—The heaviest snow storm since last winter was experienced here last night. Fully a foot of snow fell. The storm was general between Ely and Coble. No damage was reported.

CHAMBERLAIN FOR SENATOR

Carries Entire State by 1,000 or More Over Cake.

Hawley and Ellis for Congress by a Large Margin—University Appropriation Bill Carries—Many New Districts Go Dry—Control of State Legislature Is Uncertain.

United States Senator—George E. Chamberlain, Democrat. Representative First Congressional District—Willis C. Hawley, Republican. Representative Second Congressional District—W. R. Ellis, Republican. Justice of the Supreme Court—Robert S. Bean, Republican. Oregon Dairy and Food Commissioner—J. W. Bailey, Republican. Railroad Commissioner, First Congressional District—Thomas K. Campbell, Republican. Railroad Commissioner, Second Congressional District—Clyde B. Aitchison, Republican.

Portland, June 2.—Chamberlain's election by the people of Oregon for United States senator by from 1,000 to 1,500 is indicated by the incomplete returns from the various counties in the state. Chamberlain won Multnomah county by perhaps 1,200 to 1,500 and elsewhere throughout the state the two candidates seem to have run a close race. Cake's best county is Lane, which returned him a majority of between 400 and 500. This big majority for Cake is attributed to Governor Chamberlain's veto of the State university appropriation in the last legislature.

Chamberlain's success as "the people's choice" at yesterday's polls will need election by the next legislature to give him the office. This will be possible only in case a majority of the legislature shall be pledged by Statement No. 1 to disregard the Republican politics of its Republican members and elect Mr. Chamberlain, a Democrat.

The legislature will be overwhelmingly Republican, with probably less than ten Democrats. It is doubtful if a majority of the members of the legislature will be pledged by Statement No. 1. At best the Statement No. 1 forces will have but a bare majority in the legislature. Of the Republicans elected to the house of representatives 28 are pledged to Statement 1, and of those elected to the senate seven are so pledged. These increased by nine hold-over Statement 1 Republicans and Democrats make the total Statement 1 votes counted as certain, 44. The majority of the legislature and joint assembly necessary to elect United States senator is 46.

Prohibition was a hard-fought issue in 28 counties and has won big gains. Hawley, Republican for congress from the First district, wins by a big majority, probably not less than 10,000. In the Second district Ellis is successful by perhaps 15,000. Campbell and Aitchison are re-elected railroad commissioners by wide margins.

Single tax has been beaten heavily. Woman suffrage, it is probable, has been defeated, the majority against it in Marion county being 1,000. No estimate can be measured at this time on other initiative and referendum measures.

State university appropriation has been passed by a majority of 5,000 to 10,000 in the state. Marion county voted heavily against it, probably by 500 votes. Washington county also appears to have voted against the university bill.

The estimated pluralities for senator, based on returns so far received, are:

Table with 2 columns: County, Cake, Chamberlain. Rows include Baker, Benton, Clackamas, Clatsop, Columbia, Coos, Crook, Curry, Douglas, Gilliam, Grant, Harney, Jackson, Josephine, Klamath, Lake, Lincoln, Lane, Linn, Malheur, Marion, Morrow, Multnomah, Polk, Sherman, Tillamook, Umatilla, Union, Wallowa, Wasco, Washington, Wheeler, Yamhill.

Totals... 2,900... 3,150... Chamberlain's plurality, 1,150.

Royalty Can't Pay Bills.

Lisbon, May 28.—The royal household of Portugal is being besieged by creditors and the newspapers of Lisbon are filled with libel suits, brought by royalty. The courts already have awarded a butcher \$210 and costs, the amount of an unpaid meat bill against Dowager Queen Maria Pia and the Duke of Oporto. The situation arises out of the fact that the royal family has not received a single penny from the state since King Carlos and his son were assassinated four months ago.

Cake's Big Lead in Lane.

Eugene, June 1.—Meager returns from Eugene and Springfield precincts give Cake 239 and Chamberlain 112 for United States senator. Hawley, for representative, has 180 to 50. Hawley's majority will increase in this proportion until all returns are in. The legislative ticket will likely be L. E. Bean, W. W. Calkins, A. H. Eaton. Eaton leads the ticket.

The vote on the university bill is 228 for and 17 against. The single tax amendment stands 109 for and 145 against. The majority against the tax will probably increase in greater proportion as the count progresses.

Close Race in Linn.

Albany, June 1.—Complete returns have not yet been received from a single precinct in Linn county. The vote at this hour indicates that Cake and Chamberlain are running close.

Cake Leads in Benton.

Corvallis, June 1.—Meager returns give Cake 290, Chamberlain 278. Returns indicate the election of Bonebrake as representative by more than 100. Nothing is obtainable on the university appropriation bill or single tax issue.

Union Probably for Cake.

La Grande, June 1.—Prior to 11 o'clock it is impossible to gain figures except to show the tendencies of the voters. Cake and Chamberlain are running a close race, with Cake leading by five and ten majorities in the incomplete precincts. Prohibition is going to carry here by something like 100 unless signs fail.

Wasco for Chamberlain.

The Dalles, June 1.—The meager returns available indicate that Chamberlain has carried Wasco county over Cake by a probable majority of 250, otherwise the Republican ticket has carried throughout the county. Republican representative in congress will receive a large majority. The university amendment has probably carried, while the single tax measure is defeated.

Chamberlain Has Gilliam.

Condon, June 1.—Partial reports from every precinct in Gilliam county point to a victory for Chamberlain, who is leading Cake 2 to 1. The vote on local option is close, with a light vote on the amendments. Burdett and Collier for prosecuting attorney are running neck and neck.

Cake Gets Malheur.

Vale, June 1.—The returns from Malheur county at 11 o'clock are: Cake, 90; Chamberlain, 115; Ellis, 110; Jeffries, 90; Bean, 180; Bailey, 95; Emery, 90; representative, H. O. Brooks. The university bill will probably carry by 400. The single tax amendment is lost by probably 1000.

Cake Carries Coos.

Marshfield, June 1.—Few returns are in at this hour. Indications are, however, that Cake will carry Coos county by a small majority, probably not over 200. Nearly 4000 votes were cast in the county. Other Republicans on the state ticket will carry by 300 to 600. Marshfield and North Bend will be against prohibition, but the rest in the entire county will be very close. Both wet and dry factions claim a victory.

Chamberlain Takes Jackson.

Jacksonville, June 1.—Indications are that Chamberlain has carried Jackson county by 200 majority. Hawley 500. The university appropriation carries by a majority of two to one. Single tax lost.

Gilliam Lines Up for "Drys."

Arlington, June 1.—Much interest was manifested in the election here today, and 110 votes, the heaviest cast for several years, were polled. Candidates and their interests have been a secondary consideration, the struggle being between the saloon forces and the temperance people. It is generally admitted that Gilliam county will vote dry.

Morrow Goes Prohibition.

Heppner, June 1.—It is conceded that Cake has the county by a good majority, and Ellis is very strong. Phelps, for district attorney, has the county by a small majority. The county is conceded for prohibition by 100 or more. A big vote out in Heppner, far above registration.

Cake 2 to 1 in Columbia.

St. Helens, June 1.—No outside precincts have been heard from. Cake is running two to one in Union precinct, and will probably carry the county by better than the Republican estimate of 300. Wets will carry Union precinct and probably the whole county.

Polk Will Give Chamberlain 100.

Dallas, June 1.—Six precincts complete in Polk county give Cake 194, Chamberlain 178; Hawley 228, Whitney 113. It is expected that later returns will take away Cake's lead and give Chamberlain a margin of about 100.

Late Count in Tillamook.

Tillamook, June 1.—Late results tonight are as follows: Hawley, 157; Whitney, 51; Cake, 201; Chamberlain, 170; Barret, 170; Kuykendall, 63; Beals, 81; Blanchard, 57; Christianson, 13; Laughlin, 92. University will lose, three to one.

Lincoln Favors Cake.

Toledo, June 1.—Cake has undoubtedly carried Lincoln county. Prohibition is very close, but will probably win. The weather was fair and the vote heavy.

Striking Carmen Return.

Cleveland, Ohio, May 26.—While their brothers on strike were voting today to remain out, 300 striking carmen applied for their old positions and were reinstated. The traffic is now rapidly approaching a normal state, and officials say the usual number of cars will be in operation shortly. The strikers, however, say the company is badly crippled and say they are confident of winning. They have further plans for the campaign.

Cake Leads in Ashland.

Ashland, June 1.—First 65 votes counted give Cake 32, Chamberlain 28; prohibition 30, against prohibition 20.

Chamberlain Cets B. ker.

Baker City, June 1.—Chamberlain has carried Baker county by about 400 majority if the present ratio continues.

Slight Lead in Roseburg.

Roseburg, June 1.—Chamberlain has a slight lead in this city. Indications are the town will go wet.

Result in Multnomah.

Portland, June 2.—Governor Chamberlain has carried Multnomah county for senator by a majority of probably 1000 over H. M. Cake, the Republican nominee. Incomplete returns at 3 o'clock this morning give Chamberlain 3152, and Cake 2902, a lead of 250 votes, with the count one-fifth complete.

Rivaling the senatorial election in interest was the vote on district attorney. John Manning, incumbent of the office and candidate for re-election, has been defeated by Municipal Judge George J. Cameron, the Republican nominee, by a majority of probably 3000.

Umatilla in Doubt.

Pendleton, June 1.—Partial election returns at midnight indicate that Umatilla county has gone dry by less than 200 majority. The wets have carried Pendleton, but will not go out of here with enough to overcome the strong vote against them throughout the county. Cake is only about 20 ahead of Chamberlain and it will take an official count to determine who has carried the county.

Cake Ahead in Josephine.

Grant's Pass, June 1.—Today's election has been exceedingly interesting and the heaviest vote in the history of Josephine county was polled. Cake is running ahead in all precincts heard from and will probably carry the county by about 300. It looks like the university appropriation would carry, but counting is going along very slowly and returns are problematical.

Result Doubtful in Marion.

Salem, June 1.—Partial returns from 23 precincts in Marion county show that the entire Republican ticket has received a majority, with the possible exception of United States senator, upon which the vote will be close. The legislative ticket, composed of three Statement No. 1 men and two Republican voters' choice candidates, has been elected. The vote so far as received shows: Cake, 828; Chamberlain, 906.

Cake Will Carry Klamath.

Klamath Falls, June 1.—A heavy vote was cast throughout Klamath county today. Incomplete returns from five precincts indicate that Cake will carry the county and that prohibition will be a close contest. The University appropriation carries 5 to 1.

Cake Ahead in Harney.

Burns, June 1.—With 103 votes counted in this precinct, Cake has 50 and Chamberlain 32. Three outside precincts give Cake 70, Chamberlain 70, leaving Cake 18 ahead. The same percentage will give Cake a lead of over 100. Local option is running close. Democrats concede Cake the county by 50 votes.

Result Close in Grant.

Canyon City, June 1.—Meager returns from 3 precincts out of 20 give Cake 119, Chamberlain 113, Ellis 168, Jeffrey 14. The senatorial vote will be close. Ellis' majority will reach 300. C. W. Parrish, joint senator, and H. T. Belknap, joint representative, have no opposition. Prohibition so far has carried. The university appropriation has carried, but single tax has lost.

Cake Carries Washington.

Hillsboro, June 1.—Latest returns give Cake a lead of a few votes, and he will carry the county from 100 to 200. So far as counted, prohibition is beaten by about 100 votes, and the county will probably go 300 wet. Hawley, for congress, will carry the county by 1000. The entire Republican legislative ticket, one senator and three representatives will be elected. The university appropriation will be defeated, as will also single tax.

Clackamas Vote for Chamberlain.

Oregon City, June 1.—Incomplete returns from 12 precincts give Cake 243, Chamberlain 304. Chamberlain has probably carried Clackamas by 200. Hawley will have a plurality of at least 1200. Indications point to a victory for the anti-saloon element, and the county may go dry. The entire Republican ticket is elected, except sheriff and assessor, which are doubtful.

Yamhill Is Cake's by 20.

McMinnville, June 1.—The count is progressing slowly. Partial returns give Cake 91 and Chamberlain 78. It is estimated that Cake's majority in this county will be 200. Hawley, for representative in congress, will carry the county by 400. The university appropriation has carried, but the single tax amendment is defeated by a large vote.

Clatsop Is for Chamberlain.

Astoria, June 1.—Returns up to 11 o'clock give Cake 215 and Chamberlain 248, with indications of a close contest in the county. Ellis, for congressman, will probably have 600 plurality.

Running Close at Ontario.

Ontario, June 1.—Early count of votes show candidates for senator and congressman are running even. Prohibition is leading, two to one.

Deadly Gas for Burglars.

Stuttgart, May 26.—A chemical firm in the small town of Aalen has perfected and patented an invention that threatens burglars with instant death after they succeed in opening a safe vault door, either by skeleton key or with the aid of compressed air, nitroglycerine and other burglars' paraphernalia. The moment an outsider opens the door, or bores through it, noxious gases are released, destroying the invader and leaving him dead on the floor.

JAPAN PREPARES TO HOLD GROUND

Makes Open Door a Farce and Fortifies Herself in Manchuria.

Foreign Merchants Are Excluded and Clash With Powers Seems Sure—Port Arthur is Being Strengthened Into Impregnable Fortress—is a Second Gibraltar.

Seattle, Wash., May 30.—According to a special to the Times from Vancouver, B. C., Japan has completely reversed the "open door" policy in Manchuria. With the arrival of the American battleship fleet in the Pacific and the possibility of trouble with the United States later on, Japanese statesmen are preparing for any emergency. Port Arthur, the former Russian stronghold, is being made virtually impregnable, while the fortifications at Dalny, a seaport and railway terminus on the mainland, occupied by the Japanese, are being rushed to completion with feverish haste.

A clash with the powers over a continuance of the discriminatory policy now being carried out in favor of the mikado's subjects is inevitable. If Japan is compelled to back down, her surrender will bring its advantages. The Japanese are more seriously amused than alarmed over the proposed visit of the American fleet to the Orient.

These are the conclusions reached by G. C. Druce during a recent extensive tour through China, Japan and Korea. Mr. Druce is ex-Mayor of Oxford, England, and secretary of the Botanical Society of Great Britain. He is also curator of the herbarium of the University of Oxford.

"While the official classes are reserved, the Japanese people are not the least perturbed over the dispatch of the American battleships to the Orient," Mr. Druce continued. "Of course, everybody in the East, except the diplomats, associates the demonstration of American naval power with the Manchurian trade question. The famous open door policy advocated by all the white races is in reality a nullity."

FINE AND IMPRISONMENT.

Five Years in Penitentiary and Pay \$576,000, Ross' Sentence.

Salem, Or., May 30.—J. Thorburn Ross, president of the defunct Title Guarantee & Trust Company, has been sentenced to serve five years in the state penitentiary and to pay a fine of \$576,853, and to serve one day in the Multnomah county jail for each \$2 of the fine not paid.

Sentence was imposed by Circuit Judge George H. Burnett, after the motion of Ross for arrest of judgment and for new trial had been overruled. Appeal has been taken to the supreme court, and Ross has been admitted to bail in the sum of \$6000.

This is the penalty Ross must pay for the conversion of \$388,376 of state school funds deposited by State Treasurer Steel in the Title Guarantee & Trust Company Bank and paid out of the bank by its officers prior to the time the bank closed last fall. Ross was manager of the bank, and as such aided Steel in securing legislation which would enable the bank to get possession of the state school funds without paying interest thereon.

FLOOD WASHES OUT DAM.

Port Arthur, Ont., Loses Three Lives and \$500,000 Damage.

Toronto, Ont., May 30.—A special from Port Arthur today says the civic power dam on Current river burst yesterday, causing a disastrous flood. The loss of three lives and a money loss estimated at \$500,000 is reported. A Canadian Pacific freight train pulling into Port Arthur ran on the submerged tracks and the engine was overturned. Engineer Savage, Fireman McBride and Brakeman Immann, who were on the engine, were pinned under the wreckage and drowned. The Canadian Pacific Railway Company will be the heaviest loser, several miles of its tracks having been washed away.

The freshets were due to heavy rains. The power house, the Canadian Pacific railway bridge and the pavilion at the park were swept away. A number of families living near the dam are missing.

Tornado in Kansas.

Topeka, Kan., May 30.—A terrific wind storm of almost the proportions of a tornado, which passed over the southern part of Lowell county Thursday night, killed one man and injured 22 persons, seven of them probably fatally. The storm traveled from the southwest and was 150 yards wide. It took everything in the path and scattered a number of houses, barns and small buildings over the prairie. The property damage will amount to thousands of dollars, and the damage to the growing crop is large.

Islanders Fear Massacre.

Athens, May 30.—Many men and children fleeing from the Island of Samos have reached Smyrna. They represent the situation there to be most
