There is no need to tell the average Farmer the necessity of this, any year, less in years like this. Better help him by showing him how to save when buying his Harvest Supplies.

## Marquardsen's Department Store Heppner - - Oregon

Has successfully demonstrated that there is no need for a Morrow county farmer to send away for his Supplies. In one years time he has lowered the prices all over the County, and will be able to lower them still more as time passes.

With the passing of time and the increase of business Marquardsen will bring to your very door, prices afforded by those nearer the city. We are growing. Help to swell our business and save money for yourselves.
