Leaving the Great Desert at Sisters, a small village at the foot of the Cascade mountains, and up the mountain side this office for particulars. One sorrel gelding, branded 9 on left tong time before he is able to be out a shoulder, R B on left stifle, wire cut on gain. the Three Sisters, you suddenly drop out onto a crater of lava which extends for five miles along either side of the road. This is a sight that is worth the trip from Heppner of five days. This beyond a doubt is one of the grandest sights to be found in the state of Oregon and it will certainly leave the impression upon ones mind that things were very hot up there on the summit of the Cascades one day.

Great cracks in this rock and jagged peaks with honey combed edges are all around you and the feeling that you are upon a storm tossed sea comes back into your mind many times ere you are across and onto the head waters of Lost

Lost creek heads at the base of the Three Sisters, runs into the lava and is lost for many miles, as this flow of lava deceased. All persons having claims gravate it. Fortunately I insisted up- mountain side on the Western slope, but finally jumps out from 'neath the rocks running a stream as large as the

The Dalles Oregon, place is much better kept in all particular lars. There is plenty of deer here and a great many cougar and bear, but so ommissioner of the General Land Office, under | far neither Percy or I have gone in quest evisions of Act of Congress approved June 27, and I have about arrived at the con-. Public-No. 30, we will offer at public clusion that big game will not be up ie to the nighest hidder, at 2:30 o'clock p. m. lested by me. The underbrush is

A few nights ago a congar killed a deer within the distance of about a mile and a half of our camp and old hunters here claim that it is for this reason that the deer are so hard to get, as congar and timber wolves have been and are so plentiful it has caused the deer to be

much more on the alert than in former

Scenery, well I am chock full of its. but none have I seen that is superior to the sights that you can see from the hills surrounding Heppner. In the Water Makes the Desert country it is more difficult to see as the air is becoming very smoky, which is

caused from forest fires. Thunder storms to this country ex out: apart. On'y Tuesday afternoon we keep a storm which set two flers on the mountain side above our camp from the striking of lightning and one of the tree is yet burning. The forest rangers asseve y busy fighting fires which were caused by this recent storm and it would seem to the casual observer that kinds of vegetables, is enough to cause the average person, coming from the with the old fellow who handles the manipulation of electric currents and see that they hit only rock bluffs, as lightning sets a great many more fees

than do campers and emigrants. From here we expect to go back we the McKenzie Pass, or the "Beck Horse Trail" which is the name E should give it, as the read is working more than a trail and is strawn with the frame work of many an "Old Faither" who has given up his life in his ween ters' service, and onto the Matelia. where we will join a party from Propeville and go on a deer hunt.

GARFIELD CRAWFORE.
