The dust has disappeared, the atmosphere has been cleared up and the moisture will be of great benefit to the country in general.

The weather being warm, grass will start immediately on the ranges, which will be of great value to stockmen.

Not only will the stockmen be benefitted, but the farmers will come in for their share. Fall seeding will be brushed with all haste.

BUYING CATTLE TO FEED

Several Good Lots Brought in This Week.

Active movements in cattle continue.

Purchases for the past week have been principally for feeders. The cattle brought in during the week have been in good condition and can be turned off in prime shape without a great amount of feeding.

Emmett Cochran brought in 290 head of fine feeders, Sunday. This lot was composed principally of steers and belonged to a number of stockmen from Grant county.

The lot was purchased by A. H. Sunderman, of Butter creek. Mr. Sunderman, who recently bought the Frank Sloan place, will feed the cattle for beef.

Wm. Matlock brought in 215 head of the heaviest lot of feeders received here this season. This lot came in from the Beaver creek country, and together with a lot of 150 head will be taken to Yakima Wash., for feeding.

Wm. Matlock, Percy Hughes and George Perry are feeding at Yakima. This last lot will make in the neighborhood of 700 head that they will feed for beef.

We have several parties who are looking for homestead locations or relinquishments, also some good timber claims. If you know of any good homestead or timber claims, it will pay you to write us. Address, Aetna Realty Co., 225 Failing Bldg. Portland, Oregon.

Disagreeable at Home

Lots of men and women who are agreeable with others, get "cranky" at home. Its not disposition, its the liver. If you find in yourself that you feel cross around the house, little things worry you, just buy a bottle of Ballard's Herbine and put your liver in shape. You and everybody around you will feel better for it. Price 30 cents per bottle. Patterson & Son.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Foley's Orino Laxative cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Foley's Orino Laxative does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes.

LA GRAND BANK IN TROUBLE

Suspicion as to Honesty of Cashier.

Monday morning the Farmers' & Traders' National bank of La Grande, failed to open its doors.

The refusal of the bank to open its doors was due to the fear of a run caused by a general suspicion that has been aroused as to the honesty of the bank's cashier, J. W. Scriber.

Last Friday N. K. West, a prominent merchant of La Grande, received notice from the First National bank of Elgin informing him that they held a note signed by him for \$2000 and in favor of the Farmers' and Traders' national.

Knowing he had never issued such a note, Mr. West called upon Scriber to explain. He was then informed by Scriber that the affair would be attended to and for him, West, to think no more about it.

However, Mr. West was not satisfied and securing an auto started for Elgin to investigate. At the same time Scriber also started out by auto for Elgin in hopes of beating West to that place.

On the way to Elgin West's auto collided with a buggy and as a result Scriber beat him to Elgin by half an hour. Reaching the bank Scriber secured the note and the Elgin bankers are now non-committal regarding the matter.

Saturday the news of West's experience became known in La Grande and suspicion became aroused as to the safety of Scriber's bank. Some deposits were withdrawn Saturday, but not enough to affect the bank seriously.

Scriber is reported to be suffering from nervous prostration and is ill at his home. However, in an interview with the La Grande Observer, he declared he would use all his private means to protect the bank's depositors and furthermore declared that the bank has ample means to pay off every depositor at full face.

The last statement issued by the bank September 23, showed the bank to be solvent.

It is the general opinion in La Grande that a receiver will be appointed to take charge of the bank's affairs. However, it is not believed the depositors will suffer at all unless further irregularities are discovered.

La Grande's other banks, of which there are two, are in stronger conditions than at any time in the past. No fears whatever are entertained for their safety.

Cured Hay Fever and Summer Cold

A. S. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I made a stop on having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." Showman Drug Co.
