NOTICE OF SHERIFF'S SALE.

By virtue of an execution and order of sale duly issued by the Clerk of the Circuit Court of the County of Morrow, State of Oregon, dated the 9th day of October 1908, in a certain action in the Circuit Court for said County and State, wherein Frank Gilliam and L. E. Bisbee, plaintiffs, recovered judgment against Charles Baker, Defendant, for the sum of One hundred and seven and 25/100 dollars, with interest thereon at the rate of six per cent, per annum from the 12th day of May, 1908, and the further sum of \$25.00 attorney's fees and costs and disbursements taxed at twenty-six and 10/100 dollars, on the 12th day of May, 1908.

Notice is hereby given that I will on Saturday the 14th day of November, 1908, at 2 o'clock P. M. of said day, at the front door of the Court House in Heppner, Morrow County, Oregon, sell at public auction to the highest bidder for cash in hand, the following described property, to-wit: Lots six, seven, eight and nine, all in Block Three, in Ferguson's Second addition to Dairyville, in Morrow County, State of Oregon. Taken and levied upon as the property of the said Charles Baker, or so much thereof as may be necessary to satisfy the said judgment in favor of Frank Gilliam and L. E. Bisbee and against said Charles Baker together with all costs and disbursements that have or may accrue.

E. M. SHUTT,
Sheriff.

LANDSLIDE FOR TAFT GOES IN WITH IMMENSE VOTE

Greater New York a Surprise -- Solid Congress Also.

NEW YORK, Nov. 4.—Election returns from throughout the United States received up to an early hour this morning show the following results:

William H. Taft, of Ohio, has been elected President with 295 votes secure and 28 doubtful. Practically no change is indicated in the complexion of the National House of Representatives. The United States Senate will retain its present Republican majority.

Governor Hughes has been re-elected in New York state by about 76,000 plurality.

Indiana has gone for Taft by from 15,000 to 18,000 plurality.

Bryan apparently has carried Nebraska, although the Republicans still claim the state.

Ohio returns have been seriously delayed owing to the immense size of the ballot, but Taft has carried the state by a majority ranging from 50,000 to 75,000.

Taft Carries New York City.

Taft carried New York City by about 11,000 plurality, this being the first time the city has given its vote to a republican presidential candidate since 1896, when McKinley had a small plurality.

Taft received a greater plurality in New York state than Roosevelt did four years ago. The indications point to 202,000 for Taft as against 175,000 for Roosevelt.

Hisgen, the Independence party candidate for president, received about 28,000 votes in Greater New York.

The indications are that Democratic governors have been elected in several of the Middle Western states that have given their presidential votes to Taft.

Taft exceeded Roosevelt's pluralities in New Jersey and Massachusetts, as well as in New York.

Republicans Control House.

The Republican plurality fell off heavily in the Middle West in a manner thoroughly surprising to the Republican managers.

Speaker Cannon has been re-elected by his usual majority. Representative Payne, of New York, and Representative Dalzell, of Pennsylvania, have been re-elected and the House of Representatives will probably continue under its old regime. Mr. Payne will have charge of the new tariff bill in the extra session which Mr. Taft will call immediately after March 4 next.

Missouri has returned to the "Solid South" on the Presidential ticket and elected Cowherd, Democrat, as its Governor.

In Morrow County

The election in Morrow county was very quiet. The vote was light owing to the good weather which kept many farmers from coming out.

School Notes.

The writer visited the school in District No. 15, Oct 28. Miss Elza Love is the teacher. There is an enrollment of 17. New desks have been placed in the school room lately, a new blackboard has been provided, and some new shades have been put up to the windows. Some neat sash curtains, also, add to the appearance of the windows. A globe has been ordered for the school. The lumber is on the ground for new outbuildings. There is no dictionary and more blackboard should be provided. The pupils seem to be interested in their work and are making good progress.

Last Thursday, the writer visited the Ione school. He found Prof. Garland, Misses Howard, Wattenburger, and Whitmore, and Mrs. Nash working enthusiastically with the pupils. Excellent work is being done in all the grades. Prof. Garland has undertaken a heavy task, for he teaches four grades; but he seems to be equal to the task. The pupils are orderly, industrious, and careful in their work. Two new rooms have recently been completed, one of which is occupied, and if the present high standard of the school is maintained, there will soon be need of the other room. The outbuildings have been enlarged and improved. The people of Ione have shown a very commendable spirit in the erection of such an excellent school building. One noticeable feature is the lighting. The rooms are all so arranged that plenty of light reaches every desk from the left side and rear. There are no cross lights. The people of Ione seem to be justly proud of their school.

On Friday, the writer visited the school in District No. 59. The school house is one of the best in the county. It is large, and the interior is light and airy. The furniture is good. There is a splendid blackboard, but there should be more of it. The school is provided with an encyclopedia, dictionary, and a number of library books. The school has the use of an excellent organ, which was purchased by the people of the community. The walls of the school room are decorated with a large number of appropriate pictures, most of which have been selected and furnished by the pupils. There should be shades at the windows. Mrs. E. H. Cummings is the teacher. There are twenty-five pupils enrolled. Seven grades are represented. The pupils are quiet, orderly, and diligent. The work is being well done.

Slightly Colder With snow.

When you see that kind of a weather forecast you know that rheumatism weather is at hand. Get ready for it now by getting a bottle of Ballard's Snow Liniment. Finest thi g made for rheumatism, chilblains, frost bite, sore and stiff joints and muscles, all aches and pains. 25c, 50c, and \$1.00, a bottle. Sold by Patterson & Son.

What the Kidneys Do.

Their unceasing work keeps us strong and healthy.

All the blood in the body passes through the kidneys over every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter each day. When unhealthy some part of this impure matter is left in the blood. This causes many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, bloodiness of the eyesight and hearing, etc.

Mrs. Geo. Shilberty writes from the northern part of Heppner, Oregon: "My kidneys gave me a great deal of annoyance for years. I could not get any relief and when I thought I had found anything, or thought any more on the muscles of the legs, the pains would become more pronounced. At times I could not rest well on account of the pains through my kidneys and there were so many other symptoms which denoted a disordered condition of these organs that I decided to try Doan's Kidney Pills, procuring a box at the Slocum Drug Co. I used the contents when I noticed a great improvement in my condition, continued taking them and they relieved all the troubles. Doan's Kidney Pills have proven of great value to me and I cheerfully recommend them."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's and take no other.

Never worry

about a cough—there's no need of worry if you will treat it at its first appearance with Ballard's Horehound Syrup. It will stop the cough at once and put your lungs and throat back into perfectly healthy condition. Sold by Patterson & Son.

GRAZING FEES WILL BE REDUCED

Reduction of Approximately One Cent a Head.

Secretary George S. Walker of the National and Wyoming Wool-growers' associations has received notice from Chief Forester Pinchot to the effect that next season the grazing fees for sheep on all national forest reserves will be reduced approximately one cent per head. This means a saving to the sheepmen of the western range states of over \$80,000 yearly in grazing fees.

This reduction comes from Forester Pinchot as the result of persistent effort on the part of the National Woolgrowers' association, covering a period of several months. The secretary, backed by the co-operation of both the National and Wyoming associations, has been using every persuasion possible to bring the forestry department to see the justice of such a reduction, and has furnished Mr. Pinchot with data from the most reliable sources to show up the fact that the sheep and wool business was less profitable than a few years ago—all the while reminding the forester of his promises, made at Salt Lake and at Casper, in which he assured the wool men that whenever the sheep business became less profitable he would reduce the grazing fees on forest reserves. Letters and telegrams have been constantly passing between the forestry department and Secretary Walker's office, relative to this matter.

R. O. Andrus sold a wagonload of wheat from the Madras section at The Dalles, last week, says the pioneer, and was informed at the warehouse, where he disposed of the grain, that it was the best wheat they had seen this season. The wheat graded No. 1 and Mr. Andrus was paid 86 cents per bushel for it. After the warehouse had bought the wheat a number of people were called in to see the "Madras wheat."
