

## Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, prarmeceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is uncuestionably tho result of three facts: first-The indisputable evidence that it is harmless: second-That it not only allays stomach pains and quiets the nerves, but assimilates the food: Third-It is an agreeable and perfect substitute for Castor 0il. It is absolutely safe. It does not contain any Opium, Morphine, or othor narootio and does not stupefy. It is unlike Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system-not by stupefying it-and our roaders aro entitled to the information.-Hall's Journal of Health. Letters from Promment Physicians addressed to Chas. M. Fletcher.

The Kind You Have Always Dought
In Use For Over 30 Years.
