Do Your Xmas Shopping Early

As the time of Santa Claus' arrival draws nearer, this shopping center, with gradually increased holiday stocks becomes absorbingly interesting. We're preparing great surprises for the little folks, as well as for every man or woman who considers the real value of a dollar.

There is a money saving magnetism about this store now-a-days that daily attracts the crowds. We have just closed the greatest November business in the store's history and anticipate even greater results for this month.

What you want; when you want it and at prices you want to pay

is the cause of our great growth. The pleasure you get in buying goods is sometimes worth all you pay for them; and that's one feature of our business that we try to cultivate. We want you to enjoy coming here, as much for the way you're treated as for the value you get. "There's no 'turn over' system here; and you can get out just as easily as you get in; we are more interested in your satisfaction and pleasure here than in your money. You'll agree with us, when you come here, that this is the greatest trading center in Heppner.
