

Johnson-Adkins.

At an early hour Wednesday morning, yes, before many of our bachelor maids and boys were out of the arms of Morpheus, Mr. Harry Johnson had led Miss Bertha Adkins to the matrimonial altar where Rev. Orr pronounced those words which were essential to make them man and wife.

The wedding occurred at an early hour at the J. J. Adkins home in upper Heppner, so that the young couple could leave on the morning train for a honeymoon trip.

Harry Johnson is the eldest son of Mr. and Mrs. Henry Johnson and is a substantial young man

with many friends, while his bride is the second daughter of Mr. and Mrs. J. J. Adkins and is an exceptional girl with all the splendid traits of womanhood.

Only near relatives were in attendance.

Hexamethylenetetramine

The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uric acid solvent and antiseptic for the urine. Take Foley's Kidney Remedy as soon as you notice any irregularities, and avoid a serious malady. Slocum Drug Co.

TEACHERS' INSTITUTE

Very Successful Meeting in Heppner Last Week.

The Morrow County Teachers' Institute convened on Wednesday of last week, and was in session three days. The enrollment was fiftyone. Every teacher in the county, except three, was in attendance. The work done by the instructors was practical and helpful. The teachers, without exception, expressed themselves as highly pleased with the work given. Prof. L. R. Traver, of the State Normal School at Monmouth, was well known to the teachers, having been in the institutes of former years, and the teachers expected much from him. They were not disappointed. Prof. L. R. Alderman of the State University, came to the institute a new man. His work was a delight and inspiration to all. State Superintendent Ackerman was present one day and fully sustained his reputation for practical work. Mr. C. H. Jones was as popular as in former years. He led the singing and enlivened the sessions with amusing anecdotes. The papers read by Dr. N. E. Winnard were very instructive and helpful and were fully appreciated by the teachers. Mrs. Jennie L. Thorp gave three class drills in music, illustrating her methods of teaching.

The evening sessions were well attended both by the teachers and the general public. The entertainment features of the evening programs seemed to be greatly enjoyed by the people. The lecture by Prof. Traver on "The Teacher" was one which every interested in schools should have heard. If he had had more time, the lecture would have been still better. Prof. Alderman's lecture on "Chums, Chumps, Gumps, Goops, and Spooks," was one which parents and children may well take to heart. That lecture will bear fruit in this community in the years to come. Superintendent Ackerman's lecture was one which certainly interested every taxpayer and every friend of edu-

cation. The matters which he discussed will be considered by the legislative assembly at the coming session.

School Board Convention.

The second annual school board convention of Morrow county met at the Court House last Saturday. Fifteen districts were represented. The subject, "Heating, Lighting, and Ventilation," was first discussed. Dr. Winnard then read a paper on "School Sanitation," which was full of timely suggestions. The discussion which followed was participated in by several of the delegates and many of the citizens present. The paper on "Co operation of School Boards with Health Officers," read by Dr. F. B. Kistner, was one which every teacher, parent and school officer in the county should have heard. It was voted to have this paper published. The question of apportioning the school funds in accordance with Superintendent Ackerman's plan as outlined in his lecture was taken up. A lively discussion followed. A resolution was adopted approving the plan, though the vote in favor was much short of being unanimous. The sense of the convention seemed to be that these meetings should be held oftener than once a year, and it is likely that Superintendent Notson will call another convention in the near future. Altogether, the convention was a pronounced success.

Harry Kistner Dead.

Harry Kistner, brother of Dr. F. B. Kistner died last night at one of the open air sanitariums in Portland. Harry was a sufferer for many years from consumption and last spring went to Portland to be treated in one of the open air institutions. He had traveled a great deal trying to get rid of the tubercular trouble and came to Heppner about four years ago for that purpose.

Harry Kistner was a member of the local lodge of Elks and had a great many friends here who are grieved to hear of his death.

He was a young man and unmarried. Dr. Kistner went to Portland this morning to look after the remains.

W. S. CONNER

Answers the Summons of Death—Heart Failure Cause.

County Assessor Walter Scott Conner died in a Portland sanitarium last Saturday at the age of 58 years, ten months and ten days.

Mr. Conner was a pioneer of this county, or nearly so, having resided here for about 20 years. He farmed quite extensively in the Ione country and several years ago taught school, but four years ago, having been elected to the office of

county assessor on the Republican ticket, he and his family moved to Heppner and built a home on the hill across the street from the Catholic church. He was again elected assessor last June, but death claimed him before he could enter upon the service of the second term, as he would have been sworn in at the first meeting of the County Court in January.

The funeral services were conducted by Rev. Father Kelly, assisted by Rev. Father McDonald, from the Catholic church Wednesday afternoon.

He leaves a widow and a son to mourn the loss of a loving husband and father and Morrow county has lost a good citizen.

The Policy of the Sherman Clay & Co. Organization

Reliability.

One Price to all.

A "Square Deal" to everybody.

A small margin added to wholesale cost is our profit.

Easy terms of ownership is the explanation of our large and increasing business.

No fake sales or spasmodic reduction of prices.

To offer an expensive article today at one price, tomorrow at another and later at half price indicates either an enormous profit or an unreliable policy.

Sherman Clay & Co. shun all such methods, believing that an instrument of merit is worth as much today as it was yesterday or will be tomorrow.

Your little girl can buy of us as well and as safely as the most experienced shopper.

If you are thinking of buying a piano within the next two years

BY ALL MEANS

attend this sale and learn how easily terms may be arranged and you may become the possessor of a high grade art instrument that will stand for a lifetime in your home as a source of pleasure and amusement.
