The Big Three

It seldom happens that this all important combination

Style, Quality and Price

is as strikingly represented as it is this season in our new

Spring and Summer Shoes

While we have always endeavored to secure the very best for the price for our customers, yet never before have we possessed such a line. For the year just closed, we can say without a chance of contradiction, that we have sold as many, or more shoes than all the other houses in our city combined?

Why? Because we have always given the best for the money. For 1909 we intend to still keep in the lead.

70 YEARS

There are two kinds of whiskey. One is—the other isn't.

The kind that IS contains all the constituents that come from proper distillation and ageing—That's what makes it REAL whiskey.

The kind that ISN'T is made of alcohol, prune juice and head oil or is simply alcohol put in charred barrels, and branded whiskey.

The Pure Food Law aims at having the consumer get exactly what he calls for.

When you call for whiskey ask your dealer if it will respond to a government laboratory test.

Ask him if he guarantees it.

Then you will know what you are paying your money for. Buy the brand you know, the standard for 70 years.

Cyrus Noble—pure whiskey—all whiskey—old whiskey.
