Six or eight thousand people were present. Many of them had come on special trains from Louisville and other Rocky Mountain Plain to Blame for Kentucky centers. The bulk of the assembly was composed, however, of the country folk from Larue and adjacent counties. There was a notable absence of negroes in the crowd, but kept away by race prejudice.

to be present was Mrs. Ben Hardin Helm, the only surviving sister of Mrs. Lincoln, 92 years old, but she was kept at her home in Louisville, much to the regret of all, by her infirmities.

The exercises were conducted under a tent, erected alongside the cabin in which Lincoln was born 100 years ago. The weather was sufficiently disagreeable to render the tent useful. The president and his immediate party arrived shortly before 1 o'clock after a drive over a heavy red clay road from Hodgenville, and five minutes afterward Governor Willson called the assemblage together and introduced Rev. E. L. Powell, of the First Christian church of Louisville, who pronounced the invocation.

The president was frequently interrupted by applause. Mr. Roosevelt portions, it was located in Eastern confined himself closely to his manuscript, except at the beginning he departed from it to make reply to complimentary allusions to himself by Governor Folk.

The Alaska-Yukon-Pacific Exposition is within ten perc ent of being ready throw open to the world. By May 1, thirty days before the day set for the formal opening, it will be complete in every detail, with practically every exhibit and every Pay Streak attraction installed, so that when the big day comes on the first of June, it will break all exposition records by being ready and down to the minute on the day first announced.

The splendid buildings being erected by the United States government to house the exhibits of Alaska, Hawaii, the Philippines and the fisheries, are being rushed to completion and Canada's handsome structure is well under way. Oregon and California were first to complete state buildings and Oregon's

exhibit is now being installed. Other state buildings and the buildings of several of the provinces of the Dominion are under way and will be finished within the time limit. The magnificent scheme of electric illumination and decoration is ninety per cent complete and the landscaping and gardening, which are to make a

brilliant feature of the exposition, are as near completion. With its innumerable features so nea ready and with the northern railroads predicting an exposition transportation, through St. Paul alone, of 1,000,000 persons, it would seem that the A. Y. P. E. is to be one of the most notable of exposition successes.
