

ANNIVERSARY CELEBRATION

Two Years of Prosperity and Good Service in Heppner.

On Tuesday afternoon at 2 o'clock, March 30, F. C. Marquardsen will entertain the people of Morrow county at his big department store. This is not to be a sale day but strictly an afternoon of amusement and a chance for Mr. Marquardsen to express his thanks to the people of Heppner and the county for their appreciation of his efforts for the past two years.

The Marquardsen Department Store has been open to the public just two years on this date, and in every branch of this big store rapid strides of advancement toward meeting the demands of the people have been made and today Heppner can boast of one of the best stores of this nature outside of the cities.

The house will be elaborately decorated and ice cream and cake will be served to the visitors. Orchestra music will be furnished by the Heppner orchestra and a good time is expected.

Every person in Morrow county is cordially invited to attend.

C. R. Reiersen, who perhaps is the best decorator ever in Heppner, has the affair in charge and is doing everything within his power to make it a grand success.

BIG REAL ESTATE DEAL

Eight Hundred Acres at \$25 per Acre Spot Cash.

Eight hundred acres of Morrow county wheat lands, involving \$20,000 spot cash means a whole lot for Morrow county.

The H. E. Burchell wheat ranch near Lexington was purchased by James Davis of Multnomah county this week, for \$25 per acre.

The fact that outside parties are coming to this county and making large real estate investments is evidence that people are learning of our cheap lands and splendid opportunities that have been lying idle all these years.

Land and Sheep Sold.

Mills & Co. this week sold to W. E. Straight 1000 acres of grazing land for \$6.00 per acre. With the land Mills & Co. sold their band of 1700 ewes for \$6.00 per head.

Circuit Court.

Judge Bean and District Attorney Pheps came over from Pendleton, Monday.

Circuit court was convened in adjourned session, Tuesday. The docket was cleaned up by the disposal of several default foreclosure cases.

SHEEP IN GOOD CONDITION

No Scab to be Found in the Flocks of Mor- row County.

Dr. H. Silverwood, federal stock inspector, whose official station is at Albany, who has been in Morrow county for the past two weeks, has about finished the work of inspecting the sheep in this county.

To a Gazette representative, the inspector stated that he has found the sheep of Eastern Oregon, and especially Morrow county in much better condition than in the Willamette valley.

He says that he found the sheep in good condition and not a case of scab in this county.

"I was very much surprised to find such perfect conditions in your county," said Dr. Silverwood.

He found lambing progressing in a very satisfactory manner. In some cases 100 per cent of the lambs are being saved.

In speaking of conditions in general in relation to the sheep industry, Dr. Silverwood continued: "My advice to the sheep men when they bring their flocks from the summer range in the fall, is to dip for the eradication of sheep ticks which are already a menace to the sheep industry of no small dimensions.

"In one particular case that I have in mind, I noticed a band of sheep that was restless and the animals were continually scratching, resembling scab symptoms.

"We caught one of the band and the sheep was literally alive with ticks.

"Where they get to be this bad the injury is almost equal to scab for the tenacious parasite is continually annoying and sapping the blood and life of the sheep.

"If dipped when brought in in the fall and then followed up in 10 days with another dipping, using the same dip as for scab, and then again dip in a couple of years, I will guarantee that the ticks will be entirely eradicated.

"If the sheepmen will do this, I believe their profits will be increased 50 per cent.

"If freed from ticks, the coarse wools will average from 15 to 25 pounds heavier and the finer sheep from 10 to 15 pounds, while there would be a big increase in the weight of the fleeces.

Dr. Silverwood advises neighboring sheepmen to work together and build cement vats 18 inches wide at the top, eight inches in width at the bottom with a depth of 54 inches, the length to be governed by the number of sheep to be dipped.

The inspector says that the price of sheep is bound to go up, and nothing can stop it. The man who gives his sheep the best care will make the most money.

Good Price for Sheep.

W. B. Barratt of this city this week sold to Sunderman & Smith, of Buttercreek, a band of aged ewes with the wool on, for \$4.75 per head.

This is a good price and Mr. Barratt is well satisfied with the sale.

White Leghorn and Barred Rocks.

White Leghorn eggs for sale by the hundred at 65c per setting of 15. Single setting 65c. Barred Rock eggs at same price. See my chickens and you will want some like them. Leave orders at Cook's restaurant. A. J. Cook.

LOOKING FOR A LOCATION

Professors Jardine and Scudder Visit Mor- row County.

Professor Jardine, of Washington, D. C., representing the government and Professor Scudder, of the Oregon Agricultural College were here Friday to study conditions and get the sentiment of the people in relation to the establishment of a demonstration farm.

A meeting was held Friday evening with a small attendance, the predominating feature being a lack of enthusiasm.

On Saturday the professors accompanied by Banker T. J. Mahoney and Fred Tash drove out to the Eight Mile country and looked over that portion of the county.

On Sunday they visited the country between here and Lone. Several sites were examined in the vicinity of Lexington.

On Sunday afternoon they were driven to the Lone country by R. W. Hickok and conditions in that part of the country were looked over.

It is the desire of the professors to locate the farm as near the railroad as possible for the convenience of visitors.

The question of the location of the farm will be decided in a short time. The question of location, as well as can be learned, seems to be about an even break between Morrow and Gilliam counties, owing to the natural conditions desired for the demonstrations.

The object is to secure a place that will show up a good average of soil and precipitation in the semi-arid districts of Eastern Oregon.

Joe Hayes, of Heppner, is buying sheep in Grant county. He recently bought 600 head of two year-olds from Charles Boehler of Monument—Long Creek Ranger.

Baby Hands

REACHING THE SPOT

It Can Be Done, So Scores of Heppner Citizens Say.

To cure an aching back, The pains of rheumatism, The tired-out feelings, You must reach the spot—get at the cause.

In most cases 'tis the kidneys. Doan's Kidney Pills are for the kidneys.

Thos. Morgan, Heppner, Ore., says: "I feel it my duty to speak a good word in favor of Doan's Kidney Pills. I suffered for several years from kidney complaint and rheumatism. The attacks were so severe that I was laid up for a week or ten days at a time. I finally learned of Doan's Kidney Pills and procured a box at the Slocum Drug Co. This remedy went at once to the seat of the trouble and gave me great relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

Look Well Dressed All The Time

Look at any well dressed man and you will see that its the Fit and the good shape of his clothes that gives them style and makes him stand out in a group of men.

All tailors realize that they must put enough style into their clothes to make them pass muster while they are new.

But where is the tailor who can make clothes that will keep that good shape and style?

You know that most clothes soon wrinkle and bag and sag. Damp weather makes the trouble, because most clothes shrink a trifle on your back; not much, but just enough to ruin the style.

My shrinking process takes every particle of shrink out of the cloth before I cut into clothes. Royal Tailoring can't shrink, but will hold its good style until worn threadbare.
