## The Best Spring Medicine

It is as easy to prove that Hood's Sarsaparilla is the best spring medicine as it is to say it.

Spring Ailments are blood ailments-that is, they arise from an impure impoverished, devitalized condition of the blood; and Hood's Sarsaparilla purifies, enriches and revitalizes the blood as no other medicine does.

It is the most effective of all blood medicines.

There is Solid Foundation for this claim, in the more than 40,000 testimonials of radical and permanent cures by this medicine, received in two years, this record being unparalleled in medical history.
