POLICE AT BARGAIN RIOT.

Three Thousand New York Women

in Rush for Cheap Goods. New York, April 26 .- Upwards of ,000 women Saturday engaged in one of the fiercest bargain riots at Broadway and Suydan streets, Williamsburg, that the Brooklyn police have ever been called upon to quell. The trouble was caused by liberally advertised sales by rival five and ten-cent stores, located within a few doors of each other.

These sales were advertised to begin at 8:30 o'clock, but long before 7 o'clock women began to arrive and crowd about the unopened stores. Women from every quarter of Williamsburg arrived to swell the crowd. When the doors opened at the designated hour, according to the reckoning of the police, more than 3,000 were packed into Broadway. With a rush they

forced their way into the stores. So great was the crush from those who were struggling to be among the first to gain admission, that scores of women fell in a faint and were trampled by women who followed. Police reserves were called out to quell the riot. Mounted men rode through the crowd, and by using their clubs were finally able to force the women back.
