D. A. Herren is making preparations to put in a large water wheel in the river just below the bridge. The crib work and wheel will be put in as soon as the material can be hauled, while the river is low, and got in readiness to operate a pumping plant next season; and if enough power can be had from the wheel, will also put in a small light plant.—Spray Courier.

The big monkey, the star actor in one of the features at the Gentry Bros. show, jumped his job and made a successful get away at the evening performance in this city last Saturday. Two men were left by the show to look for the runaway. The monkey was found Sunday out at Kinsman's slaughter house near town. When found the monk was still attired in his dress suit and offered no resistance when asked to return to his former job. The animal was driven to Echo Sunday afternoon and was ready for Monday's performance at Pendleton.

For resourcefulness, Morrow county's teachers take the front rank. On Monday morning of this week, Miss Elza Love was driving to town from the Fred Lucas place, and while coming down the grade south of town some part of the harness broke. It looked as if a walk to town would be necessary, but upon examining the harness, and finding nothing at hand to mend it with, she drew a hatpin from her hat and pinned the broken parts together, driving on to town as though nothing had happened.

C. R. Kluger, the jeweler, 1060 Virginia Ave., Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed." **Canadian Pacific Railroad Land.**

Can there be a better investment than first class farm land?

Investors often do well buying city property, mining stock, timber land or by going in the mercantile business, but they must admit there is a certain amount of risk, but who can say there is any chance in buying good farm land under \$20.00 per acre—land that will raise from 25 to 60 bushels of grain per acre as well as being adapted for growing all kinds of vegetables, fruit, berries and hay.

We are agents for Canadian Pacific Railroad lands in Southern Alberta. Non irrigable land from \$12.00 to \$18.00 per acre; irrigable land up to \$30.00 per acre. One-tenth of the purchase price in cash, balance on nine equal installments, or this land can be sold on the crop payment plan.

Write to us for circulars and further information.

We also have wheat and stock farms for sale in Eastern Oregon and Washington, fruit and walnut land in the Willamette Valley, 5 to 10 acre tracts near Portland and all kinds of city property in Portland including lots, residences, water front and business property in the best part of the city.
