Children Cry FOR FLETCHER'S CASTORIA

C. R. Kluger, the jeweler, 1000 Virginia Ave., Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me after the doctors and other remedies had failed." Shoenm Dm Co.

Hexamethylenetetramine
The above is the name of a German chemical, which is one of the many valuable ingredients of Foley's Kidney Remedy. Hexamethylenetetramine is recognized by medical text books and authorities as a uric acid solvent and antiseptic for the urine. Take Foley's Kidney Remedy as soon as you notice any irregularities, and avoid a serious malady. Slocum Drug Co.

FATHER AND SON.
Some years ago, when the custom of sending small boys up chimneys to sweep them was still in vogue, a well known sweep and his son started to work on a very tall chimney belonging to a mill. To reach the chimney it was necessary to crawl through a flue thirty feet long. The father covered the boy's face with a bag and sent him in. In a few minutes he called "Billy!" No answer. "Billy!" Still no answer. And he called again and again, but no voice replied, and at last he began to be frightened and said: "Oh, Lord, the poor boy is smothered! Whatever will his mother say?" At the same time he was using all the pious expressions he could think of. At this moment a voice was heard from the top of the chimney, "Feyther, feyther, mun I come down the lightning rod or mun I come down inside?" The father gasped for breath a moment, then shouted, "Come down, thou young imp, inside or out, and when I catch thee I'll break every bone in thy body!"—London Telegraph.

Lightning and Rubber Tires.
"In a thunderstorm you can't be in a safer place than a motorcar," said an electrician. "It's the tires. They insulate you. With lightning playing all about, the tires protect the occupants of the car perfectly. The occupants are as safe as though they weren't there. The rubber of the tire and the dry air filling it form this insulation. It's impregnable, and they who fear the lightning can't do better, in a thunderstorm, than to order out the car."—Kansas City Star.

Two Sides to Consider.
"Pa makes me do lots of chores."
"Why don't you strike?"
"If I did he would too."—Judge.
