Children Cry FOR FLETCHER'S CASTORIA

H. W. Fall, of Lexington, was doing business in Heppner, Tuesday.

You can't keep a good man away from a good town. A. W. Goodman is back to Heppner in charge of Minor & Co's clothing department.

Prof. D. C. Kellems will conduct services at the Christian church on Saturday evening, February 19, and on Sunday morning and evening. You are welcome to these services.

J. S. Potter, better known as Crazy Joe, was in town a few days ago, supplying our people with pigs and poultry. While here he gave his friends an exhibition of his ability as a skirt dancer which excelled anything seen in this line for some time.—Nyssa Sun.

In the annual report of Master Fish Warden McAllister, lately submitted, it is shown that the 1909 crop of salmon harvested in the waters of the Columbia river, Oregon side, amounted to 17,604,997 pounds, which is a decrease of 858,549 pounds. The chief reason for the decrease is thought to be the shortening of the open season by the legislature. Blueback salmon alone show a gain in the pack over 1909.

The revival meetings at the South Methodist church continue with unabated interest. Over 30 conversions and many serious people in attendance. It is not known just how long the services will continue. Rev. Warren has announced publicly several times that they may run until harvest (?) He seems to be at home in this kind of work. Rev. Walter L. Airheart is assisting this week, doing most of the preaching. All the protestant churches are mixed up in this meeting and there seems to be splendid unity of spirit and effort. Sunday morning there will be a baptismal service and reception of members. Sunday night Rev. E. P. Warren will preach on "Profit and Loss." Every business man is invited. E. P. WARREN, pastor.

The Great Northern Railway will exploit Central Oregon, and has sent two men through that territory to get data for bulletins and other railroad publications that will describe the country thoroughly and tell prospective settlers what they may expect there. The valley of the Deschutes river tributary to the Hill road now building up the Deschutes will come in for much favorable publicity and its resources, crop possibilities and general future will be told. The Hill lines are taking an interest in Oregon that will mean much for the state. At exhibit rooms in St. Paul, the Great Northern shows Oregon products and similar exhibits are to be maintained by the railroad company in Philadelphia and Boston. These places will direct a great deal of attention to the opportunities in Central Oregon for the settler.

Big Appropriations for Columbia.

That the Columbia river improvements fared well in the Rivers and Harbors bill now before congress was the advice received in Portland this week from the capital. A total of \$2,153,5000 is proposed to be spent on Columbia river work and items provided for in the bill are as follows: Wenatchee to Bridgeport, \$25,000; Bridgeport to Kettle Falls, \$50,000; Celilo to Snake river, \$90,000; at The Dalles, \$600,000; Cascades canal, \$5,000; Vancouver, \$7,500; below Portland, including Willamette river, \$175,000; mouth of Columbia, \$1,200,000; gauging \$1,000.

If this money is appropriated, as now seems likely, the improvements to the Columbia during the coming year will be lasting in their benefits and will be of great advantage to the whole Pacific Northwest. The work is too important to be claimed as a betterment by any one state for an open river from the Inland Empire to the sea will benefit almost every person living in the Northwestern states more or less directly.

By clearing out the upper river, steamboat navigation will be aided, with a good effect on rates to and from the interior, while the improvement of the channel to the sea from the Columbia will facilitate ocean shipments both to and from the Northern states.
