### Raise in Price of Meals.

Heppner, Oregon, April 28, 1910.

To the many old time friends and patrons of the Palace Hotel, living in Morrow county and Eastern Oregon, we want to thank them all for their kind and courteous treatment and patronage during the nearly four years of our acquaintance with them. We appreciate their loyalty and hope in the future to merit their continued patronage, but owing to the rapid advance in the cost of all food products, has compelled us to on and after May 1, next, advance the price of meals to 35c to the transient trade. We will always furnish the best meal in the city and hope to retain your confidence and patronage. Thanking you for your loyalty in the past and asking for its continuation we are  
Yours truly,  
MADDOCK & CO.

#### One Conductor Who Was Cured.

Mr. Wilford Adams is his name, and he writes about it.—"Some time ago I was confined to my bed with chronic rheumatism. I used two bottles of Foley's Kidney Remedy with good effect, and the third bottle put me on my feet and I resumed work as conductor on the Lexington, Ky. Street Railway. It gave me more relief than any medicine I had ever used, and it will do all you claim in cases of rheumatism." Foley's Kidney Remedy cures rheumatism by eliminating the uric acid from the blood. All druggists.

#### Read About the

### Mt. Vernon Hot Springs

They are located in the beautiful John Day Valley, 2½ miles north of Mt. Vernon, and 12½ miles west of Canyon City in Grant County, Oregon. The elevation is 2700 feet and the climate is mild throughout the year. The springs which furnish water for the bath and swimming pool flow 25,000 gallons per day of highly mineralized hot water of a temperature in the different springs of 100 to 122 degrees F. These springs are without rival or competition for the reason that you can get the water just the proper temperature for bathing without artificial heating or diluting with cold water and thereby destroying the medicinal properties. These springs have but recently come to public notice. They have just been fitted up for the comfort and benefit of the invalid and those seeking recreation.

Nature was the chemist who compounded the water which cures, and in her laboratory deep in the mysteries of the earth she prepared these curative waters; and those suffering from rheumatism, gout, skin disease, kidney or bladder trouble or any catarrhal condition of the stomach find almost instant relief and in most cases permanent cures in from four to eight weeks.

Our charges are reasonable. Come when you will, winter or summer; we are always open and ready to welcome you.
