Frank Roberts has discovered certainly a freak in the way of an apple blossom up on his place. The blooming tree is a crab apple, and it has a bloom that answers every requirement and appearance of a rose. Now the question is whether it is a rose bush that produces crab apples, or a crab apple tree that produces roses.

Sheep shearing is now well along in Morrow county. In the lower altitudes, shearing is over, and the foothill flockmasters are now engaged in taking off the fleeces. Jake Wattenberger who has been running a 24 machine shearing plant at Echo, finished the work last Sunday after taking off 30,000 fleeces. Mr. Wattenberger started up the plant for Minor Bros. this week with 18 men. The wool this season is unusually clean and of good quality.

## Mt. Vernon Hot Springs

They are located in the beautiful John Day Valley, 2 1/2 miles north of Mt. Vernon, and 12 1/2 miles west of Canyon City in Grant County, Oregon. The elevation is 2700 feet and the climate is mild throughout the year. The springs which furnish water for the bath and swimming pool flow 25,000 gallons per day of highly mineralized hot water of a temperature in the different springs of 100 to 122 degrees F. These springs are without rival or competition for the reason that you can get the water just the proper temperature for bathing without artificial heating or diluting with cold water and thereby destroying the medicinal properties. These springs have but recently come to public notice.

They have just been fitted up for the comfort and benefit of the invalid and those seeking recreation.

Nature was the chemist who compounded the water which cures, and in her laboratory deep in the mysteries of the earth she prepared these curative waters; and those suffering from rheumatism, gout, skin disease, kidney or bladder trouble or any catarrhal condition of the stomach find almost instant relief and in most cases permanent cures in from four to eight weeks.

Our charges are reasonable. Come when you will, winter or summer; we are always open and ready to welcome you.

H. A. MURPHY, Prop.  
Mt. Vernon  
Oregon

A man is known by the company he keeps and the company he keeps most are his own clothes.

Sincerity Clothes

He is with them from eight to sixteen hours every day. He has to take them into dinner with him; he has to appear on the street with them; he has to introduce them to every friend he meets. And he can't apologize for them, for he is responsible for having them. Many a young man's job has been spoiled by the cut of his coat, many a business and professional man has received the attention usually given to a boy because he was wearing a boy's suit. Many a man whose business it was to look neat has looked shabby because he made a bad choice in a suit of clothes.

Sincerity Suits and Overcoats are made for more than one purpose and in more than one way. The college man has a Sincerity line of clothes as distinct from the business man as his life is distinct. And there is a line of

## Sincerity Clothes

made as exclusively for the business man as his business is exclusive. A large man doesn't just have a little bit larger size in Sincerity Clothes; he has a different pattern and a different cut. For a large man cannot wear the same fabrics that a small man can. Sincerity Clothes next are made to wear and the months and even years of wear that you get out of them is directly the result of what the manufacturers put into them. There are thirty-seven hand processes in a pair of Sincerity trousers and forty-three in a coat, which makes a suit of Sincerity Clothes exactly the same as the average tailored suit. The reason we sell Sincerity Clothes is that we have been able to find none better in the market, and the reason you will continue to wear Sincerity Clothes is because you will say in your enthusiasm after you have worn them, that there is no other suit or overcoat half so good. The garment that will fit your business and your pleasure in life as well as your age and your form is here waiting for you today. You will be surprised to find how much Sincerity Clothes mean when you come in and look over our stock.
