About two months ago I started taking Foley's Kidney Pills and soon saw they were doing just as claimed. I kept on taking them and now I am free from backache, and the painful bladder misery is all gone. I like Foley Kidney Pills so well that I have told many of my friends and comrades about them and shall recommend them at every opportunity. All druggists.

JAPANESE HEROISM.

The Brave Record of the Loss of a Submarine Vessel.

Subjoined is the translation of a message written by Lieutenant Tsutomu Sakuma, who was in command of the Japanese submarine No. 6, which foundered while manœvering in Hiroshima bay. The message was found in the conning tower of the submarine after she had been brought to the surface:

"It is with the deepest regret that I write this message to describe the loss of this boat with my fellow officers and men, due to my own fault. I would here specially mention that all steps have been taken to raise her, my comrades and men working earnestly and calmly till the end. I ordered the ship to dive with the engine running, but as I found she went down too far I tried to shut the valves which admit the sea water to the ballast tank, but unexpectedly the chain working these valves broke, and I was left helpless, unable to control the boat. Meanwhile the tanks filled with water, and the boat went down at an incline of about twenty-five degrees. After striking the bottom the water began rushing in, the switchboard was immersed in water, all electric lights went out, the fuses burnt away, and the boat was filled with poisonous gases, so that we experienced the greatest difficulty in breathing.

"Under these conditions we worked our very utmost with the hand pumps to empty the main ballast tank, which, I believe, we succeeded in doing, although we could not read the gauges owing to darkness. No electric current was available, as I mentioned before, and our last hope of rising to the surface lay in working the hand pumps only.

"I write this in the dim light coming from the conning tower—11:45 a. m.

"I earnestly beseech his majesty to grant me forgiveness and to succor the families of my comrades and men who have lost their lives in this perishing boat. This is my only wish. 12:30 p. m.

"It is with the utmost difficulty that I can breathe, though I am sure we must have blown out the gasoline entirely from the tanks. I cannot continue any more. 12:40 p. m.—London Times.

A DOMESTIC TRAGEDY.

She Tried to Fascinate Hubby and Was Rudely Shocked.

She had been reading that a titled Englishwoman advises married women to flirt with their husbands. As she finished the article her husband came home to dinner. She ran to meet him. "A little late tonight, duckydoozelum," she said, with a dimpling smile. "What's that?" he growled. She looked at him archly. "Don't you dare to kiss me!" she uttered.

"Gee," he cried. "I don't intend to! What put that in your head?" She half closed her eyes and coyly surveyed him through the drooping lashes.

"Don't you want to sit here by me on the sofa?" she cooed. "No, I don't. Why, you told me only yesterday that the springs were getting weak. Aren't you feeling well?"

She laughed softly and shot him a side glance and drew in her cheeks and flashed her white teeth and perceptibly winked.

He drew back suddenly. "What's the matter with you?" he demanded. "Who are you imitating? Can't you make your face behave?" She picked up the paper she had been reading, and flung it into the decorated wastebasket.

"There's nothing the matter with me," she coldly replied. "Just mugging for fun, eh? Glad of that. Stimson was telling me today about a lot of trouble his wife is having with her facial nerves, and I was afraid you'd caught it. Ain't that confounded dinner ready?"—Cleveland Plain Dealer.

Popular Jokes.

The most popular joke which has been published in any language in the history of the world is stated to be that which appeared in an obscure corner of the Punch almanac for 1845. It read: "Advice to persons about to marry—Don't!" It would be interesting to know who was its author. "Another, founded on a similar subject, was the 'Advice to persons who have fallen in love—Fall out!' One of the most brilliant things that ever appeared in our contemporary was the brief dialogue between an inquiring child and his impatient parent: "What is mind?" "No matter." "What is matter?" "Never mind."—Westminster Gazette.

The Parting.

"Benson was a good friend of mine, and I hated to lose him. He always wore a cheerful smile and seemed in the best of spirits. It will be hard to find another fellow so genial, so full of the joy of life."

"What's the matter? Has Benson left town for good?"

"No."

"Surely he isn't dead?"

"No. He borrowed \$5 from me this morning."—Birmingham Age-Herald.

Then He Made a Home Run.

Read About the Mt. Vernon Hot Springs

They are located in the beautiful John Day Valley, 2 1/2 miles north of Mt. Vernon, and 12 1/2 miles west of Canyon City in Grant County, Oregon. The elevation is 2700 feet and the climate is mild throughout the year. The springs which furnish water for the bath and swimming pool flow 25,000 gallons per day of highly mineralized hot water of a temperature in the different springs of 100 to 122 degrees F. These springs are without rival or competition for the reason that you can get the water just the proper temperature for bathing without artificial heating or diluting with cold water and thereby destroying the medicinal properties. These springs have but recently come to public notice.

They have just been fitted up for the comfort and benefit of the invalid and those seeking recreation.

Nature was the chemist who compounded the water which cures, and in her laboratory deep in the mysteries of the earth she prepared these curative waters; and those suffering from rheumatism, gout, skin disease, kidney or bladder trouble or any catarrhal condition of the stomach find almost instant relief and in most cases permanent cures in from four to eight weeks.

Our charges are reasonable. Come when you will, winter or summer; we are always open and ready to welcome you.
