Mr. Isaac Cook, Commander of above Post, Kewanee, Ill., writes: "For a long time I was bothered with backache and pains across the kidneys. About two months ago I started taking Foley's Kidney Pills and soon saw they were doing just as claimed. I kept on taking them and now I am free from backache, and the painful bladder misery is all gone. I like Foley Kidney Pills so well that I have told many of my friends and comrades about them and shall recommend them at every opportunity. All druggists."

Large Tract Taken From National Forest.

The President has signed a proclamation eliminating 308,635 acres from the Wallowa National Forest, Oregon. The elimination is the result of a careful examination made by the U. S. Department of Agriculture during the past summer, which disclosed the fact that the areas now eliminated were either open grass land with very little timber or timbered areas so largely alienated that further administration by the Forest Service was considered impracticable. The lands released are not needed for watershed protection, and are not considered to be chiefly valuable for National Forest purposes.

Section 6 and the west half of Section 5, T. 4 N., R. 42 E., is transferred from the Wallowa to the Wenaha Forest, the area having been isolated from the Wallowa by the large eliminations.

The unappropriated portions of the area eliminated by this proclamation will be restored to settlement and entry after having been advertised in the local papers by the Secretary of the Interior.

Read About the Mt. Vernon Hot Springs

They are located in the beautiful John Day Valley, 2 1/2 miles north of Mt. Vernon, and 12 1/2 miles west of Canyon City in Grant County, Oregon. The elevation is 2700 feet and the climate is mild throughout the year. The springs which furnish water for the bath and swimming pool flow 25,000 gallons per day of highly mineralized hot water of a temperature in the different springs of 100 to 122 degrees F. These springs are without rival or competition for the reason that you can get the water just the proper temperature for bathing without artificial heating or diluting with cold water and thereby destroying the medicinal properties. These springs have but recently come to public notice. They have just been fitted up for the comfort and benefit of the invalid and those seeking recreation.

Nature was the chemist who compounded the water which cures, and in her laboratory deep in the mysteries of the earth she prepared these curative waters; and those suffering from rheumatism, gout, skin disease, kidney or bladder trouble or any catarrhal condition of the stomach find almost instant relief and in most cases permanent cures in from four to eight weeks.

Our charges are reasonable. Come when you will, winter or summer; we are always open and ready to welcome you.
