Long Beach is Attractive.

Long Beach, Wash. June 6, 1910—The fine weather prevailing on the North Beach is bringing hosts of visitors to the Ocean shore, intent on securing rest and a good coat of tan.

The outlook is particularly bright for a remarkably busy season this summer, the number of visitors at this time being far greater than ever before at the same time of the year.

The march of Progress is evident throughout the entire length of the beach, and development being assured, prosperity is but a matter of course. Work on the Automobile Boulevard is progressing very rapidly, beach houses by the score are being erected, and new rooming houses and old are being rapidly put into shape to take care of the hordes of summer transients which will soon be down upon us.

The North Beach Push Club with its combined effort, shouldering the wheel of Progress, has awakened an era of activity, which will undoubtedly secure the proper recognition of the unsurpassed advantages of the North Beach for enjoyable outings, and, at the same time, all the comfort of home.

Negotiations are now pending with Portland capitalists for the installation of a water system to supply the beach and surrounding countryside with fine mountain water. With the consummation of this project, one of the obstacles to an otherwise incomparable locality is obviated.

Farmers Union Elects Officers.

The Farmers Union of Morrow county met in force at Eight Mile Center school house last Thursday to elect officers for the ensuing year and to hold an old time picnic.

Notwithstanding the heavy rain there were representatives from Hardman, Lexington, Ione, Heppner and Liberty and a most enjoyable time was reported by those in attendance. It was the intention to hold the meeting and basket dinner in Jones' grove, but the steady downpour of rain drove the picnicers to the school house where the election was held and the dinner served.

State President F. A. Sikes of Milton, and State Organizer Hill of Pendleton, were present, who made brief talks in behalf of the Union.

The officers elected for the ensuing year were: C. E. Jones, Eight Mile, president; Joe Waters, Ione, vice president; Spencer Akers, Heppner, secretary-treasurer; Will Barlow, Eight Mile, chaplain; George Parman of Gooseberry, Omar Stanton of Hardman, and Mr. Brewer of Lexington, were elected on the Executive committee.

The dinner which was served after the election of officers was reported to have been a very interesting feature and was thoroughly enjoyed.

The Cure.

He—There is a certain young lady deeply interested in me, and while I like her, you know, still I never could love her. I want to put an end to it without breaking the poor girl's heart. Can you suggest any plan?

She—Do you call there often?

He—No, indeed; not any oftener than I can possibly help.

She—Call oftener.

What Did He Mean?

Mrs. Benham—Death is the debt we owe to nature. Benham—Nature does not send out her bills often enough.—New York Press.

Read About the

Mt. Vernon Hot Springs

They are located in the beautiful John Day Valley, 2 1/4 miles north of Mt. Vernon, and 12 1/4 miles west of Canyon City in Grant County, Oregon. The elevation is 2700 feet and the climate is mild throughout the year.

The springs which furnish water for the bath and swimming pool flow 25,000 gallons per day of highly mineralized hot water of a temperature in the different springs of 100 to 122 degrees F. These springs are without rival or competition for the reason that you can get the water just the proper temperature for bathing without artificial heating or diluting with cold water and thereby destroying the medicinal properties. These springs have but recently come to public notice.

They have just been fitted up for the comfort and benefit of the invalid and those seeking recreation.

Nature was the chemist who compounded the water which cures, and in her laboratory deep in the mysteries of the earth she prepared these curative waters; and those suffering from rheumatism, gout, skin disease, kidney or bladder trouble or any catarrhal condition of the stomach find almost instant relief and in most cases permanent cures in from four to eight weeks.

Our charges are reasonable. Come when you will, winter or summer; we are always open and ready to welcome you.
