

### A Blue Mountain Trip.

A Gazette representative enjoyed a very pleasant trip in the Blue mountains at the home of Mr and Mrs Willard Herren. Mountain trees and shrubbery are now dressed in their most fashionable clothes, and the many beautiful colors are arranged in pleasing contrast. Eastern Oregon's fall weather is the finest, and at this time of year the higher altitudes add a delicate flavor. Jack Frost is a frequent visitor and in the mornings forces recognition by nipping at one's fingers. The rainfall has been much greater in the Willow creek basin this fall than lower down in the valley and the absence of dust up there is a pleasant change for the person leaving the fogs of disintegrated real estate. The writer was off bright and early Sunday morning for a deer hunt. Willard Herren certainly knows the mountains and he also knows the haunts of the occasional buck that inhabits the wilds of the woods.

Willard is a good guide but it is a toss up which is the easiest for the tenderfoot to keep up with, the guide or the buck. Those long and noiseless strides seem so easy while the tenderfoot gradually lagged behind, the monotony of the mountain stillness being broken only by the puffs of the trailer that would put a porpoise or a gasoline engine to shame.

A nice little climb is that to the top of Black mountain. Rising sheer and stately to an elevation of 6,000 feet the distances are deceiving.

A few climbs like this will have a tendency to decrease the membership of Heppner's Mazama society.

Up on the mountain it was a game of hide and seek with two fine bucks. The game was principally seek on the part of the hunters. There is at least one deer for every million acres of brush and it is not strange that we found only a ravenous appetite and that tired feeling.

### Residence Destroyed by Fire.

The handsome residence of Alex Cornett was destroyed by fire last Sunday night.

The fire started after Mr and Mrs Cornett had gone to bed and the origin of the fire is a mystery. The blaze started in a store room off from the kitchen. There was no stove in this room.

The fire had gained good headway and was breaking through the roof when discovered at about 10 o'clock.

The loss is \$5,000 with insurance of \$2,500.

### Meeting of Republican Central Committee.

The Morrow County Republican Central Committee held a meeting at the court house yesterday evening.

W W Smead was elected county chairman. T J Mahoney was elected state committeeman.

The increase in livestock production throughout the Northwest following the establishment of a big market at Portland is shown in receipts at the local packing plants. One day last week receipts at the stock yards were over 4,000 head. These animals were shipped from various localities in Oregon, Washington, Idaho and Montana, and such deliveries show that the money formerly going East for large shipments of livestock is being kept here at home.

The total value of agricultural products of the state of Oregon for the current season is given at \$115,000,000.

During the past five years, statistics show that Oregon has increased 60 per cent in manufacturing.

### Worse Than Bullets.

Bullets have often caused less suffering to soldiers than the eczema L. W. Harriman, Burlington, Me., got in the army, and suffered with forty years. "But Buck's Arnica Salva cured me when all else failed," he writes. Greatest healer for Sores, Ulcers, Boils, Burns, Cuts, Wounds, Bruises and Piles. 25c at all drug stores.

D. C. Gurdane, the enthusiastic Mor-

row county representative, informs us that Irrigon swept everything in the different varieties of grapes, and big watermelons, and had a magnificent display of canned fruits of all kinds. Mr. Gurdane feels very kindly toward the enterprising people of Irrigon, and especially Prof. Kicker, for the great interest they took in making up a fine display of produce, and this collection from Irrigon was one of the best advertisements this county has had for many years. Irrigon fruit and vegetables attracted wide attention and many splendid compliments from all visitors at the big fair.

For future fairs, Mr. Gurdane wishes to impress upon our farmers and fruit raisers the necessity and importance of spraying, cultivating, trimming and taking better care of their fruit trees than they have done in the past, so that it will not be such a difficult task to gather a creditable display to compete with the fine, clean fruit exhibited by the Free-water and other Umatilla county fruit raisers.

W. O. Minor won first prize for grasses having displayed about 80 varieties, all products of Morrow county, constituting the greatest display of native grasses ever seen anywhere in the Northwest. This exhibit attracted great attention, and Mr. Minor was warmly complimented for his pains and energy in gathering this splendid exhibit.

There were 400 plates of fruit exhibited from Morrow county, and everyone who visited the fair from this county pronounced our display the greatest and best-selected ever taken from here.

About \$500 premium money was distributed among the various Morrow county exhibitors.

### Decrease in 1910 Wheat Crop.

The production of Spring wheat, as estimated by the crop reporting board for 1910, was 233,475,000 bushels, compared with 290,323,000 bushels in 1909, the yield per acre being 11.8 bushels, compared with 15.8 in 1909 and 13.7 the 10-year average. The quality was 94.1 per cent compared with 86.2, the 10-year average.

### The Call of the Blood

For purification, finds voice in pimples, boils, sallow complexion, a jaundiced look, moth patches and blotches on the skin—all signs of liver trouble. But Dr. King's New Life Pills make rich red blood; give clear skin, rosy cheeks, fine complexion, health. Try them. 25c at all drug stores.

An energetic campaign will be carried on throughout the Northwest for more hog raisers. An information bureau on the hog question will be maintained by the Portland Union Stockyards company and a systematic effort made to turn the attention of the farm population toward this profitable industry.
