BOOSTER CLUB ORGANIZED

Morrow County Citizens Are Enthusiastic Over Advertising Resources.

Morrow county citizens are beginning to wake up.

The Bip VanWinkle story as applied to this county will soon be a thing of the past.

Monday evening was a busy one in Heppner.

A meeting was held last Friday evening in the council chamber for the purpose of arranging for county organization to take up the O R & N advertising proposition.

A committee consisting of Sam E Van Vactor, S E Notson and Fred Warnock was appointed by Mayor Woodson to arrange plans for organization and for soliciting membership and funds.

The meeting Monday evening was opened by the Heppner Commercial Club. After reading minutes of a former meeting and discussing a few minor matters, the Commercial Club adjourned to give way to the organization of the Boost Club.

Mayor Woodson was in the chair.

Frank Gilliam's motion to organize the Boost Club carried.

The plans with constitution and by-laws for the new organization as arranged by the committee were submitted, and read by Secretary Cox, and adopted.

Temporary organization was effected.

C E Woodson was elected temporary president and Prewitt Cox was elected temporary secretary.

The membership roll was opened and the following committee was appointed to solicit membership:

R F Hynd, E C Maddock, S E Notson, W S Wharton, M D Clark, James Thomson, Fred Warnock.

Speeches by Sam E VanVactor, R F Hynd, James Wyland, T J Mahoney, S E Notson, and Mayor Woodson added much enthusiasm to the meeting.

The question of Heppner business men making a tour of the county in order to get better acquainted not only with the people but with the needs of the different sections.

The development work will be conducted on a broad minded and liberal policy in which no part of the county will be overlooked.

It was decided to meet the people of Hardman, Ione, Lexington and Irrigon, as well as taking in some of the farming districts.

It is the intention to encourage in every way possible the organization of clubs all over the county in order that all of the people may work together in accomplishing results which will be of benefit to the county in general.

Following is an outline of the main points in the constitution and by-laws:

Name, Morrow County Boost Club. Object shall be for the promotion of matters of public interest to Morrow county.

The officers shall be president; first, second, third, and fourth vice president; treasurer, and corresponding secretary.

Executive committee shall consist of the president and six active members of the club appointed by the president.

Any citizen of Morrow county may become an active member upon election by a majority of the members and the payment of the initiation fee, and any citizen of the state of Oregon may become an associate member by subscribing his name to the associate membership list. Associate members shall not

be liable for dues and shall not be entitled to vote.

The by-laws provide for an initiation fee of \$1.00, with dues at the rate of \$1.00 per quarter.

The president will be empowered to appoint the following committees:

Finance—Three members.
Ways and Means—Five members.
Publicity—Three members.
County Improvements—Three members.

All of the committees to be under the direction and control of the executive committee.

MCARTHUR TO SPEAK

Arrangements Being Made for Republican Rally Saturday Evening.

Hon. C. N. McArthur, Speaker of the House of Representatives of the Oregon Legislature, and Private Secretary to Governor Benson, will address the citizens of Morrow county at Ione, Saturday afternoon at 2:30 and will then proceed to Heppner, where a big rally is to be held at 8:30.

Mr. McArthur will be accompanied by Hon. George E. Cochran, Republican candidate for Water Commissioner, and other prominent Republicans of the State, who will also make addresses.

Everybody, little, big, young and old, invited.

The city council met in regular session Monday evening. Routine work and payment of the bills constituted the work of the meeting.

Up to this time farmers generally have not been inclined to sell their wheat and only an occasional sale has been reported. Saturday last several sales were made, the largest sale being that of Doherty Brothers of Lexington, who sold 4,600 bushels of No. 1 blue stem for 74 1/2 cents per bushel, this being above the market price owing to the extra quality of the wheat.

Capt. Bogardus Again Hits the Bull's Eye.

This world famous rifle shot who holds the championship record of 100 pigeons in 100 consecutive shots is living at Lincoln, Ill. Recently interviewed, he says: "I suffered a long time with kidney and bladder trouble and used several well known kidney medicines, all of which gave me no relief until I started taking Foley's Kidney Pills. Before I used Foley's Kidney Pills I had severe backaches and pains in my kidneys with suppression and a cloudy voiding. On arising in the morning I would get dull headaches. Now I have taken three bottles of Foley's Kidney Pills and feel 100 per cent better. I am never bothered with my kidneys or bladder and again feel like my own self." Sold by all druggists.

BOWERMAN TELLS WHAT HE WILL DO

Republican Nominee for Governor Pledged to Needed Reforms.

On the morning following his nomination, Acting Governor Jay Bowerman, Republican nominee for Governor, gave out an interview in which he defined his position with regard to important questions with his customary positiveness. Aside from declaring for an economical and business-like administration of state affairs, Mr. Bowerman promises the people of the state other necessary reforms. He agrees to use his best efforts towards securing to the people the full and immediate benefit of the state's resources. His statement follows:

"I wish first to express my sincere gratitude to the many friends who have given me such loyal support throughout the state. I feel that this nomination is an expression of confidence in me—a confidence which I shall earnestly endeavor fully to justify after my election in November.

"The contest which has just closed has been devoid of unpleasant features and my relations with the other candidates and their supporters have been at all times entirely friendly. Each of my opponents conducted an honorable and vigorous campaign. I hope that I shall not only receive the support of my opponents, but of a united Republican party.

"In the primary campaign just closed, I publicly declared that if elected, I would give to the people the most efficient economical and business-like administration within my power. To be more specific, I refer to the administration of the state institutions in which about \$800,000 of the taxpayers' money is expended annually; the management and control of those most valuable rights pertain-

ing to the tide lands, shore lands and other state lands, the lending with proper security of the irreducible educational funds which now amount to more than \$6,000,000, and the use of due care in the selection of the large army of state employes.

"Pull" Will Win No Job.

"I wish to reiterate my previous statements relative to the changes I contemplate in the method of purchasing state supplies, the adoption of which will result in the saving of a large amount of money. While filling the office of Governor of this state I have indicated to many of the state's appointees and officers, who hold by appointment, that their time belongs during the business hours, entirely to the state and that they have no right to devote it to political activity in the interest of anyone. I shall not retain an incompetent officer or employe on account of any political "pull" he may have, nor dispense with efficient service for the lack of it.

"As a member of the State Senate I used every effort to assist in drafting and passage of our present railroad commission statute. There are in the state other large concerns of a public nature that are under no state regulation. I refer to the electric light,

power, railway and gas companies. I shall favor, and, if possible, secure the adoption of a statute that will give to the public the same redress and protection now enjoyed under the railroad commission law, and I shall make it my particular business to see that these statutes are rigidly enforced.

"I shall oppose the creation of an unnecessary board or commission, but I consider it highly important that these public utility corporations be regulated by a comprehensive statute to be enforced, either by a special commission created for that purpose or by the railroad commission after its powers have been sufficiently enlarged.

Horses and Wagon Pileup.

Elsie Sutton while hauling wheat experienced a dangerous mixup last Friday.

Mr Sutton started to town with a six-horse team and two wagons heavily loaded with wheat. Just after leaving Heppner Flat in coming down the hill where the grade is heavy, the brake on the front wagon gave away, and being unable to operate the brake on the hind wagon, Mr Sutton soon found himself in a dangerous predicament.

The horses were unable to hold the wagons and were run down all landing in a ditch. One of the horses was wedged so tightly under the wagon that it was necessary to hitch a team to the animal to extricate him from the wreck.

Three of the horses were hurt but none of them were badly crippled.

Mr Sutton was thrown out but luckily escaped without injury.

Saturday was an unusually lively day in Heppner. The merchants report a big trade.

LAFFERTY TO SPEAK

Republican Nominee For Congress Will be Here Next Wednesday.

A. W. Lafferty, Republican nominee for Congress, will speak in Heppner next Wednesday, Oct. 26, at 8 p. m.

Mr. Lafferty is going over the entire Congressional district again, as he did in the primary campaign, when he covered 586 miles by stage and nearly 2,000 miles by rail. On this trip he will speak at some places he missed before the primaries. He is the only candidate to make such a strenuous canvass, and while he feels that his election by a large majority is certain, he wants to meet as many as possible of his future constituents, and let them know what he stands for. He has certain definite ideas of what Oregon needs at the hands of Congress, and it looks like he has the ability to get it.

High School Foot Ball Team Organized.

The High School buskies who think they know a thing or two about booting the pigskin have organized a football team and are now practicing hard every evening. Arrangements for a game with Ione are pending and the prospect looks good for several other games. The local boys are receiving good coaching and if given a chance will undoubtedly give a good account of themselves.
