HEPPNER, OREGON, THURSDAY, NOV. 10, 1910

### SALEM WILL PLAY HOST State Development League to Meet There.

Portland, Or., Nov. 8.—Salem will play host to the convention of the Oregon Development League, which will be held at the Capital City November 28, 29 and 30. Invitations are being prepared by Secretary Chapman of the League and will be sent out soon to the various Oregon commercial bodies having membership in the parent body.

The coming meeting promises to be attended by a large number of delegates from every part of the state. The Oregon Development League has accomplished a great deal in bringing the different sections of the state to realize the common interest that binds them all together and this splendid organization promises to accomplish much more in advancing the interests of the commonwealth as a whole.

A program that offers much of interest has been arranged. Salem people are going to hand out a brand of hospitality unsurpassed anywhere for the enjoyment of delegates in attendance. A big banquet will be the closing feature of the sessions. Automobile rides and visits to state institutions are planned.

Medford scored during the past week when a car of yellow Newtown apples, entered by that city, carried off first at the Canadian National Apple Show at Vancouver, B. C. The same exhibit won third prize in the sweepstakes contest, despite the many exhibits entered by Canadian apple growers and those of Northwest states. This showing is a splendid one and shows that Southern Oregon fruits will offer keen competition at Spokane, as well as at the Portland apple show.

Real estate men of the state plan a federation whose object is to protect the members and bring about a better understanding between the buying and selling public. There are between 4,000 and 5,000 persons engaged

in selling real estate in Oregon and it is thought that an association would be a highly effective machine for advancing the interests of realty men throughout the state, as well as aiding the development of the whole commonwealth.

Oregon fir will be used for the decks of the world's largest steamship, the keel for which has been laid at Stettin, Germany. The ship, Omega has reached the harbor for the lumber required, which is 2,000,000 feet. The new liner will be operated between America and Europe by the Hamburg-American line and will have a speed of 22 knots. She will be of 45,000 tons gross register with a length of 880 feet, beam 96 feet, and will have accommodations for 5,000 passengers.

Dates of the fifth annual Rose Festival have been fixed for the week beginning June 5, 1911. Next year's festival say the officials, will be the most splendid in the history of the city. New features are being planned and next year's show will undoubtedly out do anything of the kind ever held heretofore.

Portland Y. M. C. A. is teaching apple culture to those interested in the science. Classes will be held throughout the winter and lectures will be given by experts. This work is intensely practical and will be productive of good results.

### Court Appropriates \$1,000.

The county court appropriated \$1,000 for advertising Morrow county at its sessions last week. This amount will be turned over to the Morrow County Commercial Club to be expended in getting literature through the O. R. and N., who will expend twice as much more in advertising our county throughout the eastern states within the next few months. In fact the work is already under way. The company's photographer has been here the last ten days getting appropriate views from the various sections of the county, cuts from which will be used in the booklets and pamphlets that will soon be issued.

### ELECTION IN MORROW COUNTY

#### Day Passes Quietly With Medium Vote Cast.

The election in Morrow county passed off very quietly, no disturbances being reported from any source. Neither were there any surprises as to the result. The county was expected to be very evenly divided on the prohibition question and naturally there was some surprise that it went "wet" by a considerable majority.

State wide prohibition lost by about the same majority as the county local option. Home rule lost by a small majority. Not much attention was given other amendments and the result have not yet been figured up.

Lafferty for congress carried the county by almost a three fourths majority, while Bowerman had a lead over West by nearly the same margin.

For joint senator Barrett has a good majority. For joint representative Mahoney has a good lead in this county over his Democratic opponent, Hill of Pendleton.

The contest of the county centered on assessor, sheriff and prohibition. Hayes, the democratic candidate, won out easily over the Republican nominee, and Bleakman, the Independent. Hayes has a majority over both of the others. Wells was elected over his Republican opponent, Hendrickson by a small majority.

Hill for clerk, Gilliam for treasurer and Young for commissioner had no opponents and of course were elected. In fact the entire county ticket, Republican, with the exceptions as mentioned above, was elected.

The entire Republican state ticket carried this county by a large majority. However, this was expected, the only real surprise being in the large vote against prohibition. Two years ago local option, carried in the county by about 250 votes and this being overcome and about a hundred more added to the "wet" column was a larger difference than the most sanguine expected.

The Hendrickson—Wells vote showed accurately the total vote of the county. Wells receiving 507 and Hendrickson 496 making a total of 1003.

Lafferty's majority in this county is 338, and Bowerman's is 263, Home rule lost the county by 43, while state wide prohibition lost by 220 votes, county prohibition lost by 117.

State returns indicate the election of Lafferty and Hawley for Congress, and the remainder of the Republican ticket with the exception of Governor West winning over Bowerman by about 1000. The home rule amendment will carry, while the state will go wet by a safe majority.

Nationally the returns indicate that the next House will be controlled by the Democrats by a majority of 37, while the Republicans will hold the Senate.

The democrats elect Governors in New York, Connecticut, New Jersey, Ohio and Massachusetts. Stubbs, Republican, won in the fight for governor of Kansas by a hard fight.

### Favor Woman Suffrage.

Washington, Nov. 6.—More than 20 per cent of the men nominated by the Democratic and Republican parties as candidates for Congress are in favor of suffrage for women either in full or partially, according to the Congressional committee of the National Woman Suffrage Association.

The committee has conducted a canvass by mail. The request for an expression of opinion was responded to by 180 of the 672 nominees addressed. Full suffrage for women is favored by 107 candidates, 64 of whom are Democrats and 43 Republicans.

Twenty-one Democrats and 15 Republicans favored partial suffrage. Only nine nominees declared themselves opposed to any kind of suffrage for women. These were Democrats. Non-committal replies were received from 17 Democrats and 11 Republicans.

A majority of nominees in California, Colorado, Idaho, Kansas, Oklahoma, Wyoming and Utah answered in favor of full suffrage.

### Minor Sends Cattle East.

W. O. Minor will ship next Saturday the younger part of his show herd to the International Stock Show at Chicago. This herd consists of seven head and includes one cow, two-year-olds, yearlings and calves, which will be shown in the respective classes at the international which opens at Chicago the 26th of this month. They will also be shown as a young herd and as the get of one sire.

These cattle will be entered at the auction sale at the close of the show. They include some of Mr. Minor's best young shorthorns, which made the rounds of the Northwest fair circuit this year and won practically all of the first money for this class of cattle, and naturally he expects to be able to win some firsts at the international.

### Farmers Plan Irrigation.

Walla Walla, Wash., Nov. 6.—Fifty farmers and capitalists of this section plan to bring water from the Touchet River to water the lower Eureka flat country and to make what is now a waste of sand and sagebrush into a country that will yield alfalfa and fruit. The cost of the scheme, which will irrigate 20,000 acres, will be about \$100,000.

At a meeting of 16 of the leading farmers of the flat country yesterday at Slater, the matter was put into definite shape and stock for a corporation will be subscribed at once. The water will be taken from the river either at Prescott, with a 20-mile ditch, or at Lamar, with a 12-mile ditch and a pumping plant to raise the water 200 feet. A storage reservoir is planned to carry the farms through the low water season.

### Portland is 28th City.

Washington, Nov.—Portland will be shown to be the 28th city in size in the United States, when the present census is completed. Ten years ago it stood in 42nd place.

The population when announced will be in excess of the figure submitted by Special Agent Hester. Director Durand, after a conference with Inspector Beach today, said that some of the names stricken out would be restored, especially the names of officers and crews of vessels which were lying at Portland docks. He said he wanted no injustice done to Portland. Several of these names were cut off by Hester because of doubt as to the permanent residence of the men found aboard the ships. Some of them had been enumerated at San Francisco.

Mr. Durand says that they cannot be enumerated both in Portland and in San Francisco, but that every effort will be made to place them fairly.

As yet Tacoma is the only Pacific Coast city of size announced, but it is well understood that San Francisco will hold the lead, followed by Los Angeles, Seattle and Portland in order named.

The Census Bureau declines to give any definite idea of the relative size of Pacific Coast cities. Had Portland's population been allowed to stand as originally submitted by the enumerators, Portland would have stood in 21st or 22nd place. As a result of the readjustment made by Special Agent Hester, Portland will fall behind Denver, Indianapolis, Louisville, Providence, Rochester and St. Paul.

### TEACHERS GIVEN RECEPTION

#### Turner Home Scene of Enjoyable Social Function Last Night.

A reception to the teachers of Morrow County at the residence of Mr. and Mrs. Frank Turner, Wednesday evening was a very successful and most enjoyable affair. About fifty teachers were present and the evening was very pleasantly spent in getting acquainted. Old friendships were renewed and new friendships were formed.

A short program, to help along with the social entertainment, was rendered. Miss Crowley, of the local High school, played a Chopin polonaise very creditably. Prof. Kauffman, principal of the Ione school, who has no peer among the funmakers of this section, relieved himself of some of his "philosophy." His effort was well received and an encore heartily demanded. Mr. Roberts, instructor in music at the Heppner school, rendered a vocal selection, Miss Dunlap presiding at the piano. Mrs. Notson favored the audience with a reading setting forth the trials of one Mrs. Ruggles in preparing her nine children to attend a dinner party given in their honor at the home of their neighbors, the Birds. O. G. Crawford vocalized for a few minutes, following which punch was served, this part of the function being presided over by Misses Ethel Reid and Lily Curran.

At about eleven o'clock the assemblage began to disperse, each and every one departing with the feeling that not only an enjoyable evening had been spent but that all would be in much better frame of mind to carry on the work of the morrow.

This reception is a new feature in the annual institute and one that will contribute largely to the success of the institute work. It not only offers an evening of pleasant social intercourse, but it gives the teachers a better opportunity to become acquainted with each other, to cement a friendship that could not otherwise be accomplished. Supt. Notson is to be commended for his activity in seeing that the teachers are treated right, and Mr. and Mrs. Turner have the sincere thanks, and best wishes of all present for their generosity.
