

The Boosters' Creed.

The following bit of philosophy, with the boosters' creed based upon it, has been submitted to The Times with the suggestion that it be published. It is good enough to be pasted up over every office desk in the city, to be read every morning as a daily tonic. There is nothing finer as a New Year's resolution. Suppose you make it:

"Nothing can work me down except myself; the harm that I sustain I carry about with me, and never am a real sufferer but by my own fault."—St. Bernard.

Boosters' Pledge.

"On my word of honor, I hereby now declare that as long as I am a resident of this community, it will be my constant aim to boost all the time and every time. I will do what I can for the public work that has the good of the community as its object. I will submit and abide by majority rule and not knock and howl my head off if things are not done my way. I will take no radical or extreme position on any question before the people, and have respect for the opinions of my friends and neighbors when their opinions are opposed to mine. I realize that if this community is good enough to live in and make money in, it is the proper place to spend money in, especially when I am patronizing legitimate industries. I will do all within my power to boost, promote, build up and support each legitimate industry in the city where I live."—Cous Bay Times, Marshfield, Or.

FOLEY KIDNEY PILLS.

Are tonic in action, quick in results. A special medicine for all kidney and bladder disorders. Mary C. Abbott, Wolfboro, N. H., says: "I was afflicted with a bad case of rheumatism, due to uric acid that my kidneys failed to clear out of my blood. I was so lame in my feet, joints, and back that it was agony for me to step. I used Foley Kidney Pills for three days when I was able to get up and move about and the pains were all gone. This great change in condition I owe to Foley's Kidney Pills and recommend them to anyone suffering as I have." All druggists.

School Notes.

By S. E. NOTSON, Co. Supt.

Last week, the writer visited two schools. In District No. 11, Miss Blanche Carter is at the helm. Twelve pupils were present, and all seemed to be diligently climbing the hill of knowledge. Since my former visit a new globe, a teacher's new desk, a new blackboard, a new dictionary holder, and a new bookcase have been added to the equipment. This school has two flags. The windows are provided with window boards, and the thermometer is hung where the teacher can easily consult it. I noted the tasty decorations upon the walls. A live literary society meets every Saturday night.

Miss Jean DeWitte teaches District No. 29. Here there were eleven pupils present. All were working enthusiastically at their lessons. A new football is the center of attraction at the recess periods. Window boards are provided for the windows, and a new thermometer guides in the regulation of the heat. New adjustable seats and desks have been purchased and will be placed in room within a few days. The new furniture will add much to the comfort of the pupils.

Teachers intending to take the examination for a first grade certificate in February may have a circular of information upon application.

In answer to many inquiries, I would say that the superintendent must select three out of the four examinations for the eighth grade pupils. No expense can be incurred for the fourth examination. As there were several who desired the September examination, one was held then. There are always large classes for the May and June examinations, hence it is impossible to hold the January examination. Only a few are ready at that time of the year. The new rule requires the teacher to certify that the pupil has had seven months' work in the seventh grade and seven months' work in the eighth grade and will have completed all of the work of the first eight grades by the date of the examination. This is to prevent pupils from merely making an examination a "try out". The teacher should not certify that a pupil has completed the work unless the work has been done a way that pupils may reasonably expect to pass.

Respectfully,
S. E. NOTSON, Co. Supt.

WHAT THE KIDNEYS DO.

Their Unceasing Work Keeps Us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

Mrs. M. E. Barton, of Heppner, Oregon, says: "I do not know of a better kidney medicine than Doan's Kidney Pills. We have used this remedy in our family for the past two years and it has proven so effective in relieving kidney complaint that I consider it my duty to give this public statement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

Oregon Starts Prosperous New Year.

Baker county has an irrigation project on foot involving the expenditure of \$4,000,000.

About 200,000 apple trees are being planted in Douglas county this season. An oatmeal mill is to be established at Baker.

Engene is to have a match factory. Polk county will have the largest English walnut orchard in Oregon. Recent purchasers of the Hart ranch near Falls City will plant 6,000 walnut trees. Oregon produced this year 615,034 bushels of corn and 17,000,000 bushels of wheat.

Oregon shipped green fruit during the past season amounting to 3,500 cars.

Orchards in the Ontario district produced at the rate of 1,000 boxes of apples to the acre.

The Columbia River output of salmon for the season was 290,000 cases, valued at \$3,500,000.

The value of traffic on the Columbia River increased \$3,240,000 in 1910 over the same period in 1909.

Oregon grows more hops than any other state. 90,000 bales in 1910, valued at \$3,000,000.

Eugene reports that 3,000 people have been brought into that city during the past year.

A sale of Southern Oregon sugar pine covering 40,000 acres, is reported from Medford to an Eastern syndicate. The purchase price was \$3,500,000.

The Hood River Apple Growers' Union paid \$201,000 to orchardists during the three months commencing with September.

Foley's Kidney Remedy—An Appreciation

L. McConnell, Catherine St.; Elmira, N. Y., writes: "I wish to express my appreciation of the great good I have derived from Foley's Kidney Remedy, which I used for a bad case of kidney trouble. Five bottles did the work most effectively and proved to me beyond doubt it is the most reliable kidney medicine I have ever taken." All druggists.
