Declares Country Is Disgraced By Such Men-Sympathizes With New Mexico.

Albuquerque, N. M., March 16 .-Colonel Roosevelt paid his respects by name to Senator Lorimer, of Illinois, and Governor Haskell, of Oklahoma, he said, was a disgrace to the communities which elected them.

The denunciation was made in the course of Colonel Roosevelt's address to an audience which crowded the opera house and left hundreds standing outside. In opening his talk, the Colonel declared that in its failure to the national government had committed a breach of faith. Arizona, he said, might have offered ground for

CANADA HAS DIAMONDS.

Gems Are Small, However, and Chiefly of Scientific Interest.

Vancouver- The director of the geological survey announces that diamonds have been discovered by the survey in British Columbia, the first recorded discovery of the kind in Canada. The rock is peridotite, of the variety known as danite, consisting of olivine and chromite. The specimens were obtained on Olivine mountain, near Tallaneen river, by Charles Cassels, of the survey. Because of the small size of the diamonds, none being much larger than a pinhead, the discovery would seem to be of scientific rather than commercial importance.
