## "MADE IN OREGON"

The spirit of "boosting" Oregon is now  
in the air. You can't boost Oregon by  
patronizing flour mills in other states.  
They pay no wages or taxes in this com-  
munity. EVERY SACK OF OUR  
FLOUR IS GUARANTEED. Buy  
one from your grocer. If not satisfactory,  
it will cost you nothing.

Bran and Millfeed \$22.50 per  
ton. Shorts \$23.50.

#### Meet Jas. J. Sayer in Infor- mal Gathering Tues- day Evening.

The meeting was a few days late, but  
it was a good one just the same. An-  
nouncement had been made that James  
J. Sayer, secretary of the Oregon Devel-  
opment League, of Portland, would be  
with the boosters at their regular meet-  
ing last Friday evening, but Mr. Sayer  
did not get connected up just right to  
reach Heppner at that date, and his ar-  
rival on Tuesday evening was not her-  
alded until he was on the ground, and  
this perhaps accounted for the fact of a  
smaller attendance than there should  
have been.

The Palace hotel management had  
the dining room in shape and seated  
with sufficient chairs, and the room was  
quite well filled. President Woodson  
called the meeting to order, and in a  
few remarks introduced Mr. Sayer, who  
explained the objects of his trip over  
Eastern and Central Oregon; also giving  
an outline of the work being done to ad-  
vertise the State of Oregon by the exe-  
cutive committee of the Portland Com-  
mercial Club, and showing how this  
organization is lining up with all the  
local clubs and leagues to promote the  
interests of every locality in the state.  
The Portland Commercial Club organiza-  
tion realize that it is necessary to get people  
"back to the farm" in order to properly  
build up their own interests, hence the  
idea of eliminating the boosting of the  
city, except to bring within its borders  
manufacturing and kindred industries;  
knowing well that the city will naturally  
grow and prosper to the extent that the  
rural population is built up and its in-  
terests made to prosper. For this work  
in advertising the farming and agricul-  
tural industries of this state and South-  
western Washington, which is directly  
tributary to Portland, the Portland  
Commercial Club has spent \$90,000 the  
past year, and is now raising a fund of  
\$200,000, all contributed by business  
men of the city, to continue this work  
for the next two years. All of this to  
promote the state outside of Portland,  
and the advertising is bringing results  
that at the present time are flattering.  
Mr. Sayer presented abundant proof of  
the results derived from persistent and  
faithful advertising, and encouraged the  
Morrow County boosters to continue the  
good work now begun. The work of the  
Portland Commercial Club is felt all  
over Oregon, and they are fully demon-  
strating the fact that they are on the  
right track.

Mr. Sayer is gathering up statistics  
along different lines of development  
work, will ascertain as far as possible  
what sections are getting the benefit of  
the present booster movement, and what  
percent are actually locating in the  
state, and is also rejuvinating and re-  
organizing defunct and dilapidated  
boost clubs, development leagues and  
commercial organizations in the terri-  
tory through which he is passing.  
While not an orator, Mr. Sayer is a  
pleasant, matter-of-fact speaker, and a  
good personal worker among the busi-  
ness men of a community and will be  
the means of arousing interest in the  
development work of the state.

Following the talk of Mr. Sayer some  
discussion was had relative to the  
proper steps to be taken on the reduc-  
tion of the tariff on wool and mutton,  
now before the special session of con-  
gress. A letter from Dr. McClure was  
read, urging concerted action on the  
part of the woolgrowers, and a commit-  
tee consisting of T. J. Mahoney, Geo. J.  
Carrin, C. A. minor, and C. E. Wood-  
son was appointed to draft a letter, to  
be sent to each sheepman, giving an  
idea as to what ought to be written to  
our congressmen, and calling up on the  
sheepmen to write at once, putting  
themselves on record as being opposed  
to any change in the present tariff rates,  
and asking our representatives at Wash-  
ington to stand against a change being  
made.

No further business was transacted at  
this meeting.

### Gooseberry Pi.

Quite a change in the weather last  
week—from a cold dry spell to a hot  
dry spell.

This warm weather makes a person  
think of the ice cream we haven't got  
out here.

Mrs. Aaron Peterson has been on the  
sick list a few days but is somewhat  
recovered at this writing.

Mr. and Mrs. F. Lundell spent a few  
days with their daughter, Mrs. O. E.  
Lindstrom, near Morgan last week.

Married, at the home of H. R. Smith,  
April, 20, Miss Zoe Rudd to Mr. Vern  
Jackson. We join their many friends  
in wishing them all the joys of life.

A birthday party was given at the  
home of Mr. and Mrs. J. E. Peterson  
last Sunday afternoon, in honor of their  
son, Oscar. Twenty-six of the young  
people of Gooseberry and vicinity being  
present. The afternoon was spent in  
feasting, reveling and various amuse-  
ments. Everyone enjoyed themselves  
immensely. Good luck Oscar.

The Farmers Union meeting at the  
schoolhouse the evening of the 22nd  
was a success in every way, and we be-  
lieve, proved to be the greatest social  
event in the history of Gooseberry.

The candidates and most of the mem-  
bers convened at 6:30 when the regular  
business meeting was held and candi-  
dates were initiated, the names of which  
are: Mrs. Dora Morgan, Ellen Berg-

Mrs. A. E. Young, E. Bergstrom, Sam'l  
Esteb, Willie Bergstrom, Cody Ber-  
nette, Floyd Fraser, Carl Bergstrom,  
Arthur Wilkins and Glenn Ball. The  
four first named were initiated in the  
regular, ritualistic way, by the initiating  
team, which is a competent one and one  
of the good features of our Local.

After the business meeting and a  
short recess a creditable program was  
rendered. Frank Barlow, our president  
and Mose Ashbaugh, from the Eight  
Mile Local each delivered an interesting  
talk on the benefits of the Farmers  
Union etc. The last number of the  
program was a cracker eating contest in  
which four or five of our heartiest eaters  
participated and which was very amus-  
ing to behold, Chas. Barlow coming out  
head first and Newt King a close sec-  
ond. A cake and a pie were given as  
prizes.

After the program, supper was next  
in order, and such a gorgeous and cop-  
ious supper was never before spread in  
Gooseberry. Two tables 30 feet long,  
frilly ground under the weight of the  
well prepared viands to which each and  
all did ample justice.

A box of oranges was next distributed  
among those present, after which they  
departed for their respective homes.  
We sincerely hope this good work  
may continue and that we may enjoy  
many other similar meetings.

### Ione News Budget.

(Apr. 26, 1911, by Comtux.)

Frank Akers is city marshal these  
days.

Mat Halvorsen is very busy on his  
farm these days.

Rain is anxiously wanted in Ione lest  
we become a dry town.

Rufus Cochran is improving the Har-  
ke block with a nice fence.

John Nelson is back from Union coun-  
ty much improved in health.

J. E. Cronin, the Ione banker, is vis-  
iting his family in Portland.

Dr. Paddock delivered an address at  
the Congregational, Thursday.

Mrs. A. T. King, Jr., of Portland, is  
up visiting relatives and friends.

Mr. J. Waters is slowly but surely  
getting his chicken ranch in shape.

Rev. Davis delivered his usual ser-  
mon, Sunday, at the Baptist church.

To name the busy people in town  
would be to name everyone—we are all  
busy.

There is to be a ministerial conference  
of the Congregational faith in Ione, May  
2nd and 3rd.

Art Rice and Jess Mason are busy un-  
loading wood that is shipped in to the  
City of Ione for its use.

Mrs. J. Truesdell is in town visiting  
with her daughter, Miss Anne, one of  
the Ione school teachers.

T. J. Carle is improving his residence.  
Paul Balsiger says he is putting on the  
finishing touches; that is it.

One of our neighbors is to take off 225  
young turkeys in a few days and has  
about that many more eggs to set.

It would do you good to take a look at  
Ike Howard's orchard and see how well  
and systematically it is irrigated; his  
garden, also.

Paul Balsiger's residence looks fine  
since it has its new dress on in the form  
of paint. So does Joe Waters' residence,  
both newly painted.

John Cochran is out coyote hunting,  
so they report. This is an annual ma-  
lady with John, but O.K. for the sheep  
men, and money for the hunter.

J. T. Knappenberg is building a bridge  
across Willow creek near his residence  
below Ione. This is a private bridge  
leading from the road to his house.

Mr. Aldrich has a well just finished on  
his school quarter, 536 feet deep with 80  
feet of water. The flow is so strong  
that the pump does not lower the water.

Mr. C. Perkins, of Taylor, Nebr.,  
a stockman of that place, thinks we have  
a good country and no doubt would cast  
his lot with us if he could dispose of his  
640 acres to good advantage.

Dr. M. W. Davis of Ione has a ranch  
out on Wells Springs butte. Last year  
the doctor tried alfalfa; he was so pleas-  
ed with the result that he has sowed  
ten acres this year. This is dry farming  
on a new scale.

"Comtux" will be too busy this sum-  
mer to cast his net for the news of this  
vicinity, therefore he makes his most  
respective bow to one and all, and with  
sorrow in his heart he bids you an af-  
fectionate good bye.

### Do Ghosts Haunt Swamps?

No, never. Its foolish to fear a fancied  
evil, when there are real and deadly per-  
ils to guard against in swamps and mar-  
shes, bayons, and lowlands. These are  
the malaria germs that cause ague, chills  
and fever, weakness, aches in the bones  
and muscles and may induce deadly ty-  
phoid. But Electric Bitters destroy and  
cast out these vicious germs from the  
blood. "Three bottles drove all the  
malaria from my system," wrote Wm.  
Fre well, of Lucama, N. C., "and I've  
had fine health ever since." Use this  
safe, sure remedy only. 50c at all drug  
stores.

## That Peculiar Lightness and Flavor

Found in the finest biscuit, rolls, cake,  
etc., is due to the absolute purity,  
fitness, and accurate combination  
of the ingredients of the  
Royal Baking Powder.  
The best things in cook-  
ery are always made with  
the Royal Baking Powder.  
Hence its use is universal  
—in the most celebrated  
restaurants, in the homes  
of the people, wherever de-  
licious, wholesome food is appreciated.

## Royal Baking Powder

is sold in every civilized country,  
the world over.

It is the only Baking Powder made from Royal Grape  
Cream of Tartar.  
Royal Cook Book—300 Receipts—Free. Send Name and Address.  
ROYAL BAKING POWDER CO., NEW YORK.

### More Sheep Sales.

There has been some stir in the  
local sheep market this week and  
some quite lively selling, regard-  
less of the fact that there has been  
no competitive buying. The sheep  
sold all go to R. F. Bicknell, and  
are for May 20th delivery at Hepp-  
ner. Mixed yearlings, fine wool  
stuff, brought \$2.00, and straight  
wethers \$1.35, the same prices that  
prevailed two weeks ago. No  
doubt most of the sheep that will  
go onto the market from this sec-  
tion will be sold within the next  
few days.

We were able to learn of the fol-  
lowing sales: Geo. J. Curran &  
Sons, 4500; Paul Hisler, 1400; Jas.  
Carty, 3200; Wm. Straight, 1500; B.  
P. Doherty, 2000; F. M. Round,  
1200; Chas. Beymer, 1600; Lime  
Swick, 1600; Campbell & Healy,  
350; John Marcus, 600; John Gein-  
ger, 500; Alex. Wilson, 1100; A. E.  
Wright, 3700; N. S. Whetstone,  
4000; Louis Groshens, 1400; D. O.  
Justus, 3200; Howard & Lindsay,  
1325; Phil Doherty, 1900; M. S.  
Corrigan, 3000.

R. F. Wigglesworth & Son sold  
4000 head of mixed yearlings to  
T. F. Boylan at \$2.25 and \$2.50.  
These were contracted about six  
weeks ago and top the market for  
fine wool stuff.

J. S. Buseick, of Hamilton, has  
disposed of 1250 head of coarse  
yearling ewes at \$2.50. These go  
to a Washington party. Pat Carty  
transferred 900 head of two-year-  
olds to local parties on Tuesday,  
but the price paid was not stated.

### Mother and Baby Injured.

Getting into a mixup with a  
kicking horse and receiving quite  
severe injuries to herself as well as  
her infant son, aged about 18  
months, was the experience of Mrs.  
J. D. Brown on last Thursday  
afternoon. Mrs. Brown had de-  
cided to drive out to her country  
home, where she has a daughter  
residing, to get some medicine that  
was needed in the household, so  
she hooked up the old family horse  
and took her two young children  
with her, a couple of boys, one of  
seven years and the other aged  
18 months. While going quietly  
along the road about a mile above  
the French place, up Hinton creek,  
a tug dropped, and at this the  
horse began to kick and started to  
run, Mrs. Brown and the two

children were thrown out, the baby  
striking on its face. Its nose was  
cut through at about the middle,  
and its face quite badly bruised  
and lacerated. Mrs. Brown re-  
ceived some severe injuries and  
bruises, and was badly shaken up,  
but no bones were broken. They  
were rushed to town by M. D. L.  
French, the baby being taken to  
the sanitarium at once, where its  
injuries were attended to by Dr.  
Winnard. The little fellow is now  
doing well. Mrs. Brown was con-  
fined to her bed several days as a  
result of her injuries. The older  
boy escaped without a scratch, but  
the rig was badly demolished.

### Averts Awful Tragedy.

Timely advice given Mrs. C. Wilbough  
by, of Marengo, Wis., R. No. 1, prevent-  
ed a dreadful tragedy and saved two  
lives. Doctors had said her frightful  
cough was a "consumption" cough and  
could do little to help her. After many  
remedies failed, her aunt urged her to  
take Dr. King's New Discovery. "I have  
been using it for some time," she wrote  
"and the awful cough has almost gone.  
It also saved my little boy when taken  
with a severe bronchial trouble." This  
matchless medicine has no equal for  
throat and lung troubles. Price 50c and  
\$1.00. Trial bottle free. Guaranteed by  
all druggists.

### To Ship Chickens.

For years past there has been  
no good, live market at Heppner  
for poultry. Often times the  
farmer been compelled to take for  
his chickens just about any old  
price per dozen that the local  
dealer desired to offer, or cart the  
stuff back home. To overcome  
this, and to encourage more ex-  
tensive poultry raising, Minor &  
Co. have arranged with a leading  
firm in Portland to take all the  
poultry they can get hold of and  
they have arranged for shipping  
on an extensive scale. The highest  
Portland price per pound will be  
paid in trade, and this should en-  
courage the bringing of more  
chickens to this market.

### The Sound Sleep of Good Health.

Can not be over-estimated and any  
ailment that prevents it is a menace to  
health. J. L. Southern, Eau Claire,  
Wis., says: "I have been unable to  
sleep soundly nights, because of pains  
across my back and soreness of my kid-  
neys. My appetite was very poor and  
my general condition was much con-  
cerned. I have been taking Foley Kid-  
ney Pills but a short time and now sleep  
as sound as a rock, my general condition  
is greatly improved, and I know that  
Foley Kidney Pills have cured me."
