

The Week's News

Local and Personal Happenings in and About the City.

Buy your fishing tackle from Gilliam & Bisbee.

Go to Gilliam & Bisbee for your lawn sprinklers, hose and etc.

Phill Cohn pays highest cash price for hides, pelts and furs.

Get your blank notes at this office. An abundant supply on hand.

Gilliam & Bisbee Have just got in a new lot of gardeners.

House for sale or rent with one acre ground. Inquire 1st National Bank.

County Clerk Hill went to Springfield this week to look after business interests.

R. F. Hynd departed for Portland, Tuesday, to be absent several days on business.

Dr. N. E. Winnard departed for Portland Friday morning on a short business trip.

Mrs. J. V. Crawford is quite sick at her home in Heppner, suffering an attack of erysipelas.

Highest cash prices paid for hides, pelts and furs. See Morrow Warehouse Milling Co. tf.

WANTED—A wide-awake young man to act as clerk at the Palace hotel. Must give reference. tf.

Grain of any description taken in exchange for Waiteburg and Idaho flour. Call on Phill Cohn.

We sell phonographs and records for less than you can buy them from any other source. Buy of us and save time and transportation. Patterson & Son.

LOST—somewhere in Heppner, a small purse with two bank papers in same. Please return to this office.

Insure your house with the Oregon Fire Relief of McMinnville—the old reliable company.

GEO. J. CURBIN, Local Agent.

CHICKEN RAISERS! Let us show you our wheat screenings. Just the thing for chicken feed.

Morrow Warehouse Milling Co.

Dr. E. Ray Norris and wife, of Monument, spent several days in Heppner the first of the week, the guests of Mr. and Mrs. J. H. McHaley.

John Reese departed on Monday morning for the Susanville mines, in company with D. B. Stalter, and will spend the season at work in the mines.

Dr. J. P. Conder is having the room in the rear of Bank of Heppner fitted up for an office and will occupy the same after the first of the month.

Newt Jones shipped two car loads of cattle to Portland, Tuesday, from the Heppner yards. These cattle go to supply Fairchild's market.

Mrs. L. G. Atherton, of Corvallis, and Mrs. Chas. Jones, of Pasco, arrived the first of the week to be at the bedside of their mother, Mrs. J. V. Crawford.

Jay Vale came up from The Dalles, Thursday evening, and packed up his household effects, returning to The Dalles, accompanied by Mrs. Vale, on Tuesday.

Have your bundles on the front porch, Mondays, Wednesdays, and Thursday. Remember the Heppner Steam Laundry is still in operation and turning out first class work. Our wagon calls for your work. m 30 tf

John Olden returned from Portland, Friday last. He delivered two carloads of cattle down there at good prices, but failed to dispose of the driving horses he took along, as the horse market was off.

\$80.00 per month straight salary and expenses, to men with rig, to introduce our Poultry Remedies. Don't answer unless you mean business. Enreka Poultry Food Mfg. Co. (Incorporated) East St. Louis, Ill.

A very pleasant party was given by Mrs. Eugenia Pavid and her son, Leander, to the High School seniors last Friday evening. It was greatly enjoyed by the class, and Mrs. Pavid proved to be a royal entertainer.

J. H. Beazan returned from a visit of a week in Portland, Tuesday evening, where he had been on a matter of business. He called on Chris Borchers while there and found him as happy and contented as a ten-year-old boy.

Mrs. L. E. Cohn will sell everything in millinery, except special orders, at 1-3 off for cash until May 1st. This includes all trimmed hats, flowers, belts, hair, ruching, purses, veiling, etc. Sailor hats at \$1.00 each. Also a few nice plumes.

F. C. Marquardsen returned on last Thursday evening from his six weeks visit in the old country. He had a very pleasant trip, both going and coming, and found his father in excellent health. While some of the towns in Germany have made advances in the past 20 years, most of the country looked very familiar and the people were in the main plodding along at the old gait. Mr. Marquardsen was glad to get back, however, and American soil looks mighty good to him.

Oscar Borg thoroughly renovated his place of business this week, giving it a treatment of new and elegant paper. Artist E. L. Berry was the high muck-a-muck in charge of the decorations, and of course it was done up just proper. It is said that what Ed doesn't know about painting, paper hanging and house decorating wouldn't fill a very large book, but we are willing to let him sing his own praise. The Borg job speaks for itself.

Foster Adams, a former resident of Heppner, is up from Portland this week, after an absence of about four years. He is trying to dispose of his property interests here. He was accompanied by Geo. H. Quade, who is looking for a location as a laborer on a ranch here. Mr. Quade is a fine machinist and a general all-around man, ready to do any kind of farm work, and he desires a location for himself and wife.

John Kirk, of Waterman, transacted business here and in Haystack, several days last week. He informs us that Geo. McKay's \$6,000.00 traction engine and plowing equipment is now in Shaniko and will be brought in soon and that the work of plowing Mr. McKay's large holdings on the flat will begin as soon as the machinery arrives.—Spray Courier.

E. D. Brown, of Morrow Whse. & Milling Company, returned from a trip to Grant and Wheeler county points on Friday evening. He was absent the greater part of a week and finds conditions over that way none too flourishing. Weather conditions are much the same as with us, vegetation is growing slow, and rain and warmer weather is needed.

H. Scherzinger was in town Saturday, accompanied by his family. Hank states that is very dry on the creek, and the water used in irrigating seems to accomplish but little good. However, as the weather is now getting warmer, vegetation will begin to bloom up. Rain is needed pretty badly on the sheep range.

The Semi-Centennial of the Oregon State Fair will be held at Salem, beginning on Sept. 11, and ending on the 16th. It promises to be by far the best fair ever held in Oregon and there will be a large list of liberal premiums offered.

D. B. Stalter left on Monday for the mines at Susanville, and expects to be there all summer and perhaps all winter. The work of the Stalter mine will be pushed vigorously and good results are looked for.

Newt Whetstone returned on Friday from a visit to his Fox valley possessions, where he found everything moving along nicely. Good rains up that way, and lambing is under way with good results.

J. H. Helms, who is farming a part of the Penland land at Lexington, was in town on Saturday, with his family. His crops are looking well, but growing slow, on account of cold weather.

Barred Rock hens and chicks for sale at \$1.50 per hen and dozen chicks. Call up by phone.

W. G. Scott, of Lexington, was in Heppner last Thursday afternoon, on business.

All kinds of spraying material at Gilliam & Bisbee.

FOR SALE—One Advance Separator, 32 x 56; Advance Engine, 22 horse power, and supply tank. Price \$1500. Inquire at my place. D. S. Barlow. a64t

RAISIN DAY.

On April 29th, 1911

The above date has been set apart by the people of California in which all are asked to join by eating raisins in the form of "Raisin Bread," or in what ever form is desired.

The object of this special day is to create a widespread raisin sentiment that will result in a greater demand for that fruit, and to direct attention to all good housewives to the excellence of the raisin as an article of food.

The good people of the Northwest are invited by their neighbors to participate in the pleasant custom and "break" raisin bread on April 29th.

A. F. Currier, of Ellensburg, Wash., visited his brother, A. H., in Heppner on last Thursday. The "Baron" has been quite sick for some weeks past, but has sufficiently improved to be able to take his departure for Hood River on Monday. He expects to spend a couple of weeks at Sheppard Springs across the river below White Salmon.

Billy Hynd was in from Sand Hollow on Tuesday to get his wool sacks and look after other business affairs. He seems to think that most of the hardy fruits on their place escaped injury from the late freeze, but the peaches are all gone. As it always rains when Mr. Hynd shears his sheep, a downpour is to be looked for in a few days.

W. S. Wharton was down to Ione and Jordan siding on last Thursday, looking after some wheat shipments. He states that all the wheat at the siding has been shipped out and but little remains at Ione. This is perhaps true at most other points along the branch. Some wheat is coming into Heppner this week, but there is not much left in the county for export.

We sell Kodaks and Kodak supplies for less than you can buy them from other sources. Buy these of us and save time and money. Paterson & Son.

Notice!

All parties wishing to have their lots in the Heppner Cemetery attended to during 1911, will please leave word with someone who will inform me, or mail the same to me. Parties who have not paid up for 1909 and 1910 will receive no benefit from the water during 1911. a27-2t G. M. SCHEMP.

Registration of Land Title.

IN THE CIRCUIT COURT OF THE STATE OF OREGON FOR MORROW COUNTY.

In the Matter of the Application of Cecil T. Humphreys to Register the Title to the Southeast quarter (1/4) of Section Twenty four (24), Township One (1) North, Range twenty-five (25) E. W. M.

vs. William M. Moore, Rhoda C. Moore, E. F. Rowland, J. S. Rowland, J. W. McKinney, A. Andrews, and J. H. McHaley, and to all whom it may concern: Defendants

To All Whom it May Concern: Take notice, that on the 25th day of April, A. D. 1911, an application was filed by said Cecil T. Humphreys in the Circuit Court of the State of Oregon, for Morrow County, for initial registration of the title to the land above described. Now unless you appear on or before the 27th day of May, A. D. 1911, and show cause why such application shall not be granted, the same will be taken as confessed and a decree will be entered according to the prayer of the application and you will be forever barred from disputing the same.

W. O. HILL, Clerk. By A. M. WALLORY, Deputy. S. E. Nelson, Applicant's Attorney.

NOTICE OF FINAL ACCOUNTING.

Notice is hereby given that the undersigned has filed her final account as administratrix of the Estate of Thomas Gilfillan, deceased, with the County Court of Morrow County, Oregon, and that said Court has fixed Monday, May 15, 1911, at 10 o'clock a. m. as the time and the County Court Room in the Court House in the City of Heppner, Morrow County, Oregon, as the place for hearing said account and any objections thereto, and for the settlement of said estate.

All persons having any objection to offer to such account are hereby notified and required to present same on or before the date aforesaid.

BRIDGETT GILFILLAN, Administratrix of the Estate of Thomas Gilfillan, deceased. s13-5t

Notice for Publication—Isolated Tract.

Public Land Sale. Department of the Interior, U. S. Land Office at The Dalles, Oregon. March 24th, 1911.

Notice is hereby given that, as directed by the Commissioner of the General Land Office, under provisions of Act of Congress approved June 27, 1906, Public No. 333, we will offer at public sale, to the highest bidder, at 9:30 o'clock a. m., on the 16th day of May, 1911, at this office, the following tract of land, to-wit: Lot 2, SW 1/4, Sec. 19, T. 4 S., R. 26 E., W. 4 M.

Any persons claiming adversely the above-described lands are advised to file their claims, or objections, on or before the day above designated for sale.

C. W. MOORE, Register.

NOTICE FOR PUBLICATION.

Department of the Interior, U. S. Land Office at La Grande, Oregon, April 18, 1911. Notice is hereby given that Bert Jennings, of Heppner, Oregon, who, on July 26th, 1899, made Homestead Entry No. 00843, for N 1/4 SW 1/4, N 1/4 SE 1/4, Section 11, Township 3 South, Range 22 East, Willamette Meridian, has filed notice of intention to make Final Commutation Proof, to establish claim to the land above described, before C. C. Patterson, U. S. Commissioner, at his office at Heppner, Oregon, on the 15th day of June, 1911.

THE WELD THAT HELD

Science has developed something infinitely better than the old style wrap or clamp.

"Pittsburgh Perfect" FENCES

Are Welded by Electricity

This is the modern method of construction. Years of life are added through the elimination of serious fence defects.

A wrap holds moisture, cracks the galvanizing, and allows the water to attack the bare wire. A small amount of displaced galvanizing on "PITTSBURGH PERFECT" reinforces the protection against rust at the electrically welded joint; examine the joint.

Stays cannot slip. They are always just where they were put. Stay and strand wires become one piece when the union is made. The fence is like a solid sheet of perforated steel.

Every Rod Is Guaranteed Perfect

Don't allow your prejudice in favor of the rapidly-declining and now antiquated methods you have heretofore known, to warp your good judgment.

"Pittsburgh Perfect" Fences represent progress, because hundreds of thousands of dollars worth of standard material is daily welded by electricity.

"Pittsburgh Perfect" Fences represent progress, because hundreds of thousands of dollars worth of standard material is daily welded by electricity.

A wrap holds moisture, cracks the galvanizing, and allows the water to attack the bare wire. A small amount of displaced galvanizing on "PITTSBURGH PERFECT" reinforces the protection against rust at the electrically welded joint; examine the joint.

Stays cannot slip. They are always just where they were put. Stay and strand wires become one piece when the union is made. The fence is like a solid sheet of perforated steel.

Every Rod Is Guaranteed Perfect

Don't allow your prejudice in favor of the rapidly-declining and now antiquated methods you have heretofore known, to warp your good judgment.
