TONIGHT!

At M. E. Church—Miss Nellie Hornor, of Portland, will give a first class entertainment, consisting of readings, dramatic and humorous. She will be assisted by some of the best local musical talent. Do not fail to hear her. Admission, 35 cents.

R. F. Wiglesworth, of Galloway, was a pleasant caller at this office on Saturday. Abundant rains have shortened up the faces of the Butte creek residents and they are now looking forward to plentiful harvests of hay and grain; the range is greatly improved, also. Mr. Wiglesworth states that while the late frosts certainly did some damage to the fruit crop on the creek, yet it is not so bad as was first thought and they will have a fairly good crop of all kinds of fruits, including apricots and peaches.

M. A. Bates was down from Hardman on Friday, remaining over until Saturday, as it was too wet to tackle the journey home. He is now on his eighty acre farm west of Hardman, and will demonstrate to our people the practicability of making a success with the small farm by diversifying. Mr. Bates is a strong believer in this idea and thinks that the future of our county as a farming section depends on the cutting up of large tracts of land and doing farming on the intensified plan. When this is done we will certainly prosper.

The Palace hotel team took a lively spin up-town from the depot yesterday morning. They evidently were frightened at something about the circus tents, but as is their usual custom, they kept well to the middle of the street, and landed up astride of a telephone pole at the corner of the Star hotel. All efforts to head them off as they came up the street failed, and they made straight for the Star, where they put up, and Jeff Neal feels quite complimented.

The Newt Whetstone shearing plant is now running full blast, barring some layoffs on account of rain. Sheep are shearing well this spring in this locality, the clips all being of a high standard. Wool is now coming to the warehouses in Heppner from the near-by shearing plants and it is expected that most of the Morrow county clip will be in the houses by the time of the first wool sales which is June 2nd.

W. T. Campbell was up from Social Ridge on Friday, wearing a smile that means something. A good soaking rain out his way is the cause, and Billy looks for a successful harvest. Fact is, the fall sown grain was not suffering so much for moisture as it was in need of warm weather, but these rains are certainly the proper thing for the spring sowing, of which there is considerable this season.

From May 16 to 20 Prof. Wulff, of Berlin, will demonstrate the cooking qualities of the Great Majestic Range, at Gilliam & Bisbee's store. Come everybody, there is always something to be learned.

Of course you will want to spray all your fruit trees, berry plants and shrubbery. Slocum Drug Co. are prepared to furnish you with any kind of spray needed. Call on them.

Mrs. L. E. Cohn will continue to sell everything in the millinery line at 1/2 off during the month of May. This includes everything except special orders.

RAISE CHICKENS—Minor & Co. have made arrangements to dispose of all the poultry you can raise, at Portland prices less cost of handling.

A baby boy was born on last Thursday to the wife of James Elder, at their home in Heppner.

After this date you can buy White Plymouth Rock eggs for \$1.50 per set. W. P. Hill.
