#### Assault With Dangerous Weapon.

Austin Gentry had a preliminary hearing before Justice Williams on Monday upon the charge of assault with a dangerous weapon. On Friday Gentry got into an altereation with Daye McAtee in the saloon of McAtee & Aiken, and drew a gun. McAtee grappled with him, and the gun was knocked from gentry's hand onto the floor. There was a mixup, and the result was that Gentry was floored by Arthur McAtee with a jab on the jaw and the row ended without any very serious damage. In the hearing Monday, Gentry was bound over to appear before the grand jury, his bond being fixed at \$500.00, which he furnished. The row seems to have originated over some betting on the horseraces out at Hardman, so the report goes, Gentry claiming that he had been jobbed by McAtee.

# Real Estate Changes Hands

There has been some movement in Heppner real estate the past week and some important transfere have been made. R. F. Hynd disposed of his fine residence property to C. E. Woodson, taking in the trade therefor the residence property of Mr. Woodson. This property was in turn purchased by Mr. Woodworth, engineer on the branck and he and his family will become permanent residents here.

Mr. Hyad is completing arrangements to leave Heppner with his family and take up their residence in Portland where they have purchased property. From rumors going around it may be expected that there will be other important real estate transfers before long; in fact the periodical swapping of property in Heppner seems to be on and numerous changes may be looked
