To Be Sure of Getting Genuine Sealshipt Oysters Look for This Sealshiptcase

Like every good thing, Sealshipt Oysters are imitated. But the imitations fall far short of the original.

We are registered Agents for genuine Sealshipt Oysters in HEPPNER. If you buy from us, you are sure of getting oysters just as they come from the sea.

Oysters served you right at the shore could not be fresher or more delicious than the genuine Sealshipt Oysters we have.

We get Sealshipt Oysters directly from the oyster beds. The same day as they are dredged they are packed in clean, air-tight steel containers and sealed. In this way we seal the flavor as well as the oysters.

These air-tight containers are packed in a patented package the Sealshiptor, with the ice around the containers. This keeps the oysters at a uniform degree of coldness in transit.

Sealshipt Oysters Richest in Food Value

Sealshipt Oysters give you all the delicious qualities and splendid nourishment of Nature's choicest sea food. There is nothing more sat-

isfying or more appetizing. They are also economical, because a pint is enough for an ordinary family.

How You May Be Sure of Getting Genuine Sealshipt Oysters

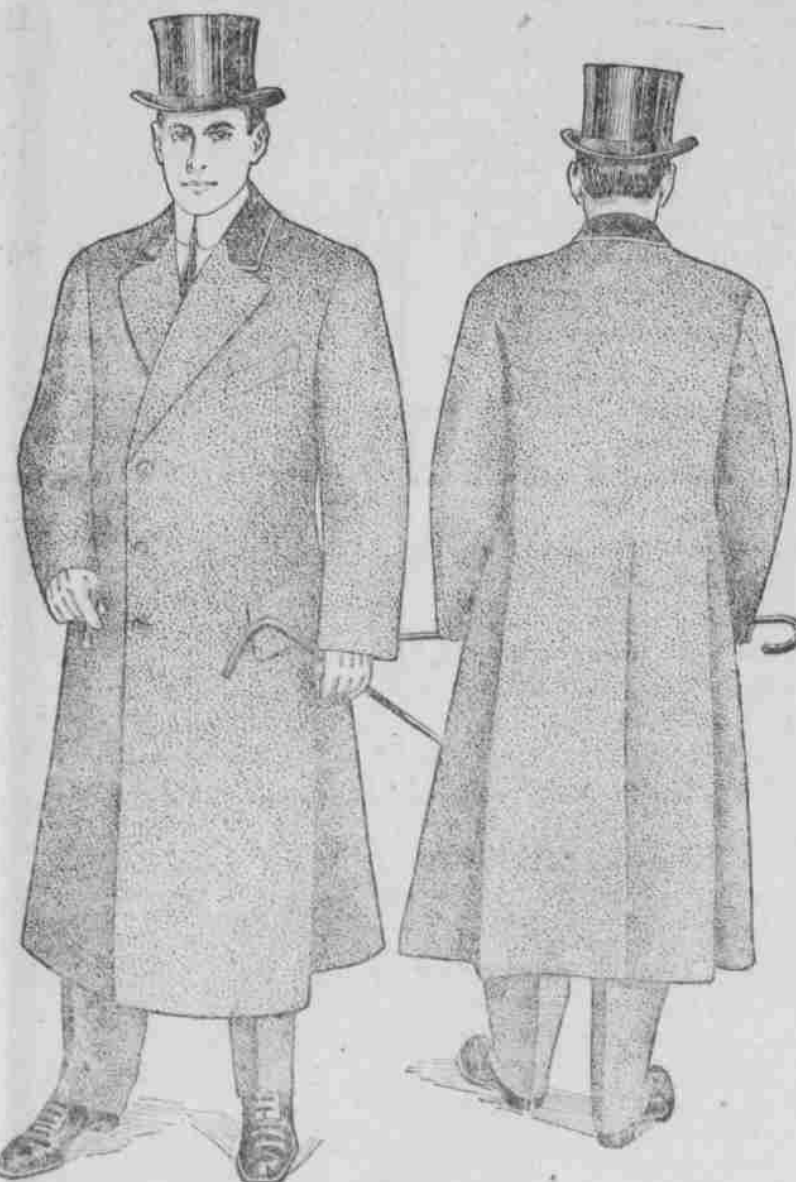

The only way to be sure of getting Sealshipt Oysters—the only bulk oysters with a name—is to get them from the handsome porcelain enamelled refrigerator like the one shown here; like the one we have in our store.

Call and see how we handle Sealshipt Oysters. While here, ask for a copy of our free booklet, "Mark Twain's Oyster Story," which gives many shore receipts unknown inland.
