

Eight Mile.

The little son of T. W. Rippee is reported very ill with tonsillitis.

The fine weather continues and the wheat still retains its green color.

Chas. Stanton and family visited at the home of C. E. Jones, Sunday.

Surveyor Reid is doing some surveying for Keithly Bros. of Rood canyon.

A party of Gooseberry geese hunters returned home last Saturday with geese.

Oscar Keithly and family spent Sunday at the home of Tilman Hogue of Gooseberry.

Tilden Williams and family spent Sunday at the home of her mother, Mrs. J. C. Keithley.

Emerson Keithley is building a new house on his place in Rood Canyon. Martin Johnson is doing the Carpenter work.

Clyde Swift and wife, who are spending the winter on the farm of his father on Eight Mile are visiting a few days at Hardman.

Mrs. Henry Ingram who has been spending a few days with her sister, Mrs. Fraters, on Eight Mile, returned to her home at Hardman Thursday.

We are glad to report that Chas. Huston has about stamped out the disease among his horses. Those affected are much improved at this time and their has been no new case for some time.

Chas. Stanton, Oscar and Emerson Keithly, Mose Ashbaugh and Tilden Williams were appointed delegates from the Farmers' Local to the county meeting at Heppner on the 28th.

Mose Ashbaugh sold two dozen of his best brown Leghorn hens last week to C. W. Jones of near Heppner. Chas. says there is nothing too good for the Irish. He certainly used good judgment this time.

There was a good attendance at the debate Friday evening. The decision was in favor of the affirmative. The subject for next Friday evening is: "Does the hope of reward have a greater influence over man than the fear of punishment?" Everyone is invited to attend and take part in the exercises every Friday evening, at 7 o'clock. Good program.

Castle Rock Items.

Messrs. Snider and Cochran of Hermiston came down today on business.

Messrs. Marona and Davis made a deal yesterday whereby Davis now owns a firstclass sail boat.

Mr. McMillan of Hermiston came in on the local yesterday and was met by Mr. Canfield at this place. He is one of the surveyors.

J. B. Beebe, the well driller, had 35 feet of water at 75 feet. He will drill to 90 feet and move the drill to a new location for another well.

Mr. Canfield and son came in Friday night last and are now camped at Marshall's well, prepared to run the lines for the sheep men and settle range difficulties.

Mr. Wells of Hermiston came in last night looking for a house in which to locate his family in case he gets a job with Stanfield Bros. We sincerely hope he moves in.

Mr. Bullard and father and Jas. Fellows of Whitcome were on this side the river looking after things at Riverside farm. They report the millionaire Moore broke, completely—not a dollar left. The Riverside farm will be sold.

G. Stanfield with Messrs. Wells of Hermiston, and L. M. Davis of this place, tried their luck Monday for geese. Their firearms were alright but the geese went another direction. The two Castle Rock lads brought in a goose Saturday morning.

Vealing a heifer calf should be prohibited by law the same as is the slaughter of a female deer, or doe. If it is worth the while of the State to pass laws to protect deer, it is much more worth its while to protect the cattle industry, for the latter affects the whole people, while the former affects but an infinitesimal few. It always gives us a pain to see a car load of mixed calves driven towards the shambles, and when one ruminates over the fifty head of fine speyed heifers that Angell & Ball of Fossil recently brought over from Crook county, and are now feeding for the Portland market, he is almost tempted to wish that the speyer too were speyed. We cannot build up our country in that way, so let us all resolve to in future keep our heifer calves, and as many of our steer calves as we can.—Fossil Journal.

To Water Users.
