### CHICAGO BANK FAILS

President and Cashier Are Being Sought by Officers.

#### SHORTAGE MAY REACH MILLION

Was Largely Patronized by Foreigners and Working People—Two Men Die From Shock.

Chicago, Aug. 7.—The Milwaukee Avenue State bank, a concern with more than \$4,000,000 in deposits, was closed yesterday by the state bank examiner. Out of the tremendous excitement which followed there are grave charges that the institution has been systematically looted since 1901 and there are hints that some of the state officers knew of the shaky condition of the institution two months ago, but permitted it to continue, presumably in the hope that it would straighten out its difficulties and avoid a crash.

The bank, which was largely patronized by foreigners of moderate means and working people, had 22,000 depositors, mainly with small accounts representing the savings of years of toil, and the excitement among them is intense. All of yesterday and last night they besieged the closed bank, hoping for a word of cheer. One man, who was the treasurer of a society and had deposited the funds of the society in the bank, dropped dead when he heard of the failure. Another depositor, believing that his savings of years had been swallowed up, committed suicide.

It is said the bank was closed because of the discovery of gross malfeasance on the part of at least two of its officers. President Paul O. Stensland and Cashier W. H. Herring are being sought to explain their share in the affairs. It is said that the bank has been looted of \$700,000 to \$1,000,000. Fictitious notes to this amount have been found. Numerous notes listed as assets, it is asserted, have been found to have been taken up, but not canceled by their makers.

#### THIRTEEN MONTHS IN JAIL.

Judge Hunt Pronounces Sentence on Charles Nickell.

Portland, Aug. 7.—Charles Nickell, of Medford, Ore., publisher of the Southern Oregonian, a tri-weekly newspaper, and formerly a United States commissioner there, who was found guilty July 27 by a jury in the United States District court of having conspired with Henry W. Miller, Frank E. Kincart and Martin G. Hoge to defraud the government of portions of its lands, was yesterday afternoon sentenced to 13 months' imprisonment on McNeill's island by Judge Hunt.

Judge O'Day, counsel for Nickell, asked for a stay of sentence until he could prepare a bill of exceptions and obtain a writ of error. It is Nickell's intention to take an appeal.

Judge A. S. Bennett, attorney for Hamilton H. Hendricks, who was convicted Saturday night of subornation of perjury, announced yesterday that he would take immediate steps to appeal that case also. Hendricks is to appear for sentence next Saturday morning.

#### DEAD WASH ASHORE.

Spanish Coast Strewn With Corpses From Steamer Sirio.

Cartagena, Spain, Aug. 7.—Numerous bodies of persons drowned in the wreck of the steamer Sirio off Hermigas islands were thrown upon the shore during the day. Most of them are persons of the better class. Several small fishing smacks have arrived, bringing survivors of the Sirio who were found floating at sea long distances from the scene of the disaster.

The first reports of the disaster declared without qualification that the captain of the Sirio had committed suicide. Later information, however, shows that he was on board the steamer when she sank, and expressed the determination to go down with his vessel. He was afterwards rescued, in spite of his refusal to be saved.

The latest figures on the disaster show that 275 passengers were lost.

#### Who Watches the Officers?

London, Aug. 7.—According to an Odessa dispatch to a local news agency, steamer arrivals from Sevastopol say that fully 20,000 persons have left the city, and the exodus is still in progress. Admiral Skrydloff, commander of the Black sea fleet, is in an awkward dilemma. He is afraid to remove the breech blocks from the fortress guns in case the crews of the warships mutiny, and at the same time he distrusts the fortress artillerymen. At the fortress and on the warships double staffs of officers keep watch with revolvers.

#### Mutiny Threatens Odessa.

Odessa, Aug. 7.—Sevastopol is still telegraphically isolated, but steamer arrivals from that port report all quiet there. The sailors of the fleet and soldiers of the fortress are apparently disheartened by the fiasco resulting from the northern mutinies. The troops at Odessa are showing unmistakable signs of unrest and the authorities are taking the most stringent measures to prevent a mutiny. Numerous patrols surround the camp.

#### No Wholesale Execution.

St. Petersburg, Aug. 7.—The statement that 600 of the Cronstadt mutineers have been executed is semi-officially denied.

### THREE HUNDRED DROWN.

Italian Immigrant Ship Strikes Reef Off Coast of Spain.

Cartagena, Spain, Aug. 6.—A terrible marine disaster occurred Saturday evening off Cape Palos. The Italian steamship Sirio, from Genoa for Barcelona, Cadiz, Montevideo and Buenos Ayres with about 800 persons on board, was wrecked off Hormigas island. Three hundred immigrants, most of them Italians and Spaniards, were drowned. The captain of the steamer committed suicide.

The bishop of San Pedro, Brazil, also was lost and another bishop was for a time among the missing. The remainder of the passengers and the officers and crew got away in the ship's boats or were rescued by means of boats sent to them from the shore. A number of fishermen who made attempts at rescue were drowned.

Those rescued from the vessel are now at Cape Palos, in a pitiable condition, being without food or clothing.

The Sirio struck a reef of rocks known as Bajos Hormigas, and sank soon afterward, stern first. Hormigas island lies about two and a half miles to the eastward of Cape Palos.

The Sirio, owned by the Navigazione Italiana, left Genoa August 2. All the ship's books were lost. It is impossible at present to ascertain the full extent of the disaster. Nine-tenths of the passengers were Italians, and the remainder Spaniards. All the survivors have been landed at Cape Palos. The inhabitants provided them with clothing and nourishment. Thirty were landed at Hormigas island, about one mile from the tragedy. Fishermen brought in the first news of the foundering of the Sirio, and it created consternation here. Boatloads of the shipwrecked passengers and crew began reaching shore shortly after the news became known.

All the stokers went down with the ship. They were unable to reach the deck in time to save themselves. Among the survivors at Cape Palos are many mothers who weep and wring their hands for lost children, while there are also a number of children, who are unable to find their parents. These have been admitted to the city founding asylum.

#### JONES AND POTTER TO JAIL.

One Year and \$2,000, Six Months and \$500 Respectively.

Portland, Aug. 6.—Willard N. Jones and Thaddeus S. Potter, convicted at midnight October 15, 1905, under an indictment returned by the Federal grand jury charging them jointly with conspiring to defraud the government of its public lands, were given their sentences by Judge Hunt in the United States District court Saturday.

Jones received a fine of \$2,000, in addition to a term of one year at the government prison on McNeill's island. Potter fared somewhat better, as Judge Hunt took several points into consideration, which, coupled with the fact that Francis J. Heney made a strong plea for leniency in his case, prompted his sentence of six months in the Multnomah county jail and a fine of \$500. The attorneys for both were given ten days to perfect any legal action looking to an appeal, and in the meantime Jones was required to give \$8,000 bail, double the amount of his former bond, while Potter was permitted to go upon his original security.

The particular offense for which the two men were convicted consisted in inducing a large number of Grand Army men to file soldier homesteads in the Siletz Indian reservation, under agreement to transfer title to Jones. Ira Wade, county clerk of Lincoln county, was tried under the same indictment, but in his case the jury returned a verdict of acquittal, the evidence not being considered sufficient to convict. John L. Wells, adjutant general of the G. A. R., was also involved in the scheme of conspiracy, his influence being exercised in the direction of securing locations among the old soldiers. Wells confessed his share of complicity in the fraudulent undertaking before the grand jury and was made a witness for the government. A general shake-up in the local G. A. R. was the result of the exposures, and Wells was compelled to resign.

#### Hearty Welcome to Root.

Santos Paulo, Brazil, Aug. 6.—The American cruiser Charleston, having on board Secretary of State Root, Mr. Griscom, the American minister, and a party of friends, arrived at Santos Paulo, from Rio de Janeiro today. After a hearty welcome to Mr. Root in that city, the party came to this place, the capital of the state. The city was gaily decorated with flags and flowers in honor of the visitors. Dr. Tibirica, president of the state, welcomed Mr. Root at the station. Salutes were fired by the artillery here.

#### Says Trust Contro's Trade.

Chicago, Aug. 6.—John Hill, Jr., has reopened his war on the owners of public warehouses in Chicago with the declaration that the grain trade is in the clutches of a trust. Mr. Hill says he now has evidence of the existence of an illegal combination among the warehouse men, and that he intends to fight it to its death. The Interstate Commerce commission will meet here next month, and Mr. Hill says he expects to see an investigation started.

#### Goes to Isthmus in November.

Panama, Aug. 6.—General Magdon this afternoon informed President Amador that President Roosevelt will visit the canal zone in November. Senator Amador, through Mr. Magdon, extended a formal invitation to Mr. Roosevelt to visit the city of Panama.

### GENERAL STRIKE ON

Workmen in Russian Capital Responding to Call.

#### SIGNS POINT TO A DICTATORSHIP

Grand Duke Nicholas to Lead Fight on Reds—Disurbances and Mutinies Continue.

St. Petersburg, Aug. 4.—St. Petersburg is in darkness tonight. The employees of the electric lighting plants, always the earliest barometric record of political conditions, ceased work during the afternoon in obedience to the call for a general strike. This call already has been obeyed by 20,000 factory hands in the capital. It will be impossible, however, to predict the success of this universal political strike until Monday, as the workmen in St. Petersburg and the provinces have two holidays—Saturday, which is the fete day of the dowager empress and a great religious feast, and their regular holiday of Sunday.

The pickets of cavalry and infantry were the most conspicuous features on the streets of St. Petersburg last night. Business houses generally have boarded up their windows as they did in the days of the great October strike. Practically all of the street cars in the city have stopped running, and the cab drivers are threatening to cease work.

In the meantime the fate of the Stolypin cabinet awaits in the balance and Russia is upon the verge of disorders which may lead to the reign of either the military or the proletariat. It can be stated definitely that the steps toward a dictatorship may be taken Sunday or Monday by the nomination of Grand Duke Nicholas to the chief command of all the troops in Russia. This would virtually place him in control of all the disturbed districts of the empire where martial law has been proclaimed.

#### Artillery in Open Revolt.

Warsaw, Poland, Aug. 4.—A portion of the troops in the Summer Rembertoff, near here, mutinied yesterday and are in open revolt today. The artillerymen have driven their officers out of their quarters. A squadron of Cossacks sent to overpower the mutineers was received with grape shot. Details are lacking, as extraordinary precautions are being taken to prevent the facts becoming public.

#### Rebels Fire Big Woodyards.

Harkov, Aug. 4.—Fire broke out in several large woodyards in the vicinity of the prison today. This evidently was a device on the part of revolutionists, who hoped to free political leaders during the confusion. The authorities are apprehensive of a renewed effort to the same end.

#### PUT OUT OF BUSINESS.

Insurance Commissioner Gives Body Blow to Two Companies.

San Francisco, Aug. 4.—Insurance Commissioner Wolf sent notice today to the president and directors of the Fireman's Fund Insurance company and the Home Fire & Marine Insurance company, both of San Francisco, that unless they made good their deficiency in capital stock in four weeks he will request Attorney General Webb to proceed to ascertain why their licenses to do business in California be revoked.

Both companies have been known to be in financial trouble since the fire. The Home Fire & Marine has announced that it will do no more business. The Fireman's Fund has reinsured its risks to the amount of \$372,584,750, carrying premiums amounting to \$4,471,117 with the new Fireman's Fund corporation, which has been organized since the fire. Both companies have thus confessed failure.

#### Japanese Police Send Aid.

Washington, Aug. 4.—On behalf of the Association of Police of Japan, K. Ouraka, its president, has forwarded to the chief of police of San Francisco 500 yen in aid of the police sufferers from the earthquake and fire in that city. The information was conveyed to Major Richard Sylvester of this city, president of the International association of Police Chiefs, in response to a communication from him to all members of the association asking for aid for the policemen of the stricken city of San Francisco.

#### Investigation in Philippines.

Washington, Aug. 4.—An investigation of alleged irregularities in the Philippine islands is now being conducted by order of Major General Wood, the inquiry being in charge of Colonel Wood, inspector general. At the request of General Wood the War department has made a special detail of officers familiar with the methods of business and conditions in the Philippines to assist. No result has yet been reported to the department.

#### Stampede to Windy Arm.

Seattle, Aug. 4.—Rich strikes reported in Southeastern Alaska have attracted the longshoremen of Skagway, Juneau and other towns. The men who work along the front have stampeded to Windy Arm in such numbers that the railors on the coastwise fleet have to unload their own boats.

### Too Much of a Good Thing.

"Even assuming that humor is the salt of life, we don't want to eat salt with a spoon. But here in America everything seems to be sacrificed to humor. Your politics have to be made humorous. Your courts of justice have to amuse. Before a great time has gone by you will be having funny sermons. We shall hear that Rev. Mr. So-and-so's Sunday morning sermon was a real screamer—that it was received with roars of laughter. Then the church service will be considered a bit too slow, and will have to be rewritten by some bright young humorist from a newspaper office. Your very murder cases will have to be made 'bright.' It is a foregone conclusion that domestic tragedies shall be side-splitting. I really am not sure that in time America will not get a comical funeral service, with a low-comedy undertaker."—Jerome K. Jerome in the Cosmopolitan.

#### EVER PERSIA LAYS FURTHER.

Phoebe was the 4-year-old daughter of a missionary to Persia, born in that land of Oriental ease and hospitality; and her little mind was imbued with such ideas of mutual compliment and her little tongue so given to graces of speech that her New England grandmother had many a shock.

The morning after the little girl arrived at the grandmother's home the old lady was brushing out Phoebe's curls, gloating over her after the fashion of grandmothers.

"My little phoebe-bird!" she said over and over again.

"Why do you call me phoebe-bird?" asked the child at last.

"Here in America we have a bird that says 'Phoebe! phoebe!'" explained her grandmother.

The child smiled, and her mother, standing by, knew what was passing in Phoebe's mind. Not so the grandmother, who finished her task reluctantly at last, and then stooped down for a kiss.

"In Persia," said Phoebe, in her most caressing tone, "we have one old cat, who says 'Dranma! dranna!'"

### How to Exercise the Bowels

Your Intestines are lined inside with millions of little suckers, that draw the Nutrition out of food as it passes them.

But, if the food passes too slowly, it decays before it gets through. Then the little suckers draw Poison from it instead of Nutrition.

This Poison makes a Gas that injures your system more than the food should have nourished it.

You see, the food is Nourishment or Poison, just according to how long it stays in transit.

They do not waste any precious fluid of the Bowels, as Cathartics do.

They do not relax the Intestines by greasing them inside like Castor Oil or Glycerine.

They simply stimulate the Bowel Muscles to do their work naturally, comfortably, and nutritiously.

And, the Exercise these Bowel Muscles are thus forced to take, makes them stronger for the future, just as Exercise makes your arm stronger.

The usual remedy for this delayed passage (called Constipation) is to take a big dose of Castor Oil.

This merely makes slippery the passage for unloading the current cargo.

It does not help the Cause of delay a trifle.

It does slacken the Bowel-Muscles more than ever, and thus weakens them for their next task.

Another remedy is to take a strong Cathartic, like Salts, Calomel, Jalap, Phosphate of Sodium, Aperient Water, or any of these mixed.

What does the Cathartic do? It merely flushes-out the Bowels with a waste of Digestive Juice, set flowing into the Intestines through the tiny suckers.

They are purposely put up like candy, so you must eat them slowly and let them go down gradually with the saliva, which is in itself, a fine, natural Digestive.

They are put up purposely in thin, flat, round-cornered Enamel boxes, so they can be carried in a man's vest pocket, or in a woman's purse, all the time, without bulk or trouble.

Price 10c a box at all druggists. Be very careful to get the genuine, made only by the Sterling Remedy Company and never sold in bulk. Every tablet stamped "CCC."

But, the Digestive Juice we waste in doing this today is needed for tomorrow's natural Digestion. We cannot afford to lose it.

That's why Cascarets are the only safe medicine for the bowels.
