One of the nice points to decide about  
the Panama canal is the depth which  
will accommodate the future steam-  
ship. A generation ago fifteen feet was  
the steamship limit, but a depth of  
thirty-five and forty feet is now ad-  
vised. The builders of the mammoth  
America, recently launched, say that  
they will soon float a ship larger by  
2,000 tons than any heretofore con-  
structed.

# Montavilla and Vicinity

## Russellville Grange Meeting.

Saturday, August 11th, the Russellville Grange held a reunion meeting of its members and a large number were present who made merry havoc with five gallons of ice cream. The meeting was set as the beginning of a campaign for new members and reorganizing of Grange work for the fall and winter season. Strenuous efforts will be made to reach 125 members by the first of the year. The Russellville Grange is in a flourishing condition and has about 80 members at present. Its present officers are Raymond Gill, master; John Wilbus, overseer; E. Huffman, lecturer; C. Lewis, steward; Sophia Zindberg, secretary; Mrs. Littlefield, chaplain; Edward Gill, assistant steward; Edna Barrell, lady assistant steward; O. Pitman, treasurer; John Speer, gate keeper; Julia Mickelson, musician; I. Giles, Ceres; Mabel Mickelson, Flora; Elsie Lewis, Pomona. The Grange meets the second and fourth Saturdays in each month. Visiting members are always welcome.

## Proposes Building Church.

The semi-annual district conference of the Reorganized Church of Jesus Christ of Latter Day Saints was held at Old Fellows' Hall last Saturday and Sunday, Elder John Moon, of Condon, district president, being in charge. Elder Moore delivered the sermon on Saturday evening, Elder Merrill, of Independence, Mo., at 11 a. m. on Sunday, and Elder John Kaler, also of Independence, at 8 p. m. At the business meeting the following officers were elected to serve the conference during the ensuing term: Elder John Moore (re-elected) district president; Elder John Kaler, vice president; Elder W. A. Goodwin, of Montavilla, secretary. One of the most important matters to come before the conference was the erection of a church building in Montavilla, and it was carried by an unanimous vote. The location will be announced later.

This organization is often confounded with the Mormons, but, as a matter of fact, has no relation to the latter sect, and does not, in any way, hold or teach its doctrines.

## The Improvement League Meeting

At the regular meeting of the Improvement League last Monday evening the ever present and vital topic of "a wider Villa avenue" received its due share of attention, and the general feeling seemed to be that the League should not weary in well-doing, but should take a fresh hold in its endeavor to overcome the existing opposition and make a still more determined fight for a result that would mean much to the entire Villa. W. C. Aylsworth was appointed a committee of one to interview the farmers along the eastern extension of the avenue with the object of ascertaining their views and wishes in regard to having it widened from the city limits eastward.

The committee on railroad station reported that their petition had been very numerous signed, and that they were endeavoring to get the railroad company in line.

Preliminary steps were taken looking to the installation of gas mains in the Villa, but definite plans have not yet been formulated. Other matters of minor importance were discussed, and the members present were urged to work for a large attendance at the next meeting of the League.

## Correspondence

### DAMASCUS, UNION RIDGE.

John Elliott and family, Ed. Seifer and family, and Mr. Bates left Thursday for Yaquina Bay.

Ida Wolfliagen has gone to the mountains.

Will Donally, Lewis Rodlan, Harry and John Chitwood and Mr. Stall have gone to the coast for a deer hunt.

Little Hazel Chitwood has the measles.

Miss Augusta Siefert was called home from Portland on account of her mother's sickness.
