WE CANE WE WIN WE CONQUERED.

VOL. 2.

GRESHAM and MONTAVILLA, MULTNOMAH CO., OREGON, FRIDAY, SEPTEMBER 21, 1906.

NO. 38.

## Library Association Holds Meeting

A call meeting of the trustees of Gresham Library Association was held Monday evening, Sept. 18th, in the library room over the postoffice. H. L. St. Clair, who had been acting as librarian since the beginning of the organization, resigned said position and upon acceptance Mrs. Clananan was appointed a committee to secure someone for the place. Mrs. J. W. Shattuck and Dr. J. M. Short were appointed a committee to secure more commodious quarters. C. A. Nutley will collect all dues as soon as possible that the work may go on unhindered from the financial standpoint. Meeting adjourned to meet at call of President J. M. Short.

## New Books Will be Sent to Libraries

The boxes of books at the deposit stations of the Portland public library are being recalled and fresh collections will be sent to the stations sometime early in October. A carefully selected list of books has recently been purchased for circulation in the county, thus making it possible to fill these boxes with new and attractive volumes—the best among the current books of late editions of the old favorites of which one never tires. In addition to books of travel and discovery, of history and science, there are useful books full of practical suggestions for the home-builder, the fruit-grower, the electrician; new cook books and books on household economy; and plenty of good stories old and new. The publications of the United States department of agriculture that are of practical value to farmers and fruit-growers in this section have been bound and these volumes will be added to the county collection.

Suggestions from county members in regard to books to be included in the boxes will be gladly welcomed. Write directly to Miss Nelly Fox, County Department, Library Association, Portland, about the books or the subjects in which you are interested, or send the list through your local librarian.

The library association of Portland is the FREE public library of Multnomah County, supported by the taxpayers of the county. Every resident of Multnomah County may become a member of the library by making application at either the central library or one of the deposit stations.

The following are library stations in Multnomah County:

PLACE	IN CHARGE OF
Albina	Mrs. P. P. Leche
Arlita	B. B. Kavanagh
Bridal Veil	Mrs. Clarence Bush

## AGED PIONEER PASSES AWAY

Plympton Kelly Died Saturday at His Home on Kelly Butte.

Plympton Kelly, eldest son of Clinton Kelly, father of the Kelly Clan of Oregon, passed away at three o'clock on last Saturday morning at his home on Kelly Butte where he had lived 52 years.

Deceased was born 78 years ago in Pulaski County, Kentucky. He came to Oregon in 1848 with his father's family and devoted his attention to farming, in the vicinity where he had lived so long.

He was the oldest living member of the Kelly Clan, being the head of the family tribe since its organization ten years ago.

He held the office of chaplain of Evening Star Grange for a good number of years and was an honored citizen and neighbor. He leaves a widow and three children; James Kelly, a student at the Oregon Agricultural College, Mrs. Thos. Howitt, of Gresham, and Mrs. Alfred Niblin, besides two brothers and three sisters.

The funeral, which was largely attended, was held at the home on Monday, Sept. 17th, 1906, interment being in Multnomah Cemetery. Rev. Joseph Hoberg of McMinnville, an old acquaintance 80 years of age, conducted the services at the house and Evening Star Grange had charge of the closing rites at the grave.

THE HERALD, \$1 A YEAR

## UNITED EFFORT NECESSARY

Says Fruit Inspector Deich, if Orchards Would be Saved.

(Special Correspondence to The Herald.)

Fruit Inspector Richard Deich, of Multnomah County, has inaugurated a crusade against fruit pests of all kinds, and makes an appeal to the farmers and fruit growers to cooperate with him in his work. One can do little, but if all will assist the fruits of the country may be saved. The inspector makes the startling declaration that out of the 3,000,000 trees in the county more than one-fourth are infested with San Jose scale and that unless there be a concerted effort to kill the pest it means the destruction of the fruit industry of the whole country. One pair of scale, male and female, if allowed to procreate will raise a family of 1,000,000 which is enough to infest the whole country, and when already one-fourth of the Willamette Valley are infested it can be seen that the conditions are alarming. Inspector Deich calls on the farmers of Multnomah County to back up his efforts to save the orchards from complete destruction.

## Mrs. Ada McKenzie Passes Away.

Mrs. Ada McKenzie, wife of Wm. McKenzie residing at Sunnyside Portland, died at her home on Friday, the 14th, after an illness of about one year. The family lived near Gresham for a number of years, Mrs. McKenzie being a sister of C. N. Powell of Gresham. Besides the husband two daughters are left to mourn the departed one. The sympathy of the community is extended to them.

Rev. Staub of the Congregational Church at Sunnyside conducted the funeral, interment being in Gresham Cemetery.

## Conrad Metzger Wins the Wagon

The Stetebaker Wagon Contest ended last Wednesday, Sept. 20th, with Conrad Metzger the winner.

The voting stood as follows:

1. Conrad Metzger	108
2. Fred Hoss	103
3. Ray Metzger	24
4. Frank Crenshaw	17
5. Davie Doane	13

Several others received a small number of votes.

The total number of votes cast was 282.

Attempting to relieve the money stringency by handing out more five dollar bills, as Secretary Shaw recently advised the banks to do, seems piecemeal at first blush, but really may be the most practicable way. The five spot will stir up more dicker any day than a twenty dollar bill. Like the English pound, it is the popular unit of circulation. It is big enough for the thrifty to hoard, yet can always be broken into most anywhere for pocket change in case of need.

The French government recently issued a very rigid decree regulating investment of life insurance companies doing business in France. Policy holders are to be protected in the indemnities, but dividend money remains, as heretofore, at the mercy of the insurance officials.

## TIFFANEY APPROVES STUDY COURSE

Chemistry Laboratory Added to Gresham High School.

(Special Correspondence.)

The following is the course of study for the ensuing year in the Gresham High School: ninth grade, English, higher lessons in English, (Reed & Kellogg) 36 weeks; History, European history, (Adams) 36 weeks; Science, physical geography, (Tarr) 36 weeks; Mathematics, essentials of algebra, (Wells) 36 weeks; tenth grade, English, rhetoric and composition, (Carpenter) 36 weeks; History, European history, (Adams) 36 weeks; Science, physical, (Colton) Botany, (Bailey) each 18 weeks; Mathematics, Es. of algebra, (Wells) Geometry, (Wentz) each 18 weeks; eleventh grade, English, English literature, (Printer) 36 weeks; History U. S. history; Civil Government, (S. & S.), each 18 weeks; Latin, Wirst latin book, (Daniels) 36 weeks; Mathematics, geometry, (Wentworth) 36 weeks; twelfth grade, English, American literature, (Painter) 36 weeks; Latin, Caesar's Gallic War, 36 weeks; Science, physics, (Gage) Chemistry, (White) each 36 weeks; Mathematics, Academic arithmetic, (Wells) Bookkeeping, each 18 weeks.

The English work given in the U. of O. Bulletin for May 1905-06 is made a part of the English course. See pages 37-38.

The above course of study was submitted to the registrar of the University of Oregon by Prof. Bert Ashurst and the following letter received in reply: "Mr. Bert Ashurst, Gresham, Ore., Dear Sir:—Your favor of September 14th is at hand. I have looked over the course of study as outlined in your letter and find that it conforms in every way with the requirements for admission to the University of Oregon. The student finishing the course will be entitled to fifteen units, and will be eligible to enter the University of Oregon without examination and without condition."

"It is possible that the requirements for entrance will be changed somewhat this year, but whatever changes may be made will be in the direction of greater flexibility. We should greatly appreciate any suggestions that would care to make in regard to any possible changes. "If we can be of service to you in any way at any time, please do not hesitate to write us."

"Wishing you a very pleasant and profitable year, I remain, Very truly yours, A. R. Tiffany, registrar."

A chemical laboratory has been added to the Gresham school for those wishing to study chemistry, thus adding another unit to the above, making sixteen units in all.

The consumption of "aguardiente," a rum made from sugar, is increasing in Mexico so rapidly that manufacturers have begun to produce it direct from the cane. The name suggests that the Mexican with the rum habit needs a guard to keep him from running amuck after his brain is tangled up by the stuff.

Even the freak business knows no limit. A Paris murderer insists upon being guillotined to give the public a holiday rather than take a life sentence, and this country has a man who prefers the penitentiary to freedom.

## COUNTY WILL EMPLOY PRISONERS

Work to Soon be Commenced on Stockade at Kelly Butte.

(Special Correspondence.)

Multnomah County is preparing to make a practical test of the efficacy of employing prisoners in road construction, and is building stockades at Kelly Butte where it recently acquired thirteen acres. There is a rock quarry here and this rock will be crushed and placed on the county roads, the work being done by the prisoners who will be quartered in the stockade. The experiment will be watched with interest all over the state. It is the first effort on large scale to make the jail birds productive, and if it works well in Multnomah County other sections of the state may take up the same plan in road construction. Active operations will shortly begin at the stockade.

## Additional Gresham Locals

There will be preaching services at the Baptist Church Sunday next at 11 and 8 o'clock by the pastor.

A. B. Hemstock, who is engaged in the drug store and undertaking business in Sellwood, was a caller at this office today.

Mr. Wirtz is at present working at the Akens prune dryer, assisting W. A. Slingeland, an expert fruit man from Hood River.

Dr. A. Thompson, pastor of the Gresham M. E. Church, was appointed by Bishop McDonald at the last session

## Ball Brothers Buy Property Here

H. Lee Ball and Sheldon Ball have purchased 20 acres on top of the Gresham butte and have erected a small house and barn on the tract. The tract includes the pear orchard and connects on the north with Mr. Schwadler's near the highest part of the butte. Sheldon Ball recently came from Toledo, Ohio, where he had been principal of the high school. He is now professor of mathematics in the Portland High School.

The brothers have a large stock ranch near Roseburg. Their new property here will be made a fruit ranch. H. Lee Ball is now residing on the place.

of the annual conference to preach the annual missionary sermon. The sermon will be preached on Friday afternoon, Sept. 28th.

Dr. A. Thompson will preach next Sunday, both morning and evening, in the M. E. Church. This being the last Sunday of the conference year a good attendance is expected. Dr. Thompson leaves next Wednesday morning for the annual conference, to be held at Sunnyside Church.

Thos. Dunn, lately from La Camas, Wash., is building a new house near Cottrell. Theo. Neibaur is doing the carpentering. Paul Dunn and Thos. Dunn were in Gresham on Wednesday purchasing building material, doors, windows, etc.

Ground has been broken for the new hotel at Fairview, which will be erected as fast as possible.

Four lots in Fairview have been sold this week to Aaron Fox by C. C. Vaughn.
