The Comice pear, which has acquired some popularity in southern Oregon, a carload from there having sold in New York last season at seven dollars per box, is a large pear which in season follows, we believe, the Anjou. It ranks high in quality and sells well on local aswell as eastern markets.

A Pleasant Way To Travel

The above is the usual verdict of the Missouri Pacific Railway between the

Pacific Coast and the East, and we believe the service and accommodations given merit this statement.

From Denver, Colorado Springs and Pueblo, there are two through trains daily to Kansas City and St. Louis, carrying Pullman's latest standard electric-lighted sleeping cars, chair cars, and up-to-date dining ears.

This same excellent service is operated from Kansas City and St. Louis to Memphis, Little Rock and Hot Springs. If you are going East or South, write or rates and full information.
