Marie D. Curtis has purchased from Aurora and B. H. Bowman the farm of 190 acres, the consideration being \$25,000. This is a model farm and is considered a good buy. Other options have been given for farms at Fairview and when the deals are closed the land will be surveyed into 5- and 10-acre tracts. There is a demand for small tracts of land and the owners of large farms are doing a wise thing to give up some of their acres and letting those who desire to locate have a chance. Plenty of people will come if we will only give them a chance.
