BEAVERS HERALD

1805 WE CAME WE FIGHT WE RESIST THE WRONG WE CONQUERED.

VOL. 2.

GRESHAM and MONTAVILLA, MULTNOMAH CO., OREGON, FRIDAY, OCTOBER 26, 1906.

NO. 43.

Why You Should Have Your Account with Us.

BECAUSE when you deal with us you are dealing with a man who is interested in the bank beyond a monthly salary and consequently is interested in your welfare.

Farmers can deal with a man who spent the fore part of his life on a 700-acre farm in Western Iowa and consequently knows something of the farmer's needs and capabilities.

Knowing the needs and capabilities of the farmer we are able to assist the country merchant in many ways and being able to assist the country merchant we in turn benefit the farmer and the buyers of the farmer's product.

The manufacturer takes an interest in us because he understands that the bank makes it possible for the people in his locality to make much faster progress than they could without the bank.

The buyer of the farmer's products becomes interested in us because he learns that the farmer does business with us and he comes to us for information concerning that which he wishes to buy.

The farmer with money to invest comes to us for his securities because we can sell him paper bearing a better rate of interest than he can obtain.

We encourage the young people to save and help the thrifty man by paying 4 per cent. on the money he lays by for an opportunity or rainy day.

J. M. SHORT, Pres. G. W. KENNEY, V-Pres. A. MEYERS, Cash'r

Pork,	8 to 8 1-2c
Mutton,	4 to 4 1-2c
Kips,	5 to 7c

ASCHOFF LIVES WITH BROKEN NECK

Man of Prominence and Ability Incapacitated for Active Life.

(Special to The Herald.)

Adolph Aschoff, of Marmot, who was superintendent of the western Oregon forestry district, demonstrated a few months ago that he could raise a 200-pound man by the strength of his neck, and he has been going around with a broken neck ever since, which is a most uncomfortable and inconvenient situation for any man to be in.

It has always been supposed that when a man's neck was broken that was the end of him, but this case of Mr. Aschoff is one of the most remarkable of the sort heard of in this country. Mr. Aschoff keeps the Aschoff Hotel at Marmot, on the road to Mt. Hood, and is a living example of a living man with a broken neck.

It was a singular accident and happened at his home last summer. It seems that Mr. Aschoff wanted to show how much he could lift with his neck. He put his head between the legs of a man said to weigh 200 pounds and lifted him off the ground with his neck, but when he put the man down he found that his neck had been broken, but the spinal cord was not injured, which, of course, would have meant instant death. Immediately after the experiment Mr. Aschoff found that he had no control of his head. He could not hold it up or move it. He came to a Portland Hospital where the physician who attended him found the neck had been broken by the terrible strain to which it had been put by lifting the man.

Mr. Aschoff's neck and head were put in a sort of cage to enable him to hold it in place, and he has been wearing it that way ever since. He cannot move his head and whatever position he is in at night, in bed, he remains unless moved. It is expected, however, that he will eventually recover.

He has a remarkable career. When at the head of the forest rangers of the Cascade division two years ago he was terribly injured by a horse falling on him. He was miles from home and alone, but by sheer determination he managed to travel two days and one night, when he hardly expected to survive, and reached home. From his injuries he was several months recovering.

It is well known that Mr. Aschoff has been through many tight places in life that few men would have come out of alive, and especially his experience when injured miles away from home.

Mr. Aschoff was removed as forest ranger superintendent to make way, as is stated, for some theoretical forest man with none of the former's practical knowledge of the mountains and the way of handling fires to the great detriment of the forestry interests.

Gresham Lodge Entertains Visitors

Gresham Lodge No. 125 I. O. O. F. entertained about 32 visiting members from the Estacada Lodge last Saturday night. Second degree work was the order of the evening. After initiation a big banquet was spread to which all did justice. Under the good of the order, a number of speeches were made. The visiting members and all present report a splendid time.

POMONA IN CLACKAMAS COUNTY

Largely Attended—Elects Officers and Adopts Resolutions.

The Clackamas District Pomona Grange met in the hall of Molalla Grange, No. 40, Oct 10th. About 200 patrons were present. It transacted a larger amount of business than any session has for a considerable length of time.

Officers were elected for a period of two years. These will be installed in January. The result of the ballot showed the election of J. W. Thomas, of Molalla Grange No. 310, master; J. H. Chitwood, of Damascus Grange, overseer; Mrs. Maggie A. Johnson, of Milwaukee Grange, lecturer; Fred Spangler, Central Grange, steward; J. W. James, Milwaukee Grange, assistant steward; Oscar Eaton, Oswego Grange, chaplain; R. A. Wright, Molalla Grange No. 40, treasurer; Mahala A. Gill, Harding Grange, secretary; Homer Glover, Eagle Creek Grange, gatekeeper; Mrs. Ida Kent, Ceres; Mrs. Bessie Shelley, Barlow, Pomona; Miss Lulu Kirheim, Harding Grange, Flora and Miss Bertha Spangler, Central Grange, lady assistant steward.

The following were elected to the executive committee: Capt. A. T. Apperson, G. E. Miller and C. E. Spence. The master and secretary are ex-officer members of this committee. The utmost good will prevailed during the election and all were satisfied with the results.

The master, Wm. Grisenthwaite, appointed this committee on resolutions: R. A. Wright, F. M. Gill, and Capt. A. A. F. Apperson. This committee reported on a resolution favoring the "People's Lobby," as set forth in the Success Magazine, asking that master appoint a special committee to investigate the matter and report at the next meeting. The master appointed Capt. A. T. Apperson, F. M. Gill and George Ogle.

The committee reported an anti-pass resolution favorably and it was unanimously adopted. The resolution asked that the bill that was submitted to the voters last June and adopted by so large a majority be enacted into law.

A resolution asking a law regulating telephone rates and compelling a company to make connection with other company's lines was favorably reported and unanimously adopted. This resolution was identical with the one adopted by the Multnomah Pomona in September.

It was moved and seconded that this Pomona is opposed to the free distribution of seeds. The motion was carried without a dissenting vote.

By motion it was asked that the Grange express itself as believing that \$6 per capita was a sufficient amount for school purposes. After a long and interesting discussion this motion was lost by a vote of two to one.

The secretary, C. E. Spence, read a reply he had received from Senator C. W. Fulton in regard to the raising of the salaries of congressmen, cabinet officers, chief justices and president, the Pomona having gone on record at its last meeting as opposing the proposed raise.

Mr. Fulton did not think the salaries sufficient for these officials to uphold the dignities of so great a nation. He

GRANGE NO. 71 HOLDS GOOD FAIR

Many Awarded Blue Ribbons at Pleasant Home Grange.

Multnomah Grange No. 71 held its annual fair in the Douglass hall at Pleasant Home Oct. 15th. The exhibits were very good, especially the onions, rutabagas, corn, cabbage, oats, wheat, potatoes, summer squash and grain hay would be hard to beat.

Dinner was spread in the hall, and a good social time was enjoyed by all.

The judges awarded blue ribbons as follows: M. Wheeler, brown Austrian onions, white Russian rutabagas and early Anna tomatoes; A. B. Wood, yellow Douvers onions, early Ohio tomatoes, sweet pie pumpkins, cabbage, sweet corn, carrots and millet; Mrs. A. B. Wood, canned fruit, man's shirt, large variety flowers; Carl Timmerman, vetch and rye thrashed; Mr. Sloop, crook neck squash; Mr. Fritz Timmerman, sparble oats, yellow Eaden wheat, 20-oz. apple, Burbank potatoes; Chas. Wheeler, oats and vetch hay, Wolf river apples; Miss Margaret Dolan, sweet peas, kale, artichokes.

After the judges awarded the ribbons a short interesting program was given, after which all departed for their homes feeling that they had had an enjoyable time.

Max Ruhle Has Narrow Escape.

Last Saturday evening as Max Ruhle was driving home from Montavilla with his horse and buggy an automobile came along, striking the vehicle and practically demolishing it. Mr. Ruhle was somewhat bruised up, and the horse left for other parts and has not been recovered up to this time. The automobile people did not stop to render any assistance but kept right on. It is expected the detective service will be called into requisition to bring the guilty ones to time.

Henry Hemmers Weds Stella Sinclair

On Sunday, Oct. 21st, at the home of Mrs. Matilda Sinclair occurred the marriage of her daughter, Miss Stella Sinclair, to Henry Hemmers, both of Sandy. Mr. and Mrs. Hemmers took the afternoon train at Boring for Portland. Mr. Hemmers is employed at the Straus mill near Sandy. He has lived at Pleasant Home for several years.

The guests present were O. Hemmers, J. Carlson, W. Murphy, Thos. Harris, H. Woolen, Walter, John, Marilla, Dora and Mrs. Matilda Sinclair. H. L. St. Clair, of Gresham, officiated.

They will make their home at Sandy for the present.

Greenwell - Chitwood Wedding.

On the 17th day of October, at the residence of the bride's parents, near Damascus, Warren Greenwell and Dollie B. Chitwood, both of Clackamas county, were joined in holy wedlock by Rev. J. A. Royer, of Damascus. After the ceremony a bountiful repast was served. Many costly presents were received by the happy couple.

The guests present were Mr. and Mrs. Chitwood, Mary, John, Emma, Lionel and Hazel Chitwood, Mrs. John Greenwell, Anna, George, Elsa and Roy Greenwell, and Mr. and Mrs. Gantenbiene, of Portland.

MORRIS MILLSTEAD STILL MISSING

Mysteriously Dissappeared Oct. 11th and no Clue Yet Found.

The search for Morris Millstead, of Lusted, who mysteriously disappeared on Oct. 11th while fishing with Guy Robertson in the Sandy river, near Geo. Lusted, has been continued until this week with no success. Whether he fell in the river and was drowned or strayed away into the woods is not known. A thorough search of the river where he is supposed to have crossed or attempted to cross has been made and of the banks as far as Troutdale. Also parties have searched the woods in the vicinity but not the slightest clue has been found.

Mrs. Millstead entertained hope up to the present but is said now to have resigned herself to the loss of her husband. Mrs. Millstead was about 55 years of age. He was a man of medium height, of sound body, and mind. He had a home of his own and a farm of thirty acres.

His family consist of a wife and six children, the oldest about twelve and the youngest but a baby. He was fairly prosperous, of rather a cheerful disposition and had no trouble or burdensome debts so far as known. No explanation of his disappearance can be given except that he fell by accident into the river while attempting to cross.

Farmers Institute at Rockwood.

Wednesday was a favorable day for the Rockwood Grange Institute. The attendance was good and considerable interest was shown in the lectures.

Dr. Jas. Withycombe, Prof. Lewis, Prof. Kuisel and others were present from the Oregon Agricultural College at Corvallis and lectured on various topics relating to the Agricultural College work, agriculture and livestock in general.

The grange gave a short program in the evening in connection with the stereopticon views. The Rockwood Grange knows how to entertain royally, and those who attended were well fed. These institutes are proving very popular and helpful.

Successful Fruit Fair.

The Seventh Biennial Fruit Fair held at Hood River October the 11th, 12th and 13th of this year was the best thing of its kind ever held in that city, in Wasco County, or in the State of Oregon, and it would not be exaggerating if we should say the world. Also a splendid showing of other Valley fruits, including one exhibit of pawpaws, before which a number of Hoosiers occasionally stood wishing they could, but dare not, swipe, just one.

We cannot do justice in words in describing that exhibit. There were 800 boxes of perfect apples, perfectly packed, 1000 plates of apples and other fruits, tons of vegetables, grains and grasses, honey, bees, hives and other farm products too numerous to mention. White Salmon, Underwoods, Ninans City Mosier, and other non-irrigated districts contributed to the splendid showing made, all of which, as before intimated, not only does the exhibitors great credit, but the whole State of Oregon.
