in operation would save to the tax-payers many dollars annually. Among these was that of the county providing a home of its own for the girls over the age of 12 years, where they may be employed as they now are, in laundry work, thereby saving to the county the sum of \$7.00 per head per month, which is now being paid to the society in addition to the earnings of the girls, which, Mr. Carlson thinks, is altogether too much should, and could be saved.

THE SMOKE HOUSE BANK.

Robbed of \$2,700 Which the Old Lady Had Deposited in a Pitcher.

Mrs. E. S. Goss, an old lady residing near Clarksville, Ga., conceived the idea of keeping her money in a pitcher. To make her deposit more secure she hid the box in the smoke house. She made daily trips to the smoke house to see if the bank was still solvent these daily trips attracted attention of several evil disposed persons some of whom needed \$2,700 so it is not to be wondered at that one morning she found the pitcher quite empty. Two men have been arrested on suspicion but the money has not been recovered. If Mrs. Goss ever does get back any part of her little fortune she will put it in the bank and use her old pitcher for some other purpose.
