

THE HOLIDAY SEASON

It is a time for pleasure. The old folks and the children like to gather round the fire, eat nuts, fruit and candies and listen to good stories of Christmas. This is just the time when a good

PHONOGRAPH

is appreciated. With it you may listen to a Christmas Carol, a sacred song, or an instrumental selection, such as can only be reproduced on an Edison. Sizes to suit the purse. Records at lowest prices.

D. M. Roberts Accepts New Position

D. M. Roberts, president of the Gresham Real Estate Co. of this city, has accepted the local agency of the Cardinal Gold Mining Co. which owns one of the most promising properties in Oregon's new Eldorado.

This property is situated near the eastern boundary of the state and is directly in the great mineral zone which carries Goldfields, Tonopah, Coeur De Alene, and the famous Le Roi that has made a score of multi-millionaires. The "Cardinal" is exclusively a gold property and possesses merit in an unusual degree. A large amount of development work has been done and good strikes have already been made on this property, and all indications point to something phenomenally rich when depth is attained. The property is under capable and conservative management, and for the present special inducements are offered to purchasers of stock in this promising enterprise solely for the purpose of installing machinery.
