

## Necessaries for the Cook

If the old adage is true that the way to win a man's heart is through his stomach then we are the instruments for furnishing necessities for the discriminating cook.

As in the past, we shall endeavor to carry a full line of Red Cross and Monopole goods which are the best. Also a full line of the leading brands of Footwear, Overalls, Juniors, Shirts, Underwear and Notions. We also carry a fine line of hand-made Trunks and Suit Cases. If you are wanting Hardware, Tools, Stoves, or nearly anything used on the farm come and see us. We will treat you right.

Once there was an old maid who said she did not need to marry, she had a parrot that swore, a monkey that chewed tobacco and a cat that went out nights. The man who has an Edison Phonograph might say he never needs to go anywhere for amusement as he has an instrument that will play dance music, sing the popular songs, tell funny stories, render the old ballads, give selections from grand opera and play ragtime, all with equal facility.

If you doubt what we say call and be convinced. It is true we have them with a full line of records.
