GRESHAM LIBRARY WILL HOLD RECEPTION

Special Music, Noted Speakers and Refreshments Are Being Planned.

The directors of the Gresham Library Association held their first meeting in the new quarters last Tuesday night at which time it was decided to hold a public opening of the new library rooms. It was also decided to immediately investigate the offer of the old Methodist church building free of cost for library purposes, also the offer by Dr. J. M. Short of a lot on Main street for a library building.

Looking to this end the following committee was appointed: Dr. J. M. Short, B. W. Emery, R. R. Carlson, Mrs. J. W. Shattuck and Mrs. St. Clair, who were also instructed to consider the proposition to buy the building now occupied by the association.

At the suggestion of the association B. W. Emery and Rev. C. A. Nutley interviewed the Eilers Piano house of Portland who kindly donated the use of a piano for the reception to be given next Friday afternoon and evening.

At a special meeting held Thursday afternoon the program committee decided to have the public opening of the library Friday afternoon and evening, April 12th. It is expected that in the evening Judge Frazier, Hon. W. W. Cotton, Attorney W. L. Brewster, Miss Isom, Miss Fox, and other prominent speakers, will be present. The Gresham orchestra, Miss Lucy Metzger, Miss Clytie Stuart, Prof. C. C. Baker and other local celebrities will furnish the music. A large and modern phonograph will also be in evidence. Refreshments will be served during the evening and everything possible done to make this the most fashionable, entertaining and important gathering ever held in Gresham. There is room for all, and everyone, farmers and their wives especially, are urged to attend.

Celebrate 38th Anniversary

The cozy, home-like ten-acre tract belonging to F. Howitt of Portland was recently purchased by Mr. Cummings who will make it a permanent home. As neighbors, kind and social, their residence has left nothing to be desired and many good wishes are tendered. On Saturday the 38th milestone of their married life was celebrated very quietly owing to the very severe illness of Mrs. Cummings. In the rapid degeneration of our day, when marriage vows are so lightly spoken of and oftentimes ignored, it is refreshing to see two lives sailing out on matrimony's sea so smoothly, the unity and sweetness of the intimacy of wedlock brightened by the love and respect of their children, thus making their lives indeed one in heart and purpose. With more than passing sincerity we wish for them many happy years of joy and tender congratulations.

Gresham High School Notes.

The seniors are racking their brains and the bookshelves over the selection of a final theme the development of which is a requirement for graduation. Look out soon for wild gesticulations and frantic flights of oratory!

First speaker: How is it we have not been more affected by the omission of the opening music?

Second speaker: That's easy; its because a ninth-grade boy persists in singing his Latin conjugations.

If anyone is in doubt when the fishing season began, just let him ask the high school boys.

The high school pupils were greatly pleased on Tuesday to receive a visit from their former and much respected teacher, Mr. E. E. Daring.
