

WILL DEDICATE NEW METHODIST CHURCH

(Continued from page 1.)

The church will be dedicated as the Linnemann Memorial Methodist Episcopal church, in honor of Mrs. E. Linnemann and in memory of her husband (deceased), she being the largest contributor and the one who has made possible the building of so commodious and beautiful a church edifice, entirely free of debt at dedication.

A new church had long been needed, the old building having been erected about twenty years ago. Dr. Thompson came to this work a year and a half ago realizing the need and the difficulties yet determined with the help of the people to bring it about. Great have been his faith, zeal, courage and tact.

The building was begun last July with only a few hundred dollars in sight. The Board of Church Extension donated \$500. The remainder has been raised through the liberality of members and friends of the church in Gresham and

PLEASANT VIEW

Our neighborhood was the scene of an unusually sad occurrence last Saturday morning. Mrs. Elsie Hultt on awaking thought to give her baby a kiss and discovered that it was cold in death. The neighbors were summoned, also a doctor, but the little one was beyond all earthly help. The doctor said it might have died of spinal meningitis. Mr. and Mrs. Hultt have the sincere sympathy of all in this neighborhood. The loss of a bright little boy, who for so short a time gladdened their lives, is most severe. We cannot understand why the little flower was plucked so early, but we are certain "He knows."

The funeral was held at the schoolhouse on Sunday afternoon, and was conducted by Mr. Soule assisted by Geo. Enoch.

There was a large attendance at the Christian Endeavor society meeting on Sunday night and several new members were added.

Geo. Enoch will deliver a lecture in the schoolhouse on Tuesday night.

A BUSINESS PROPOSITION.

The Local Newspaper is Not an Object of Charity.

"The old idea of helping support the local newspaper," remarked the editor of a country paper, "has played out. Country newspaperdom has changed amazingly in recent years. There may have been a time when a few newspapers were objects of charity, when the fellows who tried to run them sought advertising on the ground of supporting the paper, but those days have passed.

"A newspaper is a business proposition. It has two commodities for sale, each of which is worth money, just as potatoes, legal services or dry goods are worth money. These commodities are subscriptions and advertising space. Now that nearly everybody takes the home paper it would seem that nobody should have to be 'shown' that advertising space in the home paper is worth money to the buyer—that is, if he knows how to use his space intelligently. And most advertisers in late years have learned how.

"The old argument was that the paper helps to build up the town and you should therefore support it. The new argument is that the paper will help to build up your business if you use its advertising columns."

Nathan the Knocker.

Nathan Jones the Knocker
Was the pest of Pleasant View—
Spent his time in knocking.
Having nothing else to do;
Knocked his next door neighbor,
And he knocked his neighbors' cats;
Knocked his neighbors' children,
Though he always called them "brats."
Knocked the dry goods merchant
And the grocer down the street;
Knocked the town in general
To every one he'd meet.

Nathan Jones the Knocker
Was a knockerololoo.
From Knockerburg, Knocks county,
Though he lived in Pleasant View.
So at last they wearied
These Pleasant Viewers all;
Sawed that out of Nathan
They would have to take a fall;
Sawed and swore they'd cure him,
And they 'lowed when they were
through
Jones would find they took of him
A most un-Pleasant View.

Nathan Jones the Knocker
Was invited to a ball—
Had to walk a mile or so
To reach the public hall.
All the masqueraders
Lay in wait along the street;
Carried each a shingle
And wore a winding sheet.
Stopping from the darkness,
Six or seven to the block,
Every specter handed Nate
A quite substantial knock.

Nathan Jones the Knocker
When he reached the public square
Found the ghosts assembled
To surround him then and there;
Heard them sing a chorus,
And it gave him quite a shock,
For its frequent chant
Was a knock, knock, knock!
Thus they knocked the knocker
Whom so long they had endured
Till they split their shingles,
And Nathan Jones was cured.

She Kept to Rotation at Least.

Mrs. Teresa Carreno, the pianist, enjoyed the bliss of matrimony three times, her third husband being Eugene d'Albert, the pianist and composer. At the seventh or eighth Philharmonic concert in Berlin she played a familiar work which called forth this comment from Otto Lessmann, the German music critic:

"She did not play it so well as she played for the first time the 'Second Concerto' of her third husband at the fourth Philharmonic."—Ladies' Home Journal.

Hell and Texas.

The remark of General Sheridan, who commanded in Texas just after the civil war, "If I owned hell and Texas, I'd sell out Texas and live in hell," is often quoted. The answer of a Texas editor is not so well known: "Well, damn a man who doesn't stand up for his own country anyhow!"

Relief from Rheumatic Pains

"I suffered with rheumatism for over two years," says Mr. Rolland Curry, a patrolman, of Key West, Fla. "Some-times it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that it drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by all dealers.
