**Grace Baptist Church Notes.**  
Seventy "folks" from the congrega-  
tion of this church, with the pastor and  
wife, attended the lecture given by Mr.  
Stewart at the White Temple Mon-  
day evening.  
The Young People's Society are ar-  
ranging for a moonlight basket social to  
Council Crest Tuesday evening, June 4.  
Walter Peterson, John Trout and M.  
N. Morse are delegates to the B. Y. P.  
U. convention at Spokane in July.  
The first quarterly meeting of the W.  
B. H. M. Union will meet Tuesday,  
June 4, at 10:45 a. m., at Grace church.  
The program will be given by the Im-  
madiel church. The ladies of Grace  
church will furnish lunch.

**SMALL WHITE BEANS.**  
A Sheep Pasture Generally Makes a  
Good Bean Field.  
In the culture of small white beans  
select a warm, dry soil of strong gran-  
ular nature, although they will do quite  
well on clayey soils if naturally dry or  
well drained. Beans will not do well  
on land inclined to be wet. The im-  
mediate application of barnyard manure  
is not as good as to apply the manure  
to clover or other sod and plant corn  
and follow the next year with beans.  
A field that has been in sheep pasture  
a few years generally does well for  
beans. In soils of a gravelly nature  
plow early in the spring and fallow as  
much as possible before planting. On  
clayey or heavy soils it is better to  
plow in the fall and work well in the  
spring. The spring following gets the  
ground in fine condition to receive the  
seed and also destroys innumerable  
weed seeds. Plant with an ordinary  
grain drill in rows twenty-eight inches  
apart from June 1 to 15. As soon as  
the plants are large enough to culti-  
vate, which ought to be in from ten to  
fourteen days, go through with a rid-  
ging cultivator, which is better than a  
walking cultivator, as the depth can be  
more easily regulated. The first culti-  
vation should be light, so as to get as  
close to the growing plants as possible  
without smothering them. If the field  
is not too stony go over two or three  
times with a weeder at intervals of  
three or four days. One or two more  
cultivations with cultivator and hand  
weeding if necessary is all the atten-  
tion that the crop will need until har-  
vest, says a writer in Rural New York  
er. It is best not to work in beans  
when the vines are wet or to cultivate  
after the plants begin to blossom.

**\*POPULAR FEED RACK.**  
It Prevents Waste of Corn Fodder.  
— Ensilage or Meal.  
The illustration of a fodder rack here-  
shown is one invented by the editor of  
the Agriculturalist and used by him for  
many years. The rack is such a good  
one that hundreds of farmers copied  
the idea, and they came into quite gen-  
eral use on cattle farms. There is ab-  
solutely no waste of feed in using this  
rack, and anything can be fed in it,  
from corn fodder to ensilage and meal.  
The rack has a tight bottom, into  
which all litter falls as cattle pull out

the hay or other fodder from between  
the slats. It is twelve feet long and  
five feet wide. Three or four such  
racks in a yard will hold a load of hay  
or corn fodder. It is the best rack in  
which to feed corn fodder we ever saw.  
Cattle will pull out every leaf and  
husk, leaving the bare stalks in the  
bottom, which may be removed as de-  
sired.  
The posts are 4 by 4, six feet long.  
On top of the posts a 2 by 4 is spiked,  
upon which the slats that hold the fod-  
der rest. These slats are four inches  
wide and placed far enough apart to  
admit the nose of a cow—about six  
inches. The bottom is made of common  
six inch boards. If meal is fed in the  
rack matched flooring is better for the  
bottom. A six inch board is nailed on  
around the outside of the bottom to  
hold the feed.

D. F. Talbot.  
FRESH JERSEY COWS for sale—  
Apply to J. N. Clananan, Division St.,  
Gresham. (23)

**FACTS IN FEW LINES**  
The fashionable age now for mar-  
riage is from twenty-seven to thirty-  
two for women, from thirty to forty-  
five for men.  
The reduction works at Canso, Nova  
Scotia, handled 1,300 tons of dogfish  
last year and produced therefrom 9,000  
gallons of fish oil, besides 200 tons of  
fish scrap, which makes a good fertil-  
izer.  
Mr. Beville Stanier of Peflow Hall,  
Essexshire, England, who bought the  
Hawkins collection of British birds re-  
cently, sold the Sheffield specimen of  
the great auk which it contained for  
\$2,600.  
The colonial secretary of the Bah-  
mas states in his report of the islands  
for 1905-06 that no complaint of  
error or delay has been received by  
the telegraph department for fourteen  
years.  
The cultivation of rubber is now be-  
ing taught in the schools of west Af-  
rica. Every village is obliged to plant  
a certain number of acres in rubber  
trees. In the Congo state 12,500,000  
rubber trees have been planted.  
A farmer at Winburg, Orange River  
Colony, alleges that in his district  
alone 24,000 sheep are stolen annually  
by the natives. On this basis he calcu-  
lates that 300,000 sheep are stolen  
throughout the colony every year.  
The first secretary of the Chinese leg-  
ation in St. Petersburg remarked the  
other day that the Chinese government  
has a stronger hold on its people than  
the Russian has on its own and that  
the Chinese people are less cultivated  
and more oppressed.  
The oldest Christian structure in Ire-  
land is a remarkable building, evident-  
ly very ancient, but wonderfully well  
preserved, at Dingle, in County Kerry.  
It is known as "the oratory of Gal-  
lerus" and has stood practically un-  
injured for more than 1,000 years.  
Do what you are paid for or your  
pay envelope will be going to another  
address before long.

**MONTAVILLA**

**LOCAL NEWS ITEMS**

Curfew is needed in Montavilla. This  
is evidenced by the number of small  
boys on the streets at night and recent  
powows indulged in by them. Not  
uncommon is it for them to throw stones  
and missiles at passing autos for "the  
lark." One such incident happened  
the other evening, and on a lady's com-  
plaint at receiving an injury, the  
policeman took the lad detected into  
custody. The boy gave his residence as  
Clarnie, but he was an employe on the  
Hartley farm. Some friends interven-  
ing, he was released. The Base Line  
road is very popular with the autos, and  
the presence of the boys has become a  
feature disagreeable on their part.  
A lady residing on Mt. Tabor Heights  
was insulted by a strange man the  
other evening while out on the street  
alone. A suspicious character answer-  
ing to a description of the man was  
taken for identification by the police-  
man, but was the wrong party. A  
mounted "cop" is on duty daily in the  
Villa, which is a growing suburb of the  
city and containing 3,000 people.  
E. Epton and Mr. Hayworth returned  
from attendance at the grand lodge of  
the Odd Fellows at La Grande, Friday.  
Mr. Hooker, also a delegate, returned  
Sunday. An excursion to Hot Lake was  
a feature of their entertainment.  
Mr. Marsh and Twig Berg gave a  
dance in Warren's hall last Wednesday,  
which was well attended. This week  
closes the series.  
Mr. and Mrs. Jake Mann arrived in  
the Villa Friday from St. Louis, where  
their wedding was consummated. They  
will make their home here.  
Mrs. Webber left for Germany last  
Saturday to be gone some time.  
Mrs. A. E. Herman transacted busi-  
ness in Portland Friday, having recover-  
ed from a recent sickness.  
Mrs. W. N. Lancaster is looking for  
guests from Kansas soon, who have  
been recreating in California. They are  
Mr. and Mrs. Winn, Mr. and Mrs. Car-  
tis and Mrs. Bradley.  
Mrs. Henrice entertained the Ladies  
Aid Society at her home last Friday  
afternoon when a most delightful time  
was enjoyed.  
Mr. Speller is having his new resi-  
dence on Hibbard street painted. Al-  
ready he has a hunger for it, which is a  
criticism of the demand for modern cot-  
tages in the Villa.  
The public school has been depleted  
to the number of about 60 by contagious  
diseases. Despite this, a good observ-  
ance of Memorial Day was given on the  
school grounds Wednesday afternoon.  
Members of the G. A. R. addressed the  
children, who gave a program of excel-  
lent music, declamations and readings.  
The residence of Mrs. Hartley near  
Tabor Butte was the scene of unstinted  
hospitality on Thursday, May 23d. The  
occasion was a four o'clock luncheon  
and the collation was a dainty one, con-  
sisting of strawberries and cream,—noted  
products of the hostess' ranch. The  
guests were, Mesdames King, Ryder,  
Small, Lundy, Downing, Bryson, Par-  
mester, Smith, Oberg, J. C. Miller and  
Miss Riley. The rose decoration was  
lavish and beautiful.

The Spectator has promised to  
fix the wings of flight on the pound-  
master at this instance and instill a  
Wandering Jew spirit as a dire ven-  
geance.  
Miss Grace LaFollette, who has been  
very ill with tonsillitis, is recovering.  
Mrs. I. C. Trudgion visited in Port-  
land last Sunday.  
O. E. Carter was seriously sick with  
tonsillitis on Saturday and Sunday last  
but is now convalescing.  
Mrs. Merz and daughter Lena ar-  
rived home from a visit to Long Beach,  
Cal. They report a royal good time.  
Mr. and Mrs. Aaron Tyack, who have  
been guests of Mr. and Mrs. T. Down-  
ing and I. C. Trudgion, left Sunday for  
their home in Butte City, Mont.  
R. L. Devany of Jefferson has been a  
guest of Mr. and Mrs. Sullivan, having  
in view some investments here.  
Miss Butler and Miss Matlock, of the  
public schools, were absent in Hood Riv-  
er on Wednesday superintending team-  
work for the grape.  
A committee composed of Mrs. H.  
Vilas, Mrs. A. Hill and Mrs. E. Epton  
will meet in conference with repre-  
sentatives of the Woodmen of Woodcraft  
next Sunday at 2 p. m. to arrange for  
observance of a Memorial day, Sunday,  
June 9th, at the city headquarters.  
A Communion service was observed  
last Sunday evening in the Presbyterian  
chapel, Rev. S. S. White, pastor. A  
series of evangelistic services began on  
Monday night and much interest is be-  
ing shown. Reverends C. Hayes, E. M.  
Sharp, Geo. Blair and others have par-  
ticipated. Mr. White expects to con-  
duct meetings soon at Eagle Creek and  
will be assisted by Rev. G. W. Arm of  
Anabel and Paul R. Hoppy. This chap-  
el is considering the purchase of a bell  
at an early date.  
Memorial Day was observed with  
communion at the Methodist church  
Sunday and was well attended. Judge  
Frazier gave the address, "Training the  
Children." A feature was the attend-  
ance of the children in good numbers.  
Representatives from the Portland  
General Electric company were in Mon-  
tavilla the first of the week following  
in the wake of the Gas company and seek-  
ing to gain subscribers for lights. The  
prospect for the Gas company seems  
good. To put the plant in is estimated  
to cost \$60,000.  
Mr. Mourler, a former resident of the  
Villa, died at his home near Gates  
Crossing Wednesday, May 23, and was  
buried the following Friday. Rev. H.  
Oberg had charge of the services. Mr.  
Mourler's death was due to tuberculosis.  
Mrs. M. E. Hook received the sad  
intelligence of the death of her brother,  
Freeman Jewell at Blair, Neb., Monday,  
22 years of age and a promising college  
student.  
Work on the breaking of ground for the  
annex to the schoolhouse has progressed  
fast and Wednesday the masons began  
work on the foundation.  
Property owners are considering the  
matter of placing concrete walks on  
Hibbard street, which can be done at  
\$1 per foot, by using gravel from the pit  
on Villa avenue. Board walks cost 60  
cents, a slight difference in comparison  
to the durability of the former.

**Russellville Doings**  
The graduating exercises of Russellville  
school was a center of public interest  
Monday evening last, when, under the  
professorship of O. R. Dinwiddie, four  
pupils matriculated. They were Herb-  
ert Anderson, Gertrude Rugg, Clarence  
Nickelson and Dorothy Barth. The  
program contained numbers of worth  
contributed by local and city talent. A  
violin solo by Mr. Simonson was much  
enjoyed and the floral tributes were  
many and choice. Quite a number of  
Villaites were in attendance. Wednes-  
day afternoon members of the G. A. R.  
addressed the children, who, in turn,  
gave them a program of excellent music,  
declamations and readings.  
Where young cattle, cows or steers  
run loose there is no better way of  
feeding them. We have fed a good  
many steers in this rack. They were  
delighted and ran loose in a shed.  
The rack was kept full of clover hay  
and ensilage, and meal was fed twice daily  
in the tight bottom.

**Money For Pasture Brush.**  
The witch hazel industry in western  
Massachusetts is of considerable im-  
portance, although not so extensive as  
in neighboring sections of Connecticut.  
The brush land in Berkshire county  
yields quite a crop of the hazel bush,  
for which the farmers are paid \$2 to \$3  
per ton. The factory near Chester turn-  
ed out 990 barrels of extract last year.  
This year the factories are also using  
a lot of black birch brush, infusing a  
substitute for oil of wintergreen, and  
farmers are paid for the birch brush  
\$3.50 per ton, one factory using already  
over 1,500 tons. The resulting oil sells  
at \$2 a pound and is used for flavoring  
and in medicines. Still another prepa-  
ration is made from sweet fern, which  
is very abundant in western Massachu-  
setts as well as through other parts  
of New England. The sweet fern oil is  
used for the same purpose as the witch  
hazel.—American Cultivator.  
According to seismograph records,  
the Mexican earthquake was twice as  
severe as the San Francisco earth-  
quake. But Mexican towns are better  
prepared to withstand shaking.  
It is a pleasure to read the sporting  
columns these days and find that base-  
ball is still playing in the same old lan-  
guage.

**Speeding Murder Trials.**  
Recently the Solicitors Journal of  
London referred to the long spun out  
Thaw trial as "a terrible blot upon the  
legal procedure of the United States."  
As compared with the London case of  
one Rayner, who was convicted on  
March 22 for a murder done Jan. 24,  
the contrast is striking. But brevity  
for the sake of brevity will not go in  
America where human life and liberty  
are at stake. We regard the life and  
the liberty of the citizen as sacred.  
The law is made for man, not man for  
the law.  
Long trials in murder cases where  
the question of guilt is involved in ob-  
scurities are expected. People will in-  
sist that the accused be given every  
chance, preferring that a guilty man  
shall escape or even ten innocent men  
rather than that one innocent man be  
condemned. So long as capital punish-  
ment is the rule and the fight is over  
a life public sentiment will be found  
to justify every reasonable expenditure  
on the part of the defense. The pro-  
secution has advantages not possible for  
the prisoner. He is entitled to the ben-  
efit of a doubt and to wide latitude in  
establishing a doubt.

Our consular representatives in for-  
eign fields have been so vigilant in  
sending valuable news of trade open-  
ings that these items, when printed in  
the Daily Consular and Trade Reports,  
issued by the government at Wash-  
ington, were cable to Europe by foreign  
envoys in our national capital. To cir-  
culate this and give the first service  
to American exporters, the daily pub-  
lication issued by the bureau of man-  
ufactures of the department of com-  
merce and labor has introduced a new  
feature. It has begun to publish refer-  
ences to these commercial opportuni-  
ties abroad without giving exact in-  
formation about the locality. These  
trade notes are numbered, and Ameri-  
can manufacturers may address the de-  
partment in regard to them.  
A correspondent of the London Times  
estimates that no less than 40,000,000  
acres of land in the Canadian north-  
west have been obtained in various  
ways by rich capitalists and richer cor-  
porations for the purpose of specula-  
tion. The land grabber has shown  
that he can work north of the forty-  
ninth parallel about as well as south  
of that line.

The trouble with the Pathfinder's  
son, Major Fremont, U. S. A., appears  
to be that he has allowed his living ex-  
penses to exceed his income and that  
his I. O. U.'s had the habit of always  
turning up.  
After every arrangement shall have  
been made nearly two years in ad-  
vance for filling the presidential office  
something may happen only a few  
months in advance to upset the entire  
scheme.  
Roosevelt is in favor of Jiu Jitsu.  
Not content with knocking the other  
fellow off his feet, he wants to throw  
him on his head.  
Mention The Herald to your merchant.

CORBETT, OREGON

**A prominent business man in Portland bought**  
**FOUR**  
**OF THE FINEST LOTS IN THOMPSON'S ADDITION**  
**TO GRESHAM TODAY**

Call at our office and we will tell you his name. After closing the deal  
he made the following remarks: "I think it good business sense to  
invest in Gresham property when you can get it from FIRST HANDS,  
because the people out there do not seem to appreciate their beautiful  
surroundings, but the day is close at hand when they will wake up to  
lost opportunity, just as the people of St. Johns did. More, Thompson's  
Addition has FINE DRAINAGE, which makes that property very  
valuable to hold. Again, the Mt. Hood Electric Railway is sure to go  
through Gresham or very near there and for these reasons alone. Prop-  
erty there is sure to advance quite rapidly."  
There were other good reasons for his investment he spoke of, but  
at the present we think the above is quite sufficient.  
We have always told you something was to happen in Gresham and  
today we repeat it and again give you the tip to buy and buy now and in  
Thompson's addition. For the next twenty-five lots sold the terms will  
be \$25.00 to \$50.00 down (according to the price of the lot) and bal-  
ance VERY EASY MONTHLY PAYMENTS.  
We want to tell you again that the lots in Thompson's Addition at  
present prices are a very valuable investment, and if you purchase now  
you will have reason to feel very kindly toward us for the advice given.
