LOCAL NEWS ITEMS

J. E. Redmond will return to Seaside on the 5th, where will spend the summer with his family.

Mr. Deardoff and family expect to leave for eastern Oregon in the near future where they will make their home.

Walter Olsen and wife left Thursday evening for Spokane, where they will live in the future.

Mrs. S. C. Long of Portland spent a few days with her daughter, Mrs. L. J. Tolls.

Improvements are being made on the shoe store this week in the finishing of the second floor, which is being divided into several rooms, which will be used for housekeeping purposes.

Mrs. Tucker, who lives on Eby street, met with a painful accident last Monday while picking cherries. When about ten feet from the ground, a limb upon which she was standing broke, causing her to fall. She suffered two fractures of one limb, some severe bruises to the other and is doubtless injured more or less internally. The sympathy of the entire community is with Mrs. Tucker.

Mrs. Jean Jewell and daughter, Miss Sarah, of Blair, Nebraska, will spend the summer with Mrs. Jewell's daughter, Mrs. J. W. Hook.

Rev. Gilman Parker, accompanied by delegates W. N. Morse, John Trout and Joseph Ward are in attendance at the International B. Y. P. U. convention in session at Spokane, Wash., this week. In the absence of the pastor, Rev. T. J. Elkins of Sellwood will occupy the pulpit both morning and evening of next Sunday.

The girl's choir of the Baptist church were treated to ice cream and cake by the pastor.

H. R. Jewell, who accepted a position with J. M. Billings & Co. of Portland, reports that firm doing a flourishing business, and himself satisfied to remain in Oregon.

Mrs. J. E. McCaslin and granddaughter, Miss Dorothy, are boon companions these days, evidently much to the enjoyment of the latter.

Prof. N. W. Bowen, wife and daughter leave today for a few months' visit with the professor's old friends and relatives at his former home in Ohio.

Rev. S. S. White, pastor of the Villa Presbyterian church, has purchased a home on Misner street, and is now busy making repairs to the property.

D. W. McMillan and his partner, G. P. Sloan, have been very busy this week erecting their stands and preparing for the big Fourth trade they will enjoy at Gresham. They have ordered a large stock of soft drinks, ice cream, fruits, sam sandwiches and other eatables and will be prepared to care for a large business.

Spend the Fourth at Gresham. A big time is assured and everyone is welcome.

The Methodist church local talent presented to an appreciative audience at Woodard hall last Friday evening a splendid farce of two acts entitled "The Deistric School". One-hundred local hits brought down the house, and the play was voted a success from start to

finish. After the farce, ice cream and cake were served. A large amount of money was realized and same turned over by the Christian Endeavor society to the church building fund, which wipes out the last of the debt on the annex.

Giles Bros. found that the electric current for power is at the present time anything but satisfactory, so have installed a large gasoline engine, to operate their cold storage plant, which gives to them one of the best equipped shops in the entire county.

J. E. Redmond & Co. recently sold a two-acre tract of land on Villa avenue to L. J. Vibbert of Portland. Mr. Vibbert will immediately improve the property.

The Presbyterian Sunday school held a picnic Friday, July 5, at Council Crest. A special car called for the school at 10 a. m. and was boarded by about 65, young and old, who certainly didn't fail to do justice to the day.

THE CELERY INDUSTRY.

New Fields For the Production of this Crop Developing.

Celery growing on a commercial scale in this country received special attention and made its greatest progress after the opening and draining of the "muck bed" areas of the great lake region. In Michigan, Ohio and New York several thousand acres of celery are grown annually. In California and Florida celery growing is now an important industry. New fields for the production of this crop are developing from time to time, and celery is now found in the market throughout almost the entire year.

Celery growing in Florida and California constitutes a different business proposition from its culture in the northern and eastern states. Maturing as it does in those warmer climates between the middle of December and April, the crop does not come into competition with that of the northern and eastern territory to any extent, but serves to lengthen the season of celery consumption.

It has not been found profitable in most localities to store celery for any great length of time, it being more satisfactory to load it into the car direct from the field and place it upon the market as rapidly as it becomes blanched. The northern and eastern states can supply all that is wanted in a commercial way from early June until about the 1st of January; the Florida and California product comes upon the market about the last week in December and continues until March or April, after which time there is not so great a demand for celery until the northern crop again comes upon the market.—W. R. Beattie.

Once when Marshal Ney was going into battle, looking down at his knees, which were smiting together, he said: "You may well shake. You would shake worse yet if you knew where I am going to take you."

Restoration to Entry of Lands in National Forest.

Notice is hereby given that the lands described below, embracing 40 acres, within the Cascade National Forest, Oregon, will be subject to settlement and entry under the provisions of the homestead laws of the United States and the act of June 11, 1906, (34 Stat., 233), at the United States land office at Portland, Oregon, on September 2, 1907. Any settler who was actually and in good faith claiming any of said lands for agricultural purposes prior to January 1, 1906, and has not abandoned same, has a preference right to make a homestead entry for the lands actually occupied. Said lands were listed upon the applications of the persons mentioned below, who have a preference right subject to the prior right of any such settler, provided such settler or applicant is qualified to make homestead entry and the preference right is exercised prior to September 2, 1907, on which date the lands will be subject to settlement and entry by any qualified person. The lands are as follows: SE 1/4 of NW 1/4, Sec. 13, T. 2 N., R. 7 E., W. M., listed upon the application of Rudolph Schmidt of Cascade Locks, Oregon. [Signed] R. A. BALLINGER, Commissioner of the General Land Office. Approved June 7, 1907. [Signed] JAMES RUDOLPH GARFIELD, Secretary of the Interior.

THOMPSON'S ADDITION TO GRESHAM TO THE FRONT!

1st On this Addition Unmistakable signs of Oil have been discovered and a company is forming to fully test the matter by putting down a well and this company will be financially able to bore to any depth.

2d An Excellent Spring of Water on these grounds is not only excellent mineral water but is found to be specially good for RHEUMATISM; Hence

3d Bottling Works of huge proportions, a Bath House and immense Sanatorium is being planned and said plans are being figured upon.

NOW we have something to tell you that is of interest to every reader who owns a few dollars, and that man who thinks this is a fake advertisement is the man who is going to get left in this matter. Just before the discoveries spoken of were made we had contracted with the owners of this property to sell the lots in this Thompson's addition for SO MUCH PER LOT—NO MORE, and NO LESS. If this contract did not exist THIS PROPERTY WOULD BE TAKEN OFF THE MARKET IN THE NEXT FIFTEEN MINUTES. Why? Because the speculative value of the land is up 1000 PER CENT. But our CONTRACT DOES EXIST and as under it we cannot make one more dollar, no matter how much oil or health giving water may be found. Therefore, for reasons known to ourselves we intend to give to purchasers this great speculative chance.

Just suppose for a moment oil should be found in paying quantities—and we doubt not that it will be—you could not buy for a thousand dollars what it happens under our contract we may give you for a hundred. Now it has been known that this country about Gresham is in the oil belt, and it is believed by people who have seen these oil signs—and these people say they are experts along this line—that oil can be found on this addition at no great depth, but no matter whether found on this land, but anywhere near Gresham, the lots in this addition would enhance in value enormously. THE CHANCE OF GREAT PROFITS EXISTS, BECAUSE WE HAVE THIS PROPERTY TIED UP, and are able to sell it to you at a price that is perfectly just as based upon the actual value of the land, cutting out the speculative value. So, if oil is not found, your own REAL WORTH is there anyway. But because of these discoveries we predict that the purchasers of these lots will reap the greatest crop of profits ever cut in this country, and all because we happened to tie up this property at stipulated prices for lots before these new features came up. Now you may hear that none of this is true, and if you do hear it, it will be STRONG PROOF to you that what WE TELL YOU IS TRUE. You see the point: Our contract runs out some time.

Our contract calls for the sale of these lots at certain prices according to location. In order to run no risk of breaking this contract, we certainly will adhere strictly to the letter of the contract, the terms of which are:

1st—Two and one-half per cent discount when cash is paid in full.
2nd—When sold on contract, 40 per cent cash as first payment; balance on easy payments as per contract.
3d—On payments in full a good and sufficient deed is given.

We could interest men of wealth in this proposition and sell them this whole tract, but that would not make one more dollar by so doing. So, for certain satisfactory reasons we propose to give this chance to reap big profits to the people. We earnestly advise EARLY SELECTIONS, and don't be afraid to buy any lot in this addition. Whether laying up high or in the more broken places, all of them will be GOOD. See us early.
