It is believed from the reports received thus far that the early crop movement this year will be heavy and therefore an unusually large number of cars will have to be ashad been freely predicted since Sat-urday, when Judge Fremont Wood read his charge. of the situation. On a new line of that company in the west there will be needed 100 boxcars alone to transport a potato crop which will be

shipped from three new towns.
Officials of the Northwestern Insist that their road will be in better shape to handle this year's crop than it was last year's. A great amount of new equipment has been added and business in other directions promises to be less imperative than last year. The company is also making an effort to have a larger percentage of its own cars upon its rails this year. With this purpose in view, fewer Northwestern cars will

be loaded to go of their own rails.
Burlington officials stated that they have just now a surplus of boxcars and are accordingly assembling many cars to take care of their share of the Nebraska crop. They expect the wheat to begin to move between July 25 and August 1, and declare that before the first date arrives they will be in good shape to handle all that will be offered.
