PLEASANT VIEW

The many friends of Mrs. Jean Larsen were very sorry to hear of her death, and the bereaved family have the sympathy of the entire neighborhood.

The house in which the family of S. Swigart lived was completely destroyed by fire last week. Very little of the household goods was saved. The father was away and the mother was washing at the spring quite a distance from the house when the children raised the alarm. Wm. WELCH'S

Everyone seems to be enjoying a good time here in the hills regardless of the fact that it has been quite warm for several days. More attention is being paid to bathing now than anything else, and a wandering fisherman is liable to stumble on to bathers along almost any stream.

Ed. Sleret and Dr. Short were here on a hunting trip, but caught nothing, unless it be a mountain appetite. Some wag has suggested that the reason they got no venison was that the deer smelt the gasoline on their clothes and so departed to regions unknown.

Four of a party of mountain climbers at Mt. Hood were lost the other day. They were Mr. and Mrs. Robinson, Miss Shields and Miss Cavanaugh. Mr. and Mrs. Robinson were lost only for an hour or so, but the young ladies were out all night and till the next noon before they were found. They are all right, however, and none the worse for the experience they had.

While returning with a wagon load of climbers the other day Mr. Wrenn's team became entangled with a log that had fallen into the road. He called for

everyone to keep their seats, but one young lady jumped out and was severely injured about the lower limbs. The injury was only temporary, however, and she has gone home nearly well.

The champion trout catch of the season was made by Roy Bodley and his friend from Lents the other day. They brought back 225 from the region of the south fork of Salmon river, and they were all fine, large fish. When one's basket is chock-a-block full and contains only thirty-five fish they must be big ones even if the basket is very small. Such was the case with Roy Bodley's basket while fishing.

Four automobiles were here at the hotel Sunday, having made the run from Portland.

There have been several deals in real estate in this locality, the most important being the sale of H. Herman's farm near the toll gate at \$15 per acre.

Wm. Wood and family and Miss Royer are spending a few weeks here.

Why They Wish to Prolong Life.

It is curious to note the inadequacy of the objects for which men would seem to wish to prolong their days.

Collingwood, as his epitaph informs us, "a pious, just and exemplary man," would have liked to have had another blow at the French. Lord Peterborough, Pope's contemporary, desired to live in order "to give that rascal (Blasphemy) the lie in half his history."

An aspiration of which he proved the sincerity by carrying with him the volumes, carefully marked, when, already believed to be dying, he went to Lisbon. And Bentley, making up his mind to reach the age of eighty and no further, observed that "it was an age long enough to read everything worth reading."—London Standard.

Too Bad.

There is a sweet girl in Washington with a most saintly patience, but even she could not resist the temptation recently to let fly a little arrow. He was about nineteen, but weary, oh, very weary! He had made a call of perhaps two hours, and she also was beginning to feel some slight fatigue.

"I never get over a thing, you know," he said sadly. "I really never expect to care for a woman again. I made a fool of myself over one once."

"And you never get over anything? Too bad!" she said sympathetically. And he smoked a whole box of cigarettes thinking it over afterward.

Chamberlain's Colic, Cholera and Diarrhoea Remedy, Better Than Three Doctors

"Three years ago we had three doctors with our little boy and everything they could do seemed in vain. At last, when all hope seemed to be gone, we began using Chamberlain's Colic, Cholera and Diarrhoea Remedy, and in a few hours he began to improve. Today he is as healthy a child as parents could wish for."—Mrs. B. J. Johnson, Linton, Miss. For sale by all druggists.

HAD AN AWFUL TIME

But Chamberlain's Colic, Cholera and Diarrhoea Remedy Cured Him

"It is with pleasure that I give you this unsolicited testimonial. About a year ago when I had a severe case of measles I got caught into a hard rain and the measles settled in my stomach and bowels. I had an awful time and

had it not been for the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy I could not possibly have lived but a few hours longer, but thanks to this remedy I am now strong and well.

I have written the above through simple gratitude, and I shall always speak a good word for this remedy."—Sam H. Gwin, Concord, Ga. For sale by all druggists.
