WAYS TO LOSE MONEY
We spent considerable time and exercised a great deal of patience last week in explaining to a young man who was leaving Gresham, why he should leave his money in the Bank and carry only checks, pointing out to him the danger of carrying money. He assured us that he would have no trouble in taking care of it and would feel perfectly safe with it if he could only have it. We finally persuaded him to leave most of it. A few days later we received a telegram from him in an eastern city stating that he had, by some means lost \$100. We may have or may have not saved him a few hundred dollars but know that we gave him good advice when we asked him to leave his money in the Bank and Pay By Check. The U. S. Government makes thousands of dollars each year through paper money being destroyed by fire. Experience Teaches the Business Man that 97 per cent of Business Can And Ought To Be Transacted By Check.

MUNICIPAL ELECTION SOON AT TROUTDALE
Busy Town By River Is Fast Assuming City Airs—First Election December 3.

Few there are of the thousands of people yearly passing through Troutdale, over the transcontinental railroad, that realize the enormous amount of business annually transacted at this point. For many years Troutdale has borne the distinction of being one of the largest tie and wood markets in the world. It also has the largest meat packing industry on the coast, and has for years maintained one of the largest payrolls of any town of its size in the country.

Notwithstanding the prosperity always attendant upon this town it has until recently cared little for municipal progress. Since the recent fire however the tide has turned and now Troutdale, since its incorporation, is doing things and doing them right. The town is being rebuilt along better lines. Morality is on a higher plane, it is looked upon as a good place within which reside as well as to do business in.

A mass meeting was held last Tuesday night at which all of the old town officers were renominated except councilman John Holm who declined. In addition to these the following nominations were made: for Recorder, J. H. Hoyt; Town Marshal, Eustis Bowen and W. L. Van Houten; for councilmen, C. P. Brooks, F. P. Portello, P. D. Gregg and C. B. Larson.

It is a foregone conclusion that there will be strenuous times on the day of the election, Tuesday, December 3. The election, however, will be conducted with kindly feeling and will, we are sure result in the most capable men being elected to office. The citizens of Troutdale are to be congratulated on the interest shown in municipal affairs.

Passing Away of An Old Pioneer
The passing away of Mrs. D. F. Buxton last Monday night, left one less of the pioneers, who braved the dangers and discomforts of the trip across the plains with ox teams and carved a home for themselves out of the wilderness.

Mrs. Buxton, whose maiden name was Fanny Talbot, came to Oregon with her mother, three sisters and two brothers in 1852. On October 20, 1853 she married D. F. Buxton. The same year they took a donation land claim at Troutdale and have resided on the place ever since except for a short time spent in Portland.

Mrs. Buxton was born in Millersburg, Nicholas county, Kentucky, January 5, 1823. She is survived by her husband, one brother, three daughters and one son. The brother, D. Talbot, lives near Stillwater, Ore. The daughters are: Miss Mary E. Buxton, a teacher in a Portland school; Mrs. Louise V. Bristol of Portland and Miss Nancy P. Buxton, who is at the old home. The son, Isaac N. Buxton, resides at Castle Rock.

Funeral services were held at the family residence on Thursday morning, interment at Lone Fir cemetery, Portland. A funeral car conveyed the remains and friends to the cemetery where the body was laid to rest beside that of the mother.

GRESHAM BANK WILL INCREASE ITS CAPITAL
L. B. Steiniger, from Omaha, Will Become Active Partner in Bank Jan. 1st.

The First State Bank has made application to the State for authority to increase capital stock to \$20,000 beginning with the New Year. Several months ago it was decided that business was increasing so fast that it would be impossible for one man to do justice to the work in the bank and cashier A. Meyers made amicable arrangements with all of the stockholders for the purchase of all the stock excepting that held by Hon. W. W. Cotton, with a view to securing an active partner in the bank. Mr. Meyers has been in correspondence with L. B. Steiniger, of Omaha, Neb., since early in July and hoped to have help long ago but numerous delays have occurred which were beyond his control. However M. Steiniger arrived this week and has become financially interested in the bank and will take a good block of the new stock to be issued in January.

Under the new arrangement A. Meyers becomes president, Theo. Brugger, vice president and L. B. Steiniger, cashier. Both Mr. Meyers and Mr. Steiniger will give their whole attention to the bank work and hope to be able to handle the work in a much more satisfactory way, to the customers, than it has been in the past. The bank will be closed for luncheon but will be open continuously from 9 a. m. to 4 p. m. which will be an accommodation to many of the country people who are in town for a short time only. Transfers of property can be made without the delay that has been necessary in the past.

Mr. Steiniger is an Iowan and enjoyed a farm life in western Iowa during the early part of his life and still holds real estate in the western part of that state. For the past six years he has been connected with Swift & Co. at Omaha, Neb. from which place he comes well recommended.

Rousing Debate at Sandy
The Cascade Literary and Debating society of Sandy, of which James Bell is the president, held its third meeting of the season in Junker's hall last Saturday night. The question, "Resolved that Foreign Immigration Should Be Prohibited," was debated by President James Bell and Messrs Chalker, Murray and Brownhill for the affirmative. The speakers for the affirmative will be Newton Helin, Frank McGugin, E. F. Bruns, Mr. Lorman, Miss Helin and Louis Haugblum. The speakers for the negative will be M. V. Thomas, A. C. Thomas, H. L. IMPROVEMENTS IN EVIDENCE AT SANDY
New Residences and Business Buildings Everywhere—Better Roads Also.

To one who has not seen Sandy for a couple of months, she contains many surprises, especially in the line of improvements. New buildings are going up on every hand, conspicuous among the number being the splendid addition to Hotel Sandy, including a large and well lighted and decorated dining room and numerous bed rooms. Mine Host Junker and his good wife have now one of the best hotels to be found outside of the larger cities, and no better meals or beds are furnished in or out of cities for the same money.

Dr. McElroy has established a splendidly equipped drug store; J. B. Tawney a well-equipped blacksmith shop and carriage factory; Morgan & Donahue a splendid stage and express business and the Sandy Furniture company a fine furniture and undertaking business. A new harness shop is being built by Ed Bruns and a shoe repairing shop is doing a thriving business, so is the feel stable of Casper Junker.

Meinig Bros. have repainted their store and made numerous up-to-date improvements. Weaver and Meinig Bros. have a fine steam chow mill running. Bornstedt & Lindsey have recently furnished one of the best and most modern general merchandise stores in the country. Their nicely arranged 26-inch dry goods shelves and grocery bins, filled with goods of all kinds, and their shoe, clothing, crockery, hardware and miscellaneous departments being an innovation that is causing favorable comment.

A large fruit dryer of Meinig Bros. is also much in evidence, and last but not least, the public school, presided over by Miss Elizabeth Canning, and the private school taught by Rev. Mr. Dobberfuhl, who also has a large class in German. Two churches, the Catholic and the Lutheran, take care of the spiritual side of things.
